RESOLUTION - RESIGNATION - MRS. WALKER. Resolutions regarding the resignation of Mrs. Walker were then passed.

RESOLVED. Resolved that Mrs. James at once notify Mrs. Walker of the acceptance of her resignation to take effect February 1st, also that she express our deep regret at the circumstances which compel us to part with her.

RESOLUTION. Resolved that we express our heartfelt appreciation of the valuable services she has rendered to the work of the Woman's Executive Committee during the term of years in which she has been connected with it, and hope that some time in the future Providence may open up a way whereby the Committee may again have the advantage of her valuable services. A motion was also passed that Mrs. Walker have a quarter's salary advanced as a parting gift from the Committee.

SENIOR SECRETARY. MRS. PINKS. Motion was carried that hereafter Mrs. Pinks be considered senior secretary

and as such have supervision of workers and work of the office.

MINUTES TO BE EXAMINED FOR ITEMS NEEDING ATTENTION. Mrs. James expressed the wish that the minutes should be examined after each meeting and all things requiring further attention should be noted and copied in the proper places or receive final attention. Who shall do the work?

BLANKS. CORRECTIONS. The blanks to be sent out to Synodical Committees as well as to Presbyterial Societies had received some corrections and having been examined by the correct Committee were approved and ordered so altered.

FINANCE COMMITTEE. CHARGE OF SPECIALS. Mrs. James stated that the Finance Committee should have entire charge of specials.

MALAD, IDAHO. MISS MORSE. SALARY ADVANCED. It was agreed to advance Miss Morse of Malad now in the city $50.00. The action was approved by the Finance Committee.

ILLINOIS. INCREASED INTEREST. A letter was read from the Synod of Illinois which showed a very thorough canvas of the State in the interest of Home Missions, especially the Sunday schools. The letter was sent throughout the State together with a few leaflets bearing on the subject.

CHILDREN. TO CREATE FURTHER INTEREST. Mrs. Finks then read a supplementary letter which she had prepared, giving the details necessary to be presented to gather in the children of the church as fellow workers. SPRINGVILLE, UTAH. COOK. Mr. J. Livingston Smith has engaged a cook for his school who is a good respectable woman but not a member of the church. They simply have their meals cooked and served by her, and it seemed to Mr. Smith better to retain her than to commission a regular matron whose salary would be much larger. It is her fifth year in Utah and while not broken down is very wearied and thinks she would be wise to take a rest. She proposes two plans for so doing . The first of which was accepted by the Committee, that she should leave early

in the Spring, returning in the Fall, and her sister could in the meantime find an assistant sufficient in the extremity.

TUCSON, ARIZONA. DRAWERS FOR BOYS. A letter has come from Miss Gibson of Tucson, saying she would not send measures for drawers for the boys for she thought they could do without them.

MISS WHITAKER. REST OF A YEAR. Miss Whitaker asked some time ago for change of place and it was thought she might exchange places with Miss Wood at Albuquerque. Now she writes that having resolved to leave the work for a year or two she thinks she had better remain at her post till her year ends, as it might seem changeable if she went to Albuquerque to leave again so soon.

ALBUQUERQUE. MISS WOOD DESIRES CHANGE OF FIELD. Miss Wood also thinks a colder climate would be better for her and expresses a preference for Sisseton to take Miss White's place. Sisseton is provided for however by a change of workers, and the engaging of a man and wife which has moved Miss Rockwell into the school room. It was moved and seconded that both Miss Whitaker and Miss Wood be requested to retain their positions till the close of the year, provided they can do so without detriment to their health.

SISSETON, SOUTH DAKOTA. The new school building at Sisseton for which $3000. has been given by Mr. Reid and which will bear his name is thought to need an upper story for dormitories for the larger boys, and this will cost $2000. or more. Mr. Boys came in to present the plans drawn up by Mr. Morris for such a building, showing the two floors. A discussion was then held as to the best method of combining Mr. Reid's gift with a memorial to Miss White in the dormitories. A resolution was offered by Mrs. Putnam that Mr. Reid of Chicago be written to, saying that since the recent visit of Mr. and Mrs. Boyd to Sisseton it is thought best to add a second story to the school room building, to be used for dormitories for older boys. Mr. Reid to be asked if he has any objection to the Woman's Executive Committee adding probably $2000. to his fund provided they can secure it.

ALASKA. BILLS. MR. MCLEOD. Mr. Boyd laid before the Committee bills and statements of Mr. McLeod and said that he does not seem to understand that his resignation was accepted some time ago. He sends value of lumber delivered, chiefly to Mr. Gould, at $1,779.38, and $654.23 pay rolls which have been paid by Dr. Jackson, Mr. Gould and Mr. Eaton. His salary has been paid up but these latter gentlemen should be refunded as

Now she writes that having resolved to leave the work for a year or two she thinks she had better remain at her post till her year ends, as it might seem chargeable if she went to Albuquerque to leave again so soon.

ALBUQUERQUE. MISS WOOD DESIRES CHANGE OF FIELD. Miss Wood also thinks a colder climate would be better for her and expresses a preference for Stanton to take Miss White's place. Stanton is provided for however by a change of workers, and the engaging of a man and wife which has moved Miss Rockwell into the school room. It was moved and seconded that both Miss Whitaker and Miss Wood be requested to retain their positions till the close of the year, provided they can do so without detriment to their health.

His salary has been paid up but these latter gentlemen should be refunded as

soon as possible.

MALAD, IDAHO. TRAVELING EXPENSES. Miss Morse sending in a bill of traveling expenses and receipts from societies, it is found they just about balance, with the exception of a trip to Boston and board while there, and she told Mr. Boyd that she understood that it would be considered square up to January 1st. Mrs. Ham said the matter had better be left for decision to the Finance Committee.

SISSETON, SOUTH DAKOTA. Mr. Boyd read a resolution passed by the Board that as to assistance being provided for the older pupils at Sisseton for work done by them to enable them to have their tuition continued, they could not make that rule for so doing but would consider individual cases. Mr. Morris writes to ask if when the pupils marry they can still receive their board as before. The matter was discussed and Mr. Boyd gave reasons why it was well to accede to this.

HORSES. Mr. Morris writes also of the horses that they are not quite strong enough for the heavier work. He could exchange them now for a younger pair for about $125., and thinks it would be better to do it while they are still in good condition. On motion it was decided to allow Mr. Morris to make the purcahse.

PURSELL, IND. TER. MR. E. C. ROBERTS. Mr. E. C. Roberts was teaching at Pursell, Ind. Ter. previous to the arrival of our teacher, and now sends in a bill of $15.00 for 1 1/2 months tuition. Miss Hermer is now in his place and doing well. The engagement was unauthorized with Mr. Roberts but appears to be the fault of no one. Motion was carried that Dr. Hill be written to that the Committee is willing to pay for his services at that rate. The motion was carried that we ask the opinion of the School Committee on the matter of the married pupil receiving board from the school.

Committee of Ways and Means then adjourned.

A SUNDAY APPOINTED FOR HOME MISSION COLLECTION.
The synod of Illinois who has always exhibited such interest in Sunday School work express themselves now as anxious to have a regular Sunday appointed to make a collection for Home Missions. It was suggested that it might be made in the same month with the regular church collection of Home Missions. Mrs. Grier stated in this connection the custom of the Foreign Board to hold a week of meetings in the interest of Foreign Missions during the month of November, the month especially set aside by General Assembly for Home Missions. She thought it might be well

to inquire whether this week might not be observed in January or some other month rather than in the one devoted to the other cause. It was resolved to discuss both these matters with the secretaries before taking any action. Mrs. Finks stated that she had received also a letter from Mrs. Scott of Illinois stating that she proposed writing to Mr. Gray of the Interior asking him to make additional metnion of this setting apart of a day for Sunday school contributions. The Committee felt it best to ask Mrs. Scott to defer each action for a season.

MISS ATKINS. MINUTES. Mrs. Brownell was asked to write Miss Atkins to thank her cordially for her services in the copying of the minutes for so long a time, and ask her to continue copying all the back minutes at her home. MONROE, UTAH. FENCE NEEDED. A request has come for a fence at Monroe, Utah, around the chapel. The grounds are now overrun with animals as well as all the neighbors. Miss Ufford stated that the girls at Whitehall had sent $5.00 for that fence a year ago. The estimate was sent of $26.50. A motion was carried that this fence be granted and ordered put up at once.

ANNUAL REPORT. Mrs. Scovill of Ohio writes urging our publishing this year an annual report, as a fitting close of our first decade. A motion was made that a reply be sent to Mrs. Scovill that we have felt the need of subh a report being made from year to year, and that it had been urged upon us by many others. The only reason it has not before been done has been that it was a matter of great expense as well as much labor, requiring the time that no one in the office could give, it has been deferred from year to year. We, however, intend opening our new decade with giving such a report in full even though it may take one person's time for some months and involve quite a large expense.

MRS. SCOVILL TO WRITE PAPER FOR ANNUAL MEETING. It being suggested that Mrs. Scovill might prepare a paper for the Annual Meeting which would be acceptable, it was moved and carried that Mrs. Finks embody such a request in her answer to the letter just received. A motion was then made and carried that it should be suggested to Mrs. Scovill that as Mrs. James will naturally in her address review the past, Mrs. Scovill should

to inquire whether this week might not be observed in January or some other month rather than in the one devoted to the other cause. It was resolved to discuss both these matters with the secretaries before taking any action. Mrs. Tinka stated that she had received also a letter from Mrs. Scott of Illinois stating that she proposed writing to Mr. Gray of the Interior asking him to make additional mention of this setting apart of a day for Sunday school contributions. The Committee felt it best to ask Mrs. Scott to defer such action for a season.

FORT WRANGELL, ALASKA. PARSONAGE. Rev. Allan McKay has expended over $500 on the parsonage at Fort Wrangell. The secretaries handed the letter stating this to Mrs. Finks as it is understood we own the Manse. It was decided to confer with the secretaries before deciding our action. Mr. Gould sends a statement of what he has expended on the saw mill, but sends no vouchers. This however he never does. Mrs. Finks thinks he is somewhat excusable as many of these sums are for labor expended on the premises. This will be discussed with the secretaries.

MR. CREIGHTON, SANTA FE. Mr. Creighton who is a carpenter and has been associated with Mr. Walker in Colorado, proposes seeing the Committee on the subject of his going to Santa Fe.

PORT WRANGELL, ALASKA. PARSONAGE. Rev. Allan McKay has expended over $500 on the parsonage at Port Wrangell. The secretaries handed the letter stating this to Mrs. Pinka as it is understood we own the Manse. It was decided to confer with the secretaries before declining our action. Mr. Gould sends a statement of what he has expended on the saw mill, but sends no vouchers. This however he never does. Mrs. Pinka thinks he is somewhat excusable as many of these sums are for labor expended on the premises. This will be discussed with the secretaries.

MR. CHRISTON. SANTA FE. Mr. Creighton who is a carpenter and has been associated with Mr. Walker in Colorado, proposes asking the Committee on the subject of his going to Santa Fe.

MR. BRADY. GOVERNOR OF ALASKA. This having been proposed of, the appointment by the President of Governor Brady of Governor of Alaska was talked of. Dr. Kendall suggested that Mr. James should interview the President himself. However in

in the end we thought the petition going from the Board of Home Missions would be sufficient.

MR. FENTON, EMBUDO, N. M. Regarding Mr. Fenton going to Embudo, Dr. Kirkwood recommends it strongly. Embudo is a little north of Santa Fe. The secretaries advised our placing Mr. Fenton at Embudo, at least until the end of the year.

MONTH SET ASIDE FOR MEETINGS. Mrs. James then spoke of the week of meetings held in November by the Foreign Board, that month being the one set aside for Home Missions. The secretaries stated that month had formerly been appointed for Home Missions, but it had been refused as not being a good one. Churches had been advised to select the month for their collection, which would warrant their receiving the most money. The Sunday for the Sabbath school collection would be best fixed for the one before Thanksgiving.

FORT WRANGELL, ALASKA, PARSONAGE. The secretaries advised leaving over the case of the $500. due on the parsonage at Fort Wrangell for the next meeting. The bill of Mr. Gould for payments on the saw mill was also left over. A short interview with Mr. and Mrs. Creighton followed, the proposed carpenter for Tucson.

CONFERENCE WITH DR. HILL AT 3 P. M. was held with the school committee and Dr. Little of Indian Territory. Dr. Hill first spoke of Gainesville, a town of 10,000 inhabitants, attractive and busy, near the Red River. The Chickasaw Country is just above it. In all the Chickasaw country we have but two schools, one of which is at Purcell, the other at a small place called Wynnewood. At Gainesville there happens to be a fine brick building which cost originally $45,000. It is in excellent condition and would not need more than $200. to put it in condition for use. It belonged to a cattle king as a private residence. A photograph was shown of it, a very handsome structure of brick and stone. It has been understood that an offer of 18,000 would not be accepted for it, it having been bought in for a very low amount. The sum of $13,500 has been promised to be raised by the Synod of Texas. So anxious are they are for establishment of a good high school for girls in Gainesville. It is thought a large number of Chickasaws would also avail themselves of the advantages of it. The building would hold about seventy-five girls. Mr. Joh asked if it were really true that the townspeople would be willing to have their daughters educated with Indian girls. Dr. Hill replied that they are not only willing, but pleased when this is the case. He gave instances to show that the Indian girls in this state are put on the same social footing with the white citizens' daughters. There is no ling drawn between them. There are very few full blooded Chickasaws and very light in color.

in the end we thought the petition going from the Board of Home Missions would be sufficient.

MR. FENTON. EMBUDO, N. M. Regarding Mr. Fenton going to Embudo, Dr. Kirkwood recommends it strongly. Embudo is a little north of Santa Fe. The secretaries advised our placing Mr. Fenton at Embudo, at least until the end of the year.

At Gainesville there happens to be a fine brick building which cost originally $45,000. It is in excellent condition and would not need more than $800. to put it in condition for use. It belonged to a cattle King as a private residence. A photograph was shown of it, a very handsome structure of brick and stone. It has been understood that an offer of $8,000 would not be accepted for it, it having been bought in for a very low amount. The sum of $12,500 has been promised to be raised by the synod of Texas. Dr. Hill replied that they are not only willing, but pleased when this is the case. He gave instances to show that the Indian girls in this state are put on the same social footing with the white citizens' daughters. There is no line drawn between them. There are very few full blooded Chickasaws and very light in color.

For the figures again, it will take $18,000 to buy it, and about $7,000 to furnish it. We have $13,500 already pledged of this $25,000. Dr. Hill proposed borrowing the remainder and putting it out on bond and mortgage at seven per cent interest for ten years. When the building is once fitted up, and filled with pupils, it will pay all expenses, teachers and all, the Chickasaw nation paying $150,00 a year for each pupil in any school whether Roman Catholic or Protestant. The conference closed at 5 P. M.

WAY'S AND MEANS COMMITTEE.
March 19th, 1889.

Meeting of Way's and Means Committee on Tuesday, March 19th at 11 A. M. preceded by a half hour's prayer meeting. Meeting opened by reading minutes of last regular meeting, followed by those of Committee of Ways and Means of the previous week. Mrs. Edwards of Arizona and Mrs. Walker of Washington were present.

TUCSON, ARIZONA, - WORK. Mrs. Edwards has recently been living at Tucson and knew much about the work there and Miss Whitaker. Mrs. Edwards stated that Tucson was not the geographical centre of the territory but the central point of the population both white and Indian. The Papago reservation is about nine miles from Tucson, but they are a moving people on account of the necessity of searching for water which is very scarce in Arizona. There is a good farm belonging to the farm at Tucson, and the boys are very industrious and show great advancement. Miss Whitaker is the right person for the place. The Pimas, the Maricobas, the Papagoes and the , all have schools supported by the Goverment, that is the teachers are paid by the Goverment and the tools and implements supplied. The influence of Miss Whitaker is very marked upon the people, especially upon the men, whose manners have become much softened through contact with her. About one half the population of Tucson is Mexican and the work and influences of the ladies is much needed among these.

Mrs. Edwards spoke a good word for the Chinese and thinks we ought to keep them in this country. They never ask alms; if one of their number is sick they take care of him among themselves but ask no assistance. The Navajaves and Apaches are not well known as they wander about and live a nomadic life almost altogether. She thinks the Apaches would have to be educated with the Pimas and Papagoes,

The slaves and Apaches are not well known as they wander about and live a nomadic life almost altogether. She thinks the Apaches would have to be educated with the Pimas and Papagoes

she thinks they would soon succumb to the more civilized influence. She thinks the Indians would be better , to be treated at all times like civilians, justice being administered to them when necessary and in the same way as to the whites.

Mrs. Edwards expects to go back next month and would like much information and instruction from the Executive Committee to help her in her future labors there. Mrs. James asked Mrs. Edwards if she would not consult with Mr. Cole on her return as to the possibility of teaching the Apaches. Mrs. Edwards further states that the men of the Apaches are little better than beasts of burden.

Motion made and seconded that Mrs. Edwards be asked to remain with us during the business session, on suggestion of Mrs. Boyd. Mrs. James asked Mrs. Edwards if she and her husband could not make an appointment with the secretaries to give them just such information as she had been giving us, with so much interest. The ladies present might like to hear these statements.

ANNUAL REPORT. MRS. NIVEN stated that in the Ladies Temperance Union it is customary for the annual reports to be bought, thus diminishing the heavy expence of getting them up. She suggested that we might pursue the same course with the one we propose making another year.

CONCORD, N. C. MR. WHITE'S SALARY. As to the salary it has been thought wise to give Mr. White hereafter at Whitehall, Mrs. Ham, who has just returned from there, expressed as her opinion that a regular sum should be fixed upon by us, rather than to allow Mr. White to send in a bill for services rendered. Motion seconded that Mr. White receive $150.00 for services this year. Motion carried that Mrs. Ham inquire into any payment he may have received during the past year, so that we may know from what date to begin the proposed salary.

MISS BURNETT, SECRETARY. Mrs. James read a letter from the Union Missionary Society, regarding the securing of Miss Burnett, their secretary for nine years as the new secretary of the Woman's Executive Committee. The letter expresses only kind feeling and interest in parting with Miss Burnett, and the hope that she may be of as great service in her new post as in the one she has just left.

WORLD'S COMMITTEE, APPOINTMENT RECOMMENDED. Mrs. James read a printed statement prepared during the Missionary Corference held in London in June 1888, recommending the appointment of a World's Committee of Ladies "to secure concentrated action on the part of the Woman's

General, Foreign, and Home Missionary Societies". A motion was made and seconded that a letter be written at once in answer, expressing our hearty endorsement of this scheme, and suggesting the name of our President Mrs. James, to represent the Woman's Exec. Com.

ALASKA. MR. BRADY GOVENOR. Mrs. James stated Dr. Jackson's desire that a request go from the Woman's Exec. Com. to the President of the U. S., asking that Mr. Brady be appointed as Governor of Alaska. Mr. Brady was formerly our missionary there and we approve heartily of this suggestion. A motion was therefore seconded that such a request be sent from the Committee.

FOREIGN ANNUAL MEETING. An invitation was received from the Ladies Board of Foreign Missions, inviting as many as could be present to attend their Annual Meeting, to be held April 10th, and 11th, in Utica, N. Y. They asked for at least one delegate to be sent. Mrs. Niven made a motion that Mrs. Benj. Potter of Schenectady be asked to represent the Committee at this Annual Meeting of the Ladies Board.

MISS KATE COX of FILLMORE, UTAH, requests change of field, she writes that the high attitude of the place seriously effects her heart. She asks if she may be removed to a lower point when such a place can be found, in the meantime she would like to spend her vacation in California. Mrs. Finks made a motion that as Miss Cox is a valuable teacher and can probably be placed in Indian Ter. another year this request be granted, and she allowed to leave her field at once.

MISS BEEKMAN & MISS MC NAIR, desire increase of salary. They are now teaching in the Academy at Santa Fe, and write of the expense they find in living in New Mexico, which necessitates their asking for an increase of salary if they continue on the field. They have had in addition, $150.00 to expend on housekeeping utensils. Although not spending $2.00 on her dress since leaving New York, Miss Beekman writes she finds herself $50.00 in debt. They also have suffered much from the cold, not willing to go to the expense of a self-feeding heater. Mrs. Walker writes begging that in view of the success they have made of their work there, they shall hereafter receive $600.00 salary, as well as be re-imbursed for the sum expended on household necessities. Mr. Smith, the minister at Santa Fe, urges the appointment of a gentleman principal next year. A motion was carried that their salaries be increased to $600.00, and the $150.00 expended be made good to them so that the property may be wholly ours.

General, Foreign, and Home Missionary Societies". A motion was made and seconded that a letter be written at once in answer, expressing our hearty endorsement of this scheme, and suggesting the name of our President Mrs. James, to represent the Woman's Exec. Com.

ALASKA. MR. BRADY GOVERNOR. Mrs. James stated Dr. Jackson's desire that a request go from the Woman's Exec. Com. to the President of the U. S., asking that Mr. Brady be appointed as Governor of Alaska. Mr. Brady was formerly our missionary there and we approve heartily of this suggestion. A motion was therefore seconded that such a request be sent from the Committee.

FOREIGN ANNUAL MEETING. An invitation was received from the Ladies Board of Foreign Missions, inviting as many as could be present to attend their Annual Meeting, to be held April 10th, and 11th, in Utica, N. Y. They asked for at least one delegate to be sent. Mrs. Niven made a motion that Mrs. Benj. Potter of Schenectady be asked to represent the Committee at this Annual Meeting of the Ladies Board.

MISS FAYE COX of FILLMORE, UTAH, requests change of field, she writes that the high attitude of the place seriously effects her heart. She asks if she may be removed to a lower point when such a place can be found, in the meantime she would like to spend her vacation in California. Mrs. Finks made a motion that as Miss Cox is a valuable teacher and can probably be placed in Indian Ter. another year this request be granted, and she allowed to leave her field at once.

MISS BERKMAN & MISS MC NAIR, desire increase of salary. They are now teaching in the Academy at Santa Fe, and write of the expense they find in living in New Mexico, which necessitates their asking for an increase of salary if they continue on the field. They have had in addition, $132.00 to expend on housekeeping utensils. Although not spending $2.00 on her dress since leaving New York, Miss. Beckman writes she finds herself $60.00 in debt. They also have suffered much from the cold, not willing to go to the expense of a self-feeding heater. A motion was carried that these salaries be increased to $600.00, and the $130.00 expended be made good to them so that the property may be wholly ours.

MALAD, IDAHO. MISS REAGAN proposes a plan for next year's work, in renting a room near the school building to make the work easier for all, believing that the tuition coming in will quite cover the rent. She also asks if she may spend a part of the summer away from Malad, as she has not left it for three years.

RICHMOND, UTAH. A letter came from Richmond, Utah, testifying to the great change wrought by the work of Mr. Renshaw, for three years in the place. The writer simply wishes to bear his testimony to such faithful service, both of Mr. Renshaw and the faithful lady teacher associated with him. Mrs. James was much gratified with this letter and begged Mrs. Finks to answer it expressing our gratification.

NEW WORK. MISS UFFORD writes of the need of work being done in the county of Stanley, N. C., Mrs. Finks where a boy's school should be established. The county is being canvassed for subscriptions and 10 acres of ground asked for. Much interest is manifested. Miss Ufford has in hand over $200.00 already for the purpose. She hopes to collect $1000.00 herself by the first of June, and hopes that but little expence will fall upon the Board. She would like their approval so far as to have the lumber seasoned during July and August. She believes the school may be soon self-supporting. Stanley Co. is the darkest portion of the state. Another proposition is to start a boy's school at Sparkling Springs, Catawba Co., which we have had presented to us before and have deferred for the Spring Conference. Mrs. Finks suggested that we wait for further communications regarding what has been raised, before deciding our action. Mrs. Boyd made a motion which was carried, that in writing Miss Ufford she be asked if this $1000.00 she hopes to raise will not interfere with the regular work of societies. A motion was therefore put that we await the result of the canvass now being made before taking action in the matter.

BUILDING, RATON, N. M. MISS DELIA HILLS is doing excellent work at Raton, N. M., and reports the influence of the Holy Spirit very marked among them. She begs for the new school building promised a year ago. Mrs. Finks said that $700.00 was the appropriation but nothing has come in for it. Miss Hills spoke of the organ so generously given by the young ladies of the 4th Ave. church, N. Y. City, and of how great assistance it is. She asks if she can employ a boy at the expence of $20.00 a year, to sweep out the school rooms and light fires, as she is not strong enough to do it herself. Mrs. Boyd

suggested that as the organ bore upon it a silver plate with the name of the young girl in whose memory it was given, this letter, or a copy of it, should be sent the parents as so gratifying a testimony.

A motion was made and carried that Mrs. Wickham and the ladies of the Presbyterial Society of New York, make an effort to pledge themselves for the amount needed for this school, $700.00, so that it can be put up during the summer. Mrs. Wickham promised to present the matter at the Annual Meeting, to be held in two weeks.

ALASKA. SAW-MILL. Mrs. Finks asked the ladies their opinions as to the removal of the saw-will from Howkan to Sitka, as advised by Dr. Jackson. Dr. Jackson said that the transportation of it on the steamer would cost $100.00. Mrs. Ham thinks $200.00 would be a nearer estimate. The one thing in favor of its present position is that it stands in a dense lumber district, and at Sitka the lumber is at quite a distance. But the steamer only puts in at Howkan twice a year. Mrs. Finks thinks the influence as well as the work of the saw-mill has been greater than we know anything about, putting up little Christian homes and exerting in this way a silent power. The Metlakatla boys whom Dr. Duncan sent to Sitka, are capable of running this mill, and it would be a great incentive to industrial training at that point. A motion was made that action be deferred till we learn from Dr. Jackson the exact cost of the removal and all other questions involved. Motion was carried.

Motion was made by Mrs. Finks that should the saw-mill be removed, we tender it to the Board to be under their general care the same as our other property thereof, and

LEAFLETS. DISCOUNT. Mrs. Finks asked if we can allow a certain discount to Synodical Societies, when ordering over a certain amount of leaflets, the Motion carried that we extend the same indulgence to them as to our sister societies.

TREASURERS BLANKS TO BE FREE. Mrs. Boyd made a motion that was seconded and carried, that hereafter all Presbyterial Treasurers blanks shall be sent out free of charge.

ONESIMA PICTURE. The artist of the picture of the little Indian girl Onesima, having written that she would be obliged to remove the picture as being in need of the money for it, it was moved and seconded that she be written and asked to allow it to remain two weeks longer, as we hope by that time to be able to purchase it, feeling very unwilling to have it leave our rooms.

CONFERENCE WITH DR. DODGE.

March 26th, 1889.

ASHEVILLE NEW BUILDING. DR. DODGE asking what we intended to do with the new building at Asheville, just coming into our hands, Mrs. James replied that we intended using that for perhaps a better class of girls, still keeping it an industrial school, but with girls able to pay for themselves. Dr. Dodge said that was the impression he had of our Motions, we could do quite as high and needful work among the better class of girls as we have been doing among the Mountain girls in the old school, and all the more desirable under the circumstances that they can make it a self-paying institution. In the first place, distinctively religious, and in the second industrial, and of a high standard of education. If so carried on there is no reason why it should not be the model educational institution of the South. In two years he sees no reason why it should not pay its own expenses, in two years. All the teachers' salaries, improvements on building, taxes, etc. A Mrs. Make the general average $150.00, taking some for $100.00 and others for $250.00. He thinks in time we may have a school of 300 pupils as well as 100, but we need a school room with recitation rooms around it, at once as was needed in the other building, there being no room available for that purpose in the main building. He will show the committee a rough plan of such an addition in a few days, which might be of use to us. After all this the main point is still to be covered, and that is the principal who shall be at the head. He begged us to be slow in making our selection. He thought eventually we would have to have a gentleman in the institution, perhaps not as principal, but as representative of the Board and as teacher of some branches.

The lady whom we must put at the head must be an ideal woman, a Christian, a lady at first glance, an organizer, a disciplinarian, and a woman of advanced education. The institution must compete with every other institution in the South, and favorably. In such a large institution necessarily there are many ailments constantly occurring, and a physician will be almost a necessity. The physician attending gratuitously the other school, has not the confidence of the teachers or pupils. A lady, he thought, could be secured who would be a competent physician

In such a large institution necessarily there are many ailments constantly occurring, and a physician will be almost a necessity. The physician attending gratuitously the other school, has not the confidence of the teachers or pupils. A lady, he thought, could be secured who would be a competent physician

and who would instruct in such branches as physiology, natural history, etc., and if a gymnasium shall be put in the basement story where there is ample room for it, she could instruct the girls in healthy exercise.

Just at present it would hardly do to place any gentleman there while Mr. Pease is at the head of the other institution, for he is now advanced in years and has decided ideas and has done so much there that we would not have it appear that anyone should conflict with him. To send a gentleman and his wife there would entail a heavy expense, and a lady alone, could by a little tact, learn very readily how to work in with Mr. Pease.

ENTERTAINMENT. As to the length of time of entertainment, a principal, a teacher of common branches, the teacher of primary department, a music teacher, and sewing teacher. He thinks in many branches where for instance there would be lectures or experiments on certain sciences, the girls of the other school could come and benefit by what is going on in the other institution. Miss Brainard he suggested as teacher of music. Mrs. Stocknell is highly recommended as assistant principal, a devoted woman, a Presbyterian, who while now receiving a salary of $900.00 in Illinois, is willing to come for $300.00 to do missionary work at Asheville. Dr. Dodge read several other names all highly recommended. Miss Reynolds one of them, now employed in a Virginia school, it is hoped we may keep in view for the future.

CONFERENCE ON ANNUAL MEETING, 1889.

MRS. JAMES suggested that we fix a longer time for the meeting of Synodical societies, giving two afternoons to it if possible.

DELEGATES. The question as to how many delegates from each synod we will offer to entertain was answered by a motion which was carried, that three delegates be entertained from each synod.

ENTERTAINMENT. As to the length of time of entertainment it was considered best not to state the time of duration, except that those receiving entertainment shall remain through the entire session of our Annual Meeting.

Motion carried that in the notice of these meetings that it be stated that those coming on to attend them be notified on request of places of reduced rates of board.

A cyclostyle letter also will be written providing entertainment to our vice-presidents in addition to the three from each synod.

ENTERTAINMENT COMMITTEE. Chairman Mrs. S. B. Brownell to appoint such Committee, and send notices to each society in the Presbytery of N. Y., asking for names of persons willing to entertain delegates and for contributions towards the entertainment of others outside at reduced rates, they being also requested to secure such Synodical Missionaries and places of entertainment.

treasurer. Report from Freedmen's Bureau by Mrs. Coulter, followed by Mrs. Kumler of Pittsburg with an appeal. One missionary teacher in morning, possibly Mrs. Austin.

Afternoon session to be opened with a half hour Praise meeting in view of its being a decennial year. A collection then to be taken up instead of later, for praise offerings. A responsive reading before used will be made use of at the praise meeting, and printed on the back of the programme. Mrs. Barrell, of Iowa City, to read the leader's part and conduct the praise meeting itself, and Mrs. Bryan lead the devotional meeting of the morning. Mrs. Scovel follow with her paper.

RAILROAD RATES. As to the answer to be sent the Railroad Commissioner, it was decided to ask for reduced rates for all those coming for the whole session, such to apply to Dr. Roberts for these certificates, and coming later than the 18th to receive such certificates by application to this office. A motion was carried that we consider Monday the first day of our meetings, the tickets to date from Saturday. It was considered best however to see the secretaries again as to the difficulties arising from this. Mr. Eaton came in and agreed to telephone Mr. Fleming asking for a conference with him in company with Mrs. Finks this afternoon. Motion carried that the matter be left with Mrs. Finks and Mrs. Boyd to decide the day for us advised by the secretaries after learning what could be done with the railroads.

WAYS AND MEANS.

April 9th, 1889.

Meeting opened by prayers from Mrs. Langdon and Mrs. Boyd. Present, Mrs. James, Mrs. Grier, Mrs. Langdon, Mrs. Boyd, Mrs. Finks and Mrs. Brownell.

Mrs. James stated that she considered it of more and more importance to have some one in Washington to represent our work. It was suggested that perhaps Dr. R. W. Hill would do better than Dr. Childs, and the secretaries have already been considering the matter.

ANNUAL MEETING. Mrs. Finks thought that the first thing necessary to be considered was the fixing of the date of our Annual Meeting, as the arrangements the railroads would make will differ this year from any other. The question was thoroughly discussed and resulted in a motion being carried that we fix upon Monday this year as the day of our Annual Meeting. Assembly with their husbands, and by giving entertainment from Saturday to Wednesday inclusive, all the days of greatest interest were taken in. The secretaries were asked to confer on the subject, there being an impression that they might hold a different opinion. This proved to be the fact; they all concurred in the opinion that we had better retain our old day, Friday.

In suggesting the speakers Dr. Kendall urged our inviting Dr. Hall who would have recently visited the Scotch Irish in N. Carolina to make an address.

A motion was then put that after conference with the secretaries we conclude to retain Friday as our day. It was carried.

NORTH WESTERN BOARD. Mrs. Finks brought before the Committee a letter published in the N. Western Presbyterian from the secretary of the North Western Board of the Pacific, stating their proposal to start a mission among the Unatilla Indians. They have a treasurer appointed to collect the funds evidently with the expectation of reporting here. Motion was seconded that Mrs. Finks write to the secretary with power, asking for information as to their organization and also to ask Mrs. C. E. Walker to attend their Annual Meeting, as they ask for a delegate to be sent, but giving her a little insight into the facts of the case. The dates of the meetings occur very opportunely, in Portland, the 15th or 16th of May. It was also considered well for Mrs. James to write Mrs. Newell, the vice-president, now acting president and

formerly one of our teachers at Salt Lake City, a friendly letter asking for facts regarding their organization and methods of work.

MISS UFFORD. TRANSFER. A letter has come from Mr. Pease stating that Miss Stevenson asks if Miss Ufford cannot be transferred to Asheville to take charge of a day school connected with the Asheville school, boarding in the older school. They have the district money for the salary. Their idea is to have her a visitor in the homes of these people. Mrs. Finks thinks the salary will have to be supplemented. Motion carried that we recommend the immediate commission of Miss Ufford for the chapel school to the School Committee. Mrs. Boyd made a motion which was carried that Miss Eaton be given a week's vacation as soon as her books are made up. It was unanimously carried. Meeting adjourned.

Present clergyman too old to wield an influence, he exerts a silent influence, want another teacher.

Miss Low, Miss Morrison at Tahlequah, Ind. Ter. Teachers are more devoted to Christ there than anything else. in managing the boys. Mrs. Pomeroy had received a letter stating that before the visit of Mr. and Mrs. Boyd, very special preparations of cleaning etc. were made for their reception, which tended to give these friends an incorrect idea of the usual condition of affairs. Dr. Kirkwood entered with Miss Scott, who he said had had a hard fight at Isleta with the Romanists, a stronger Priest had been appointed there. Dr. Kendall advised that Miss Scott return. Mrs. Merrill of Milwaukee writes regarding her appointment as vice-president of their Executive Committee, that her many church duties at home and her advancing years would stand in the way of her accepting the position, for which she thanked the Committee. Mrs. Pinks will write Mrs. Merrill, explaining the way in which her appointment was made. She also suggested the name of Mrs. Tullis of Madison, Wisc. to be put in her place. Mrs. Pinks will therefore correspond with her to ascertain her willingness to accept.

MISS WOOD, ALBUQUERQUE. Miss Wood of Albuquerque states that the school closes on the 30th of June, and she would like to leave for her home immediately after. She would like any reduction in railroad fare that Mr. Eaton could secure for her. She also asks if she may defer decision as to continuing her work another year for a time, as she thinks her mother will not be able to spare her. It was decided to allow Miss Wood to leave for a year's rest and that we will keep her in mind for such a position as she would like later.

MISS OSMOND, MT. PLEASANT, UTAH. Miss Osmond of Mt. Pleasant, Utah, writes that the high attitude so affects her health that she feels she must hasten away. She also feels the need of a year's rest, and hopes at the end of that time to have an appointment among the Indians, as she has no desire to give up mission work. She therefore asks that her name be not stricken off the roll. It will be due to Miss Osmond to offer to pay her expenses in transferring her to another part of the field, and to allow her to leave at once, if we learn from Mr. Murphy that there is nothing to prevent. She will also be permitted to remain off the field for a year, and her name will be retained on the roll.

ORPHANAGE FOR CHOCTAW CHILDREN, ATOKA. Mr. Wenn of Ind. Ter., when recently here, pressed the needs of an orphanage for poor and orphaned Choctaw children in Atoka. This is a town of the better class, nearly all the people being members of the few churches there. The supply of orphaned children is great in the neighborhood. A cottage could be built first to start the work. Mr. Wenn spoke at various places while east on the subject. He now begs we will put this cause first on our list for attention when the debt shall be paid. Decided to write Mr. Wenn that we will first refer his appeal to Dr. Hill, and then to the School Committee, before we can send him a reply, this being a necessary routine in undertaking new work.

DR. PHRANER, ADDRESSES. Mrs. James called attention to the services rendered for us in our school work by Dr. Phraner in his recent addresses through the churches, and thought a motion should go from our Committee expressing our sincere thanks for thus bearing our work on his heart. A motion to this effect was therefore carried, and Mrs. Brownell was asked to write a note to Dr. Phraner expressing such sentiment.

A motion to this effect was therefore carried, and Mrs. Bromell was asked to write a note to Dr. Phraner expressing such sentiment.

ASHEVILLE SCHOLARSHIPS. Mrs. Pratt of Albany is anxious to dispose of the Asheville scholarships for the Committee, feeling she would thereby save us much trouble. Mrs. Finks will write Mrs. Pratt expressing our gratitude for her interest and help, but saying to her that we could not give her a list of scholarships for that is always needed in the office. If she could arouse interest in obtaining scholarships leaving the assigning of them to the Committee here, no confusion would arise, but only great assistance.

INDIANS. Rev. Mr. Allen had met some members of the Committee and brought up again the assistance promised the Indians 3 or 4 years ago but never accorded. He states they are now losing confidence in the promises of the Presbyterians. The grant he understood was for 2500. Miss Burnett was asked to write Dr. Hill at once for advice and information on this matter before bringing it before the School Committee.

SITKA, ALASKA. Mr. Austin has had a few gifts for his church at Sitka, Alaska, but as we have no authority to send him to the churches we can only rejoice at all he receives and try to secure his services in addressing societies in the fall.

GUNNISON, UTAH. ORGAN & BELL. Mrs. Green and her daughter of Gunnison, Utah, were in the office a day or two since, and made another plea for a new organ. They think they could easily secure one if they were allowed to make an appeal for it. The bell also is a great institution with them. The little one they have now is hardly heard and could be sold for $25.00. A new one weighing 4 or 500 pounds they would like also to appeal for this as well as the organ. Motion carried that we grant Mrs. Green permission, to make appeal for both these objects.

MISS HYSON, OF EL RANCHOS DE TAOS, N. M. Miss Hyson of El Ranchos de Taos, N. M., writes asking if she may make a visit to Raton, N. M. She is in trouble at present, having just lost a sister. A motion was carried that if we find Mr. Curtis makes no objection Miss Hyson be allowed to make this visit as she desires.

MISS EATON, EXTRA SERVICES. Mrs. Boyd presented various bills which had been approved and which on motion were approved. She then made a motion that Miss Eaton

MISS RATON, EXTRA SERVICES. Mrs. Boyd presented various bills which had been approved and which on motion were approved. She then made a motion that Miss Raton

should receive a gift of $50.00 for her extra services during the last few weeks. This was unanimously agreed upon.

VICE PRESIDENT. Mrs. Scott of Illinois writes of Miss Lefan of Kentucky who was proposed as vice-president of Woman's Executive Committee. She found her thoroughly versed in all affairs of the W. Ex. Committee, but unfortunately in very delicate health. She recommends in her place Miss Susie Scott of Lexington, Ky., who is thoroughly consecrated and has full command of her time,, is also in good sound health. Mrs. Scott of Illinois offers to write her asking her acceptance of the vice-presidency, if the Committee approve. A motion carried that Mrs. Scott be requested to write as she suggests.

MRS FORSYTH'S name has not been regularly appointed from Southern California, and Mrs. C. E. Walker writes that it will not do to allow this omission. It was moved and seconded to make this appointment at once.

SANTA FE, DRAINAGE. The fact comes to us that as no provision has been made for drainage in the building at Santa Fe, and this will need extra appropriation, Mrs. Niven writes simultaneously that they have $125.00 still to go to Santa Fe. This will help towards this object, a motion was therefore carried that complete drainage be ordered for Santa Fe to be ready for Miss Allison in the Fall. Favorable action taken. Mrs. Walker also writes it would be well to limit the number in the dormitories to 55, t to else Miss Allison will be very likely to crowd in 75 and there is not room for that number. Motion was carried that this decision be left with power with Mrs. Finks, after consultation with the secretaries.

The $450.00 legacy from Adrian, Michigan, which was spoken of for Embudo. No action taken. Recorded on previous minutes.

Mrs. James expressed the wish that a lady teacher might be appointed at Sitka for wood carving. It was proposed to consult regarding this with the gentlemen.

OAKLAND INSTITUTE, MISS ALLEN. Mrs. James then read a letter from Mrs. Johnston, president of Aberlin College, Ohio, recommending very highly Miss Allen, as one

WAYS AND MEANS. June 25th, 1889.

Meeting of Ways and Means Committee held June 25th, 1889. Present, Mrs. James, Mrs. Ham, Mrs. Boyd, Mrs. Grier, Miss Burnett, and Miss Ryers.

The meeting was opened by reading of Scriptures and prayer. The minutes of regular meeting of June 18th and also of a call meeting held the same afternoon were read.

WASHINGTON, BUREAU OF EDUCATION. The great need of our having a bureau of education in Washington was presented by Mrs. James. The Catholics are receiving more money from Government for their schools than are the Protestants, and this because they have representatives to press their claims. The name of Dr. T. S. Childs of Washington has been before the Committee, and at the Call meeting it was decided to ask the Board of Home Missions to appoint him to represent our school work there. The names of Dr. and Mrs. Hamlin and Miss Sunderland were suggested to assist Dr. Childs. After some discussion it was Resolved that as further consideration of this matter is necessary, it be brought before the next and regular meeting for action.

SAMARIA, IDAHO. CHERRY CREEK. Mrs. James read a letter from Miss Baker of Samaria, Idaho, pressing the work at Cherry Creek. She states that she has a niece who is preparing for mission work, would like her sent to assist her. Mrs. Boyd moved that a letter be written Miss Baker, asking how soon her niece will be ready for the work, her age, the probable expense of the school, and the condition of the building at Cherry Creek.

A letter was read from Mrs. Bryan thanking the Committee for the resolutions of sympathy (which had been prepared and sent by Mrs. Niven) in behalf of the sufferers in the Johnstown disaster. She thinks the great loss of property which has crippled eight Presbyterial Societies in Penna. will seriously affect their yearly gifts, and suggests that we ask other Societies to make good the deficiency.

fitted to take charge of Oakland Institute at Asheville, N. C. She is a graduate of Aberlin and is now principal of the High School at Ellyria, Ohio. Mrs. Johnston thinks her superior to Miss Freeman who had charge of Wellesley College. She is also recommended by Dr. Fairchild.

As the selection of this principal is so vitalrn to the success of this new work, it was Resolved that Mrs. Boyd write Mrs. Perkins of Cleveland, Ohio, asking her to visit Miss Allen, (at our expense) as soon as possible and secure any information she could in regard to her fitness for this position.

ASHEVILLE, N. C. HOSPITAL. 1/2 Letter from the Hospital at Asheville, stating that they had received and cared for quite a number of pupils from our Industrial School without any compensation, they do not consider them charity patients and would like the Committee to attend to it. It was decided to write them that as soon as we could ascertain the necessary facts the case would be attended to.

OCATE, N. M., REPAIRS. Dr. Hill from Ocate, N. M., asks for about $300.00 for needed repairs, this was referred to the School Committee and if approved the money to be sent.

A most thrilling letter was read by Miss Burnett from Miss Caldwell, our teacher from Malad, who came to her home in Johnstown just five days before the disaster. The wonderful escape of herself and family, and the brave spirit she manifested touched every heart, and we were glad to the grant her requests, which were a longer vacation and her expenses back to her field. An assurance of our deep sympathy will be sent Miss Caldwell, and permission to remain until August or longer if necessary. We have heard that a box of clothing has been sent to her from Easton, and wish her to inform us whether it met her needs.

SANTE FE, N. M. Letter was read from Miss Allison of Santé Fe N. M., asking about the heating and lighting of the new building, also furniture, desks etc. The changes in specifications asked for by the Building Committee have not been made. They will be advised to commence the work at once. She asks for a day school, that the old building be moved and repaired and the grounds put in order before Mr. Walker leaves. Mrs. Boyd was appointed to meet the School Committee, and see that these matters were attended to.

She asks for a day school, that the old building be moved and repaired and the grounds put in order before Mr.Walker leaves. Mrs. Boyd was appointed to meet the School Committee, and see that these matters were attended to.

Mr. Boyd coming in later said the reason the changes asked for by Building Committee were not made was that the Board of Home Missions did not approve of them, owing to the additional expense, and that Dr. Kirkwood did not urge them.

MRS. GREEN OF GUNNISON, UTAH, desires to return to her field with her daughter, rather than to remain to address meetings. In view of her statements it was decided not to ask her to stay.

MISS MC CARTY OF RICHMOND, UTAH, asks for an additional teacher. She has 28 scholars enrolled, also compensation for board of scholar 7 1/2 months. $50.00 was granted to cover the board of scholar, and a letter to be sent saying we cannot enlarge her work without recommendation of Presbytery through the School Committee.

NUYAKA, IND. TER. The Board of trustees at Nuyaka, Ind. Ter., ask for appointment of a new superintendent in place of Mr. Wells, this was referred to the Conference.

Miss Stephenson, of Asheville, N. C., asks that Miss Montgomery's expenses to her home in Penna. be met by the Committee. She has been doing very faithful work without commission at a low salary. The sum asked, about $30.00 was granted.

ST. CLAIRSVILLE, OHIO, SPEAKER. The Presbyterial Society of St. Clairsville, Ohio, ask for a speaker for their October meeting. As it is impossible for a member of the W. E. C. to go, it was decided to communicate with them telling them of Mrs. Green and her daughter, and advising them to arrange with them to present the Utah work either at their Presbyterial meeting or some other time that they can arrange for.

SALINA, UTAH, BUILDING. A letter was read from Salina, Utah, pressing the addition to building so greatly needed. The amount wanted is $600.00. Mrs. Crosby will furnish this money and a letter will be written her telling her of the importance of doing the work now, and if Mr. Eaton is willing they will be advised to commence the work at once.

A boarding scholar is also asked for at this point, but as we have two teachers there, our rules do not permit of our granting this privilege, it may be considered as an exception at a future time.

PURCELL, IND. TER. Mr. Kendrick writes of their perplexity at Purcell, Ind. Ter. They have received through Mr. White of Church Erection Board $150.00, and want the remaining $150.00 to complete their payment on Building. They need $500.00 for lumber, the Indians will do the work. A letter to be sent Dr. Kirkwood asking him to write for aid to the Board of Church Erection and the W. E. Committee will cooperate with them.

MISS MAGGIE CURRENS of KIMBALL, DAKOTA, asks the privilege of establishing societies in that state. Letter to be written that we have no money we can use for that work, Miss Currens wishes traveling expenses to be paid.

An interesting letter was read from Mrs. Moses, telling of their praise meeting and other items of interest connected with the work in Trenton, N. J.

MISS UFFORD coming in told of a young man from Whitehall, William Hartsell, who would assist in teaching and help with the farm and other work at Stanley for $25.00 a month and board. She thinks he would be willing to do it without the board. They could get the three months salary from public school funds for him, which would amount to $105.00, and this with the tuition money received from pupils would more than half cover his salary. She thinks Mr. Anderson, the resident minister, could secure the balance in the churches under his care.

Miss Glover is the teacher she desires with her in the Stanley work, she was formerly at Whitehall, is about 50 years of age, does not understand graded school teaching as Miss Stevenson does. Miss Ufford said she had learned many points from Miss Stevenson when at Asheville.

The Board of Home Missions has allowed two salaries of $300.00 each. Miss Ufford is to raise $1000.00 for the building, and $300.00 for furnishing. Building to be begun as soon as money comes in.

MALAD, IDAHO. Miss Caldwell writes from Malad, Idaho, that she had received from Mr. Eaton the promise that her expenses to that point shall be paid by the Board. As action was taken by the Exec. Committee without consultation of the School Committee, it was moved and seconded that we petition them to-day if possible, to permit this money to be sent Miss Caldwell.

A request came from Arlington, N. J., that someone be sent this week on Thursday to their meeting at 2 P. M. It was moved and seconded that Miss Burnet attend this meeting.

BAXTER SPRINGS, KANSAS. Mrs. Gallup came in to speak of Miss Wilson's school at Baxter Springs, in Kansas, Mrs. Gallup had consulted the secretaries about it and they tell her that the school had been dropped by the Freedmen's Bureau some years ago, so there would be no conflict on that head. The ladies from Utica are anxious to pay the $600.00 needed if the Board sanction it. The Synod of Kansas will undoubtedly raise it to $700.00 to enlarge the work. Mrs. James told Mrs. Gallup it would be necessary for us to consult with the secretaries before taking any action.

ALBUQUERQUE, N. M. Miss Burnet read a letter from Dr. Coltman. He reports 23 girls and 20 boys in the school at Albuquerque, N. M. BAXTER SPRINGS, KANSAS. Mrs. Gallup came in to speak of Miss Wilson's school at Baxter Springs, in Kansas, Mrs.Gallup had consulted the secretaries about it and they tell her that the school had been dropped by the Freedmen's Bureau some years ago, so there would be no conflict on that head. The ladies from Utica are anxious to pay the $600.00 needed if the Board sanction it.. The Synod of Kansas will undoubtedly raise it to $700.00 to enlarge the work. Mrs. James told Mrs. Gallup it would be necessary for us to consult with the secretaries before taking any action.

ALBUQUERQUE, N. M. Miss Burnet read a letter from Dr. Coltman. He reports 23 girls and 20 boys in the school at Albuquerque, N. M. He is trying to get in the Pueblo Indians and thinks he can get many of the Navajoes and would like to have Navajo inserted in the contract with the Government instead of Apache. Motion carried that this with other matters be referred to the secretaries before sending answer.

MRS. C. E. SULLIVAN OF PAYSON, UTAH, writes that Christian work is no easy matter where such opposition constantly exists. She reports 58 pupils and feels much pride in her school. She and her daughter are both musical and this enables them to interest the children in many ways. They have a nice S. S. Library, and now would be very glad

to have a box of clothing for the poorer children, if we advise her applying for one. Motion was carried that we appeal for a box of clothing for Mrs. Sullivan, asking her to use her best judgement in the distribution of it as it is not our custom to send such gifts to any but industrial schools.

CANADAVILLE, IND. TER., - ASSISTANCE. Rev. John F. Allen, Canadaville, Ind. Ter. writes that he needs much assistance if the work of this point is to be kept up. The frame only of the school building is up. They paid $150.00 for the putting up of the manse themselves, and to do this went without sugar, coffee and other comforts. They have no desks, blackboard, or other school appliances. He begs us to take the school under our care, to send a teacher, and reimburse him for the money he has expended. Resolved to refer the case to Dr. Hill, asking for an immediate reply, and in the meantime to write a kindly letter to Mr. Allen in his extremity.

TULSA, IND. TER., MINISTER. Miss Stringfield, one of three sisters at Tulsa, Ind. Ter., writes that they need the services of a minister very much. The letter will be shown to Dr. Kendall.

TAOS, N. M., - NEW BUILDING. Letter from Miss Ordway from Taos, N. M. Has 17 pupils and expecting more. They greatly need a new building. There is a good one offered for $1000.00, and she thinks what the Board pays for rent would soon pay for the new building. Miss Burnet was asked to write Miss Ordway, begging her to have patience with her ill-ventilated room till we can present her case at the spring conference.

PLEASANT GROVE, UTAH, TUITION. Miss Coulter writes from Pleasant Grove, Utah, that it is a very difficult matter to collect the fee for schooling, as the Mormon school at that place is free. They pay chiefly in vegetables etc. It is thought best to encourage Miss Coulter to continue, as Miss Work was so successful there, and she will probably have less trouble than she thinks.

MISS CORT wrote lately with discouragement, but having been cheered by Mrs. Boyd, feels more hopeful, but would like a bell very much as she summons her pupils by striking on a dustpan.

The leaflet, "Let the Children Help", was revised to be sent out with this. These go first to presbyterial secretaries, by them to be sent to all superintendents in the Presbytery.

MITE BOXES. Mrs. Boyd showed specimen of mite box in form of a little safe which had been made for the purpose, and read the inscriptions to be put upon the several sides. 20,000 of these are ordered, and yet this allows but three for each Sunday-school. A little slip asks for these them to be distributed where they will receive the largest deposits, and states that as many more will be supplied as may be asked for. These cost $7.50 per M, about one half the usual price of our mite boxes. On motion the Committee approved of the 20,000 already ordered, and voted 20,000 more for orders to be received. It was decided to say nothing as to when the money is to be handed in.

MRS. JAMES, BILLS. Mrs. James presented bills of her journeyings among the Synods, only however, giving a part of the expense incurred. Committee expressed thanks to their president, Mrs. James, for presenting so modest a bill, and on motion it was ordered paid.

The Committee, feeling that Mrs. Boyd has done a very large and very satisfactory work in the putting all this matter before Sunday-schools, made a motion that Mrs. Boyd receive a hearty vote of thanks for thus shouldering such a burden of work and responsibility alone.

SANTE FE, N. Me, FURNISHINGS. After recess had been taken, Mrs. James interviewed Dr. Booth as to what had been granted at Sante Fe, N. M., and as to the teachers needed there. The furnaces, bedsteads and everything necessary for the actual running of the school, have been ordered put in by Dr. Coltman. Miss Burnet said that the sewing teacher had been refused last summer. For the regular teacher Mrs. James feels perfectly satisfied with Miss Fitch of Cleveland, and her credentials are all here. It was found however, that the secretaries wished further testimonials before deciding on Miss Fitch. Motion carried that Miss Fitch be appointed for Sante Fe if further credentials prove satisfactory, and that if the Board should not be satisfied, they shall commission the first one found to be fitted for the past. The same resolution passed with regard to an assistant for Miss Beekman.

Mrs. Boyd suggested that if Miss Jones should fail to continue in her position, a Mrs. Swan had been highly recommended as an excellent cook and possessed of every qualification for such a school as Santa Fe.

Motion carried that Miss Haines be added to the Publication Committee.

It was thought best to leave the decision of this case to Mr. and Mrs. Finks to retain Mr. Bull if necessary for the present, even at an increase of salary.

Mrs. Finks thought Mr. Bull might be asked to give about half his time, leaving a regular assistant to do the main work in the less busy time. She had in mind for this position a young lady in Plainfield, who had been recommended for accuracy and methodical work. Motion carried that Mrs. Honeyman be written to regarding the young woman, Mrs. Finks has in mind, to ascertain her capabilities. Mrs. Finks thought she would herself be able to go to Plainfield and have an interview with her.

PRAYER MEETING. Mrs. Boyd suggested that it would seem to her desirable that our workers in the office hold a meeting once a week, of from 20 to 30 minutes for prayer and conference. It would be helpful to them as well as to Mrs. Finks. The room upstairs was thought to be advisable for this purpose. All concurred in the wisdom of this suggestion.

CHANGE OF ROOMS. Another matter decided upon was to change the position of some of the desks, owing to moving Mrs. Finks upstairs where she could have more quiet, putting the typewriters in the corrider, and moving Miss Eaton to the window of Mrs. Finks present room, Miss Burnett could take Mrs. Finks desk, and Mrs. Baker use the table when needed, that Miss Grier used to need. The Committee decided to urge the young ladies in the office to go out in the fresh air for 10 or 15 minutes every day after eating their lunch.

MISS RUE did not feel willing to make any engagement with us for less than a year, consequently a motion was carried that Miss Rue's services having been found acceptable, her engagement would be for a year at $500.00

OAKLAND INSTITUTE, N. C. After recess affairs at Oakland Institute were discussed, the result of which was a resolution to write Miss Graham, the principal, asking her to hold the few classes she teaches of but one or two pupils, in the afternoon, thus leaving more time for other classes in the morning. A little less time could be given to domestic duties, and the engagement of another teacher thus obviated. It was also resolved to write Mr. Pease, telling him of our approval of his proposition to call in a niece of Mr. Garrett to teach the higher pupils in music, Miss Brainerd being more strictly devoted to vocal music. Also ask him to communicate with the Board as to what this could be done for. Mrs. James is to write Miss Graham on the points mentioned by Mrs. Finks.

It was to beg them to urge Congress to sustain schools among the Freedmen. Mrs. James thought it would be well to write them that these matters will in all probability come before Congress this winter, but that we are cautioned by well informed advisors not to press this as a Committee.

DR. COLTMAN. Mr. Boyd brought in a letter from Dr. Coltman giving an account of his investigation of the building at Sante Fe as requested by secretaries. He tells of some changes in uses of rooms which seemed to him quite necessary. Much of the building is in very unfinished condition. No clothes rooms or room for house linen etc. no banisters as yet to the stairs. An estimate for these alterations in carpentering and plumbing about $500.00 $50.00 more for plank walk etc., about $575.00 for furnishing, lighting etc. Much outside fencing is needed. The furniture can be bought there. Resolved to consult Mr. Eaton on this matter.

MISS PURLEY, writes that the added $50.00 offered the teachers in Utah, it would be impossible for her to accept, as she considers the rate of living is sufficiently low there to enable one to live comfortably on $450.00.

CHANGES IN OFFICE. Miss Burnett was called in to hear the proposition concerning her new duties as secretary of literature. The idea seemed to be satisfactory to

Mrs. Finks moved that a Conference be held in the interest of the harmonious conduct of the work with the secretaries of the Board and the School Committee. Mrs. James was asked to write Dr. Booth as to a convenient day for said Conference.

It was decided to ask the Committee on Blanks to report at the next regular meeting.

SANTA FE, N. M. Mrs. James read a letter from Miss Allison in regard to the duties to be assigned to Miss Fleming. Resolved that Miss Allison's instructions be examined and if satisfactory a copy be sent Miss Fleming, also that we recommend a weekly meeting of the teachers for prayer and conference.

MISS ROGERS,-RESIGNATION. Letter was read from Miss Rogers stating that she could not longer continue in the work at her present salary. The Committee do not feel that they can increase her salary and decided to accept her resignation with regret , to take effect at such time as she can secure another position. Mrs. Finks is to be consulted as to this action.

It was decided to ask Miss Burnet to keep a memorandum of number of invitations and envelopes sent out this year, that we may know the number needed in the future.

Tuesday, Dec 10th, 1889.

Meeting of Ways and Means Committee on Tuesday, Dec. 10th, at 10.30 A.M. Present Mrs. James, Mrs. Ham, Mrs. Grier, Mrs. Boyd, Mrs. Tinka, and Mrs. Brownell.
Meeting opened with reading of Scripture and short prayers.

JEWELRY. With regard to the jewelry given to Mr. Austin by a young woman in Roseville, N. J., it was thought best to write, stating that it was not yet disposed of and if she had changed her mind in regard to it, we would return all or any of it she might wish; if not, we will place the articles on sale at the amounts given to us as their present value from a jeweller. The amounts to be $15.00 for the pin, $10.00 for the diamond ring, and $3.00 for the plain gold one. This was put as a motion and carried. Also that Miss Burnet be asked to write the letter, and make an effort to dispose of the jewelry until Miss Haines returns, when it will be left in her hands.

SCHOLARSHIPS, ASHEVILLE,- MRS. PRATT. Some little confusion seeming to exist as to the conclusion come to with Mrs. Pratt, Mrs. Finks asked for more information. Mrs. James stated that Mrs. Pratt had been told that only 50 scholarships were to be solicited for the day-school at Asheville. Mrs. Finks was asked to write Mrs. Pratt, making a clear statement of this fact, as higher numbers had come in to us, indicating a larger number of scholarships than were authorized.

PRESENT METHODS OF WORK. Mrs. James then stated that this meeting had been called for a particular purpose, and that must now receive our undivided attention. We have grown from a small society in receipt of$5000, to one in charge of $330,000.00. Our present methods of work do not give satisfaction, disbursements are made greatly exceeding our receipts, and we feel the time has come that some change in administration should be made. The question then is, what suggestions we have to propose at the Conference with the School Committee, to be held on Thursday. A long discussion was held as to the weaknesses of our present system of work, and resulting, suggestions were brought out which on motion it was resolved to bring before the School Committee. The first proposition was that the bills paid by Mr. Eaton shall hereafter be presented to the Finance Committee at stated times, for approval, the Finance Committee reporting to the Exec. Committee as well as to the School Committee. Another proposition was that since it seems to us that Mr. Eaton has not the time with his duties on the Board of Home Missions, to give the attention needed by the Woman's Exec. Committee, in the disbursement of all its moneys, that we ask the School Committee to appoint some one for this office who can give us his undivided time, so that constant consultation can be held with the Woman's Exec. Committee, regarding these disbursements.

WAYS AND MEANS.

A third proposition was that in order to have our buildings put up with less misapprehension as to the cost, we have a superintendent of buildings appointed by the Board. Also in this connection that no plans for building be approved by the School Committee without the approval of the Woman's Exec. Committee. A motion was seconded that a Committee pe appointed to confer with some gentlemen versed in business matters, to better formulate the ideas expressed above, before expressing them to the School Committee on Thursday. Committee appointed was Mrs. Sinclair, Mrs. Ham, Mrs. Brownell, with Mr. Ham at 40 Wall St. Motion carried that all propositions to be brought before the School Committee, be presented by the recording secretary.

Mrs. James next brought up as a point to be asked of the School Committee, how far our authority as a Committee is to be limited in the decision of questions coming to us just after a meeting of School Committee, as at present we are obliged to wait their next meeting before asking their approval. Also to ask whether there are any disbursements which we can order without appealing to the School Committee. This Committee ask if they may be represented at the meetings of the School Committee, either by one senior secretary or some member of the Exec. Committee appointed in her place.

Motion carried that we ask if one of the School Committee can be appointed to confer with our secretaries in order to a clear understanding of the work before their meeting.

A motion was carried that we ask for a secretary on the Board of Home Missions, who would give his time largely to the school work, and be able to visit our schools.

Present Mrs. James, Mrs. Ham, Mrs. Grier, Mrs. Crosby, Miss Peck, Mrs. Sinclair and Mrs. Brownell.

MISS UFFORD, - SCHOLARSHIPS. The first business was the discussion of Miss Ufford, soliciting scholarships, and whether we could sanction her carrying on a boarding school. Mrs. James made motion that we inform Miss Ufford that we cannot grant permission to solicit scholarships for a boarding department which we feel unable to support. Motion seconded.

Mrs. Grier made a motion which was carried, that Miss Ufford's attention be called to the fact that at a previous meeting we had limited the school to the boys of Stanley Co., and think it should be confined to that section. Motion also carried that Mrs. Finks write to ask her just what her ideas are in regard to a boarding department, copying the letters written her by the School Committee, limiting her action, and giving her the motions just carried. A copy of the letters of the School Committee also to be sent to Miss Stevenson and Mrs. Pratt for their better understanding of the situation.

MISS MC CULLOUGH, -ILLNESS. Rev. Mr. Smith has written to the Committee asking if we could bear any of the expenses of Miss Mc Cullough's recent illness, and suggesting as she is to remain east till the fall, we might think a quarter's salary sufficient. The Committee gladly acquiesced in this arrangement, and Miss Mc Cullough will be so informed.

HOSPITALITY, -COMMITTEE. SCHOLARSHIPS,- MEMORIAL SCHOOL. Mrs. Finks read letter from Mrs. Pratt, stating that she had received the minutes sent her. She had written those of the King's daughters who had sent scholarships, that there were now sufficient for the Memorial School, and suggests to them to let them go for those of the Home Industrial school; bands to have half scholarship with a flower name. Mrs. Finks said this latter idea had been voted down long ago, as it makes much confusion and necessitates a great deal of writing, but the former meets with approval. It was so voted by the Committee and passed as a motion, Mrs. Finks to write Mrs. Pratt to this effect.

MISS GRACE DODGE. Mrs. James read letter sent her by Miss Grace Dodge, on the appointment of women to various posts in the city where the need of the inspection of women is felt a necessity. Three meetings are to be held in connection with this movement, in Association Hall, and an invitation will be sent to any members of our Committee so desiring, their names and addresses to be sent Miss Dodge. It was resolved to make this statement at our next general meeting.

HUMILIATION AND PRAYER. Mrs. Finks spoke of the resolution passed at our Annual Meeting to hold a week of humiliation and prayer in the spring just as we have a week of Thanksgiving in the fall. Mrs. Finks had made notice of this in the February number of the magazine and suggested that the offering made at that time be held for the General Fund.

OAKLAND INSTITUTE,- MR. PEASE. Mrs. Finks read letter from Miss Stevenson, stating that Mr. Pease has never been consulted on the circular of Oakland Institute and feels quite hurt about it. He feels the present methods are not carrying out our ideas, and he could not continue as superintendent if so continued. Mrs. James mentioned the fact that Mrs. Boyd continues quite poorly, and suggests to the Committee the advisability of asking her to make a trip to Asheville, with Mrs. Mason of Brooklyn as company, for the purpose of change of air as well as to confer with Dr. Erdman and Mr. Pease on a curriculum for Oakland Institute. The Committee were unanimous in passing this as a motion, and will bear the expense of Mrs. Boyd's trip.

SCHOLARSHIPS - MEMORIAL SCHOOL. Mrs. Tinka read letter from Mrs. Pratt, stating that she had received the minutes sent her. She had written those of the King's daughters who had sent scholarships, that there were now sufficient for the Memorial School, and suggested to them to let them go for those of the Home Industrial school; banda to have half scholarship with a flower name. MISS MC CULLOUGH'S WORK. A motion was carried that Mrs. Finks represent Miss Mc Cullough's work before the School Committee on Monday, and thus relieve Miss Mc Cullough from the necessity of coming on from Phila. On motion Mrs. Sinclair was appointed to ask Mr. Eaton for a written statement of the buildings at present being erected, the probable cost of each and the money in hand for the same. The reply of the School Committee, to statement presented by Executive Committee was then read and discussed. A motion was carried to renew the insurance on the magazine stock as heretofore. Meeting adjourned.

MINUTES OF MEETING JAN. 24TH. Mrs. Finks asked that action be taken upon the request of Mr. Bull, which has been in our hands for some time past. He asks that his salary be advanced to $1000.00, that more help be given him during his busy months, so that he will not have to remain after office hours, and for a vacation in the summer. Mrs. Finks presented a letter from Miss Day of Plainfield, N. J., who has applied for a position under the W. Ex. Com. She has been employed on the "Chautauqua for five years, and is familiar with the mailing department, will come for $450.00, with the expectation that her salary will be increased to $600.00 shortly, if she is capable of doing the work. Mrs. Finks, Mrs. Grier, and Mrs. Ham were appointed to confer with Mr. Bull in regard to this matter, they were instructed to assure Mr. Bull of the entire satisfaction of the Woman's Ex. Committee with his work, that they were ready to grant him more help and also the vacation asked for in summer, but could not increase his salary, they were also to inform him of the application of Miss Day for the position.

TREASURER. As it seems both desirable and necessary for the treasurer of the W. Ex. Com. to be at the rooms and give her entire time to the work, it was decided that Mrs. Boyd be asked to accept a salary for her services.

On motion of Mrs. James a fire was ordered in the grate of reception room for one week, as an experiment in ventilation, if successful, to be continued.

WAYS AND MEANS.

February 11th, 1890.

Meeting of Ways and Means Committee on Tuesday, Feb. 11th, at 11 A. M. Meeting opened by short prayers. Present Mrs. James, Mrs. Ham, Mrs. Sinclair, Mrs. Wickham, Miss Peck, Mrs. Finks, and Mrs. Brownell.

STANLEY CO.-MISS UFFORD. Mrs. Finks read letter from Miss Ufford, telling of the near completion of the building, hoping to have it quite finished by March 1st. She is working with the understanding that the work be limited to Stanley Co. They have only four boys in prospect as boarders, but many promised for day scholars. The number of boarding pupils she hopes to take in is 17. It was considered best to remind Miss Ufford again that the number of boarding pupils must be limited to those able to pay, and who shall be necessary to carry on her establishment, giving her encouragement in the future to carry on a larger work, but enforcing the fact that at present we cannot maintain a boarding department.

A motion was carried to this effect, limiting the number to the four already with her.

VOLUNTEER WORKERS. A motion was carried that we have a conference with the secretaries of the Board as to the advisability of asking for volunteer workers, those willing to go on the field without salary, through the medium of the magazine.

SISSETON, S. DAK. Mrs. Morris of Sisseton, S. Dak. has been writing asking for a secretary for her husband, and asking for an appropriation for this salary. She also asks if a separate instructor could not be provided for the children of the families engaged in the work there. The fact that these children cannot make rapid progress when kept with the Indian children who are learning a new language, and that the younger ones are acquiring the accent and manners of the Indians, seem to necessitate something being done for them. She suggested that a young lady might be secured who would instruct these white children, and give Mr. Morris the help he needs in his writing in her spare time. She thinks if about $225.00 could be secured for the salary of such a young lady, the balance might be made up among themselves, as they would be willing to pay something towards the education of their children.

WAYS AND MEANS.

Meeting of Ways and Means Committee on Tuesday, Feb. 11th, at 11 A. M. Meeting opened by short prayers. Present Mrs. James, Mrs. Ham, Mrs. Sinclair, Mrs. Wickham, Miss Peck, Mrs. Tinka, and Mrs. Brownell.

STANLEY CO.-MISS UFFORD. Mrs. Tinka read letter from Miss Ufford, telling of the near completion of the building, hoping to have it quite finished by March 1st. She is working with the understanding that the work be limited to Stanley Co. They have only four boys in prospect as boarders, but many promised for day scholars. VOLUNTEER WORKERS. A motion was carried that we have a conference with the secretaries of the Board as to the advisability of asking for volunteer workers, those willing to go on the field without salary, through the medium of the magazine.

ELSSTON,-S. DAK.. Mrs. Morris of Elsston, S. Dak has been writing asking for a secretary for her husband, and asking for an appropriation for this salary. She also asks if a separate instructor could not be provided for the children of the families engaged in the work there. The fact that these children cannot make rapid progress when kept with the Indian children who are learning a new language, and that the younger ones are acquiring the accent and manners of the Indians, seem to necessitate something being done for them. She thinks if about $225.00 could be secured for the salary of such a young lady, the balance might be made up among themselves, as they would be willing to pay something towards the education of their children.

A motion was carried that the decision of the case be left with Mrs. Finks as having a thorough knowledge of it, also that she explain to Mrs. Bryan the circumstances of Mr. Morris, and recall to her the fact that the missionaries on the Foreign field have to educate their own children, putting even the ocean between them for this end.

ADOPTS CHILD,- MISS FLEMING of MUSCOGEE, IND. TER. writes again about the child that she wishes to adopt, that it is only 2 1/2 years and that her mother left it with her on the condition that she should not be put in an asylum. She could not resist taking her, before hearing from us, and begs that we may be lenient with her. It was moved and seconded that Miss Fleming be written to that we had not the heart to take the child from her now, and would trust to her ability to care for it.

MISS GEE writes of the GIRL who has been with her, that she should now be sent away elsewhere to school, and has been visiting the Baltimore ladies asking if they would not furnish $100.00 for her tuition. Mrs. Finks thinks that she should be sent to Salt Lake Institute, and not east. Mr. Boyd thinks that the money should not be asked of a society, as difficulties arise from such outside appropriations. It was decided to defer an answer till Mr. Boyd could be consulted.

ALBUQUERQUE, N.M.,- RULES. The rules that Mr. Coltman have sent on for the guidance of his school, have been warmly endorsed by Mrs. James, and he will be so informed.

APPEALS MADE BY TEACHERS,- PERSONAL NEEDS. Mrs. James spoke of the appeals made by teachers in going about and addressing societies, and the money that these appeals brought to them, and the question arises whether this money so received, should be all sent in to the Committee to use on their own particular field. Then followed a discussion as to small amounts given to teachers for their own personal needs, out of interest excited from contact with them. Moved and seconded that we reconsider our former action on personal gifts to teachers, and hereafter leave all such gifts as optional to the teachers themselves.

A motion was carried that the decision of the case be left with Mrs. Finks as having a thorough knowledge of it, also that she explain to Mrs. Bryan the circumstances of Mr. Morris, and recall to her the fact that the missionaries on the Foreign field have to educate their own children, putting even the ocean between them for this end.

Mrs. Finks thinks that she should be sent to Salt Lake Institute, and not east. Mr. Boyd thinks that the money should not be asked of a society, as difficulties arise from such outside appropriations. It was decided to defer an answer till Mr. Boyd could be consulted.

ALBUQUERQUE, N.M. - RULES. The rules that Mr. Coltman have sent on for the guidance of his school, have been warmly endorsed by Mrs. James, and he will be informed.

APPEALS MADE BY TEACHERS, - PERSONAL NEEDS. Mrs. James spoke of the appeals made by teachers in going about and addressing societies, and the money that these appeals brought to them, and the question arises whether this money so received, should be all sent in to the Committee to use on their own particular field. Then followed a discussion as to small amounts given to teachers for their own personal needs, out of interest excited from contact with them. Moved and seconded that we reconsider our former action on personal gifts to teachers, and hereafter leave all such gifts as optional to the teachers themselves.

OAKLAND INSTITUTE, N. C., -CURRICULUM. The curriculum for Oakland Institute will be gone over with Dr. Booth, at the extra meeting on Thursday.

BOX WORK, -MRS. D. C. WICKHAM VOLUNTEERS. to take the box work entirely in her own hands, providing she can keep the books at home. A motion was carried that Miss Rogers hereafter be authorized to see any secretaries applying for blanks for missionaries boxes, and refer them to Mrs. Wickham at her home by writing for particulars, as she will hereafter hold the books there.

ZUNI, N. M., -BUILDING. Mrs. James brought up the building at Zuni, N. M., and the secretaries were asked to come in for consultation. She stated that one of the buildings that we use is owned by the Government, together with one acre of ground, and is no longer worth the repairs we are putting on it. Miss De Sette stopped at Washington and was told there that the Board should keep the building in repair as long as they furnish the building. A new shingle roof would cost 4 or $500.00. A fence is an absolute necessity. The secretaries stated that $850.00 had been the appropriation already for this point. Mr. Boyd thinks the cost of such a building as Miss De Sette specifies would not be less than $2000.00. After a long discussion on the phases of the work at this point, it was decided to refer it to the School Committee, whether the outlook warrants the continuation of our efforts. The secretaries then retired.

ALBUQUERQUE, N. M., -RULES. The rules prepared by Dr. Coltman for use at Albuqueruqe, N. M., were read and each one passed upon as read. The resolution after rule first was that the inventory asked for to be made out by teachers of "all property in their rooms and departments" shall be asked of teachers in all the schools. All the remaining rules were passed upon with approval.

BUILDING COMMITTEE. The paper made out by Dr. the Building Committee was then read by Mrs. Ham, questions to be sent to each school with blank spaces left for answers, the whole to be returned to Exec. Committee. A separate sheet to be sent for the plan of the building, all to be enclosed with return stamped envelope. Exec. Com- Mr. Finks will be asked to prepare these papers in proper

form, and to submit them again to us. When they are returned they are to be filed in a book cover and kept in the rooms for reference.

PRESBYTERIAL AND SYNODICAL BLANKS. Mrs. Finks brought in specimen of blanks for Annual Presbyterial and Synodical reports, to show us that a mistake had been made in one of them. After consideration a motion was carried that Mr. King would have to be informed that we could not accept the one containing the mistake, and ask to have it rectified, and the blanks delivered in our office not later than the middle of next week, and if this could not be done the order to be placed elsewhere at once.

BUILDING COMMITTEE,-REPORT. Mrs. Ham read report of Building Committee carefully prepared from statements of Mr. Eaton. Points to be referred to Dr. Booth were noted.

WAYS AND MEANS.
February 13th, 1890.

Meeting of Ways and Means Committee in conference with Dr. Booth, chairman of School Committee. Dr. Booth opened the meeting with a prayer for guidance and wisdom in the adjustment of matters before us.

SUPERINTENDENT OF BUILDINGS. The first point was then read on reply of School Committee to Exec. Committee on the appointment of a superintendent of buildings on the field , as well as of a third secretary on the Board

of Home Missions. Dr. Booth replied in answer to this that as to the appointment of a third secretary on the Board of Home Missions, a renomination is to be made at their next meeting, and that when this secretary is decided upon , it would then be easier to consider the necessity of a superintendent of buildings on the field. When the first shall have his duties assigned him, and it shall be seen how much time he can give to work on the field, it will pave the way to the settlement of this latter work. Dr. Booth stated that there had not been sufficient classification of the work, owing to its rapid increase and insufficient force. He would speak almost disinterestedly as he was interested as fully on the Foreign Board and the Board of Church Erection as on the Board of Home Missions. Asking the opinion of the ladies separately on this point, Mrs. Sinclair expressed the conviction that the time of a third secretary would be easily filled in the office here, and no time be left to canvass the field. Dr. Booth thought that the school work should never be separated from the regular work of the Board, and that it is certainly understood that at present the third one to be chosen will be with that idea prominent, to spend much of the time on the field. This arrangement he considered, would do away with the appointment of another man still on the field with an extra salary. Mrs. Grier and Mrs. Ham felt they would be well satisfied if the third secretary will be enabled to give much of his time to the school work in consultation with the ladies, and to their assistance. Mrs. James thought a mere pastor would hardly fill the requirements of the case, he would need to have experience in actual supervision of schools and boards as well as in religious work. She added that we were often very uncertain as to whether a boarding-school or a day-school only would be adequate for a certain point, each teacher feeling such interest in her own work that it is in her eyes of pre-eminent importance. The man employed in this position must be equal to making these decisions for us, and even to look into the curriculum of study pursued at the most importants points. It would be more desirable that he <u>has</u> been a pastor, and quite important that he be a secretary. Dr. Booth replied that it was owing to these various requirements being necessary, that the difficulty lay in making the selection of the new officer. Mrs. James felt sure we were all of one mind and stood ready to make the experiment. Dr. Booth suggested.

of Home Missions. Dr. Booth replied in answer to this that as to the appointment of a third secretary on the Board of Home Missions, a renomination is to be made at their next meeting, and that when this secretary is decided upon , it would then be easier to consider the necessity of a superintendent of buildings on the field. REPRESENTATION AT SCHOOL COMMITTEE MEETINGS. PAYMENT OF SMALL FUNDS.

SECOND POINT, as to the Exec. Committee being represented at meetings of the school Committee by their senior secretary, or by some member of the Committee appointed in her place. Dr. Booth's explanation of the limitation in the reply to the senior secretary, that some members of the School Committee rather objected to having any but our secretary enter their meetings, but he changed the reply of the School Committee to read that on appeal to that Committee any other person, in absence of Mrs. Finks, with matter of importance to present, would be always listened to with favorable attention.

THIRD POINT,-PLANS OF BUILDINGS. Third point, as to plans of buildings authorized by the School Committee, to be also approved before adoption by the Woman's Exec. Committee, Dr. Booth replied that he had always understood that this was done, and that the School Committee had no other thought than having plans approved by us. We should insist absolutely upon having this carried out, it was only right, and was certainly so understood by the School Committee. Mrs. Ham cited instances where our attention had been called to plans in progress, and directions had gone from us to rectify details of importance before too late, that these requests had received no notice whatever. Dr. Booth asking for a free expression of any other such difficulties, the general fact was mentioned that we have been laboring under disadvantages because of the few details we receive from the treasurer of the Board as to the disbursements of our funds. Monies sent in for specific purposes are sometimes used for other purposes that are deemed more important at the moment. Dr. Booth thinks that this difficulty in plans lies greatly in the fact that the workers on the field secure plans for building and carry them out by themselves without consultation with either School Committee or Exec. Committee. He changed the first wording of our request finally to read that no plans for work, either educational or structual, should be approved by the School Committee unless approved by the Exec. Committee, or after consultation with the Exec. Committee.

FOURTH POINT,-PAYMENT OF SMALL FUNDS. As to the payment of small sums or the granting of requests of small

st, 1890. Present, Mrs. James, Ham, Mrs. Finks, and Mrs. Grier.

FIFTH POINT,-METHOD OF TREASURY WORK. Dr. Booth read the reply of School Committee and stated that when this paper was read before the Board, Mr. Kennedy suggested that we should look upon Mr. Eaton as our banker, and all bills hereafter be paid by him, after endorsement of the Finance Committee of the Woman's Exec. Committee. The details for the payment of petty cost would require a separate resolution. All bills for expenses in the office could be paid by the endorsement of the Finance Committee without going before the School Committee, and without any delay, by Mr. Eaton. We should unquestionably have at once a competent cashier in our office on salary, who shall make daily payments to Mr. Eaton of monies received, taking from him vouchers for the same; keeping books recording all the schools with their expenses, and money paid out for them, and receiving from Mr. Eaton a weekly or more frequent statement of all disbursements to be recorded in a separate book and to be reported to the Exec. Committee at their weekly meetings. Mr. Eaton can pay all bills hitherto made payable to the Woman's Exec. Committee up to the amount of $10,000.00.

ASHEVILLE, N.C.,-MISS MONTGOMERY. Miss Montgomery a pupil in Oakland Institute, is to be written to ascertaining whether she is willing to resume her position as teacher of sewing in Asheville Industrial school. Consideration for instruction she will receive.

OAKLAND, N. C. Mrs. Finks is to write Miss [illegible] she will not be needed next year at Oakland, N. C., unless may be found for her elsewhere.

SPRINGVILLE, UTAH,-TEACHER. Mrs. Finks stated that a teacher was needed at Springville, Utah, capable of teaching the higher branches. Miss Mc Cullough is the best, and Miss Work is overtaxed. This matter to be brought before the School Committee of the Board of Missions.

CONFERENCE WITH DR. JACKSON.
March 10th, 1890.

Conference with Dr. Jackson on Monday, March 10th, at 11 A.M.

First gave an account of the northern trip of Lieut. Com. Stockton, who went up through Behring's Straits and found only three points where are permanent settlements, Point Barrow, Point Hope, and Cape Prince of Wales, the population at each of these numbering three or four hundred Esquimoux, not Indians, increased to several thousand about twice a year when the nomads come to the coast for trading purposes.

At the latter point the distance is only 36 miles from Asia. If the Gospel therefore were preached at these three points it would reach this scattered population and undoubtedly be the means of causing many to settle where they would always be under its influence. The Government has offered to give $3000.00 for each of these three points, within this first year. The Congregationalists have offered $2000.00.00. towards the work, the Episcopalians $2000.00, and Mrs. Farland Shepard has taken one station. The Territorial Board of Education sanction the enterprise, and it was through this influence that Dr. Jackson succedded in securing the aid from the Government, but the Commissioner of the Board was not willing to put any men that might apply for the sake of salary or otherwise into these points unless thoroughly endorsed by Christian men. He therefore inclined to appeal to the Moravians, whose work he had watched and proved. Dr. Jackson went accordingly to Bethlehem, and had a long conference with them, and said that he never felt so strongly his own littleness as in the presence of these spiritual and mission loving people. They gave the matter earnest consideration for three days, and as a result concluded they could not undertake the new station for another year, as they had other important points to strengthen. Dr. Jackson told of the workers sent out from England, east of this vast region, and the privations they endure for the sake of saving these people,- one bishop and his wife living at different points every winter because there is not enough food for them both at the same station. If England can find such consecrated workers, why may not our own country?

The timber for these buildings as well as all provisions has to come from San Francisco. The man who put up the Government building at Point Barrow offers to put up similar ones at these three points for $3000.00. This makes a building of one story, 50 x 18. The rest of the money contributed will support the school, the most of the expense being the salary of the missionary.

CHILCAT, HAINES, -ALASKA. Dr. Jackson has the promise of a missionary and his wife to go to Chilcat, and Haines, Alaska, Mr. and Mrs. Allgire from Ohio, both of them teachers in a high school and very highly recommended. The Government pays their salary and Dr. Jackson only asks the Board to pay their traveling expenses. The headquarters of the Yukon are about thirty miles back of Haines.

Dr. Jackson has the promise of a missionary and his wife to go to Chilcat, and Haines, Alaska, Mr. and Mrs. Albright from Ohio, both of them teachers in a high school and very highly recommended. The Government pays their salary and Dr. Jackson only asks the Board to pay their traveling expenses. The headquarters of the Yukon are about thirty miles back of Haines.

JUNEAU,-ALASKA. Miss Matthews has resigned at Juneau, on account of ill-health and need of change. She wishes to go by May, so a teacher must be sought at once.

HOONAH, ALASKA. At Hoonah, Alaska, they need a church and school building combined, which would cost $1500.00. Dr. Jackson thinks very highly of Mr. and Mrs. J. W. Mc Farland at this point. He thinks a building of hewn logs would be perhaps the best, as warmer and more comfortable. The starting of a Home Dr. Jackson thinks advisable if we can undertake it.

FT. WRANGLE,-ALASKA. Mr. Mc Kay is doing a good work but is deeply in debt. He has $400.00 of unsolicited money for the Home which he is very desirous of. The debt is on his parsonage, the $500.00 given him by the Board not having been sufficient. He now asks that his wife be commissioned at $300.00, with this he proposes eventually to get out of debt.

KLAWOCK,-ALASKA. Dr. Jackson has secured a man, a Mr. Wilson, a ruling elder from Ohio, for whom he only asks of the Board the traveling expenses, the Government paying the salary. The building is ours, or rather in part, only, as Miss Curry the late teacher has paid $600.00 on it. It remains now to see that she be paid.

HOWKAN,-ALASKA. At Howkan, the building for Mrs. Mc Farland's Home is of course the principle thing.

SITKA,-ALASKA. At Sitka, is needed a farmer and man of all work combined, a second man as cooper and sawyer in charge of the saw-mill, and a medical missionary. A trained nurse for the boy's hospital, a woman in charge of the teacher's mess, and a teacher of cooking and washing as well, The duties of the farmer are to take charge of the vegetable garden, the care of the horses and cows, etc., probably asking a salary of $800.00. All along the coast potatoes and other vegetables can be raised, and there are fine dairy farms as far as Cook's Inlet.

FINANCE AND WAYS & MEANS COMMITTEES.

Present, Mrs. James, Mrs. Finks, Mrs. Ham, Mrs. Sinclair, Mrs. Crosby, Miss Peck, Mrs. D. C. Wickham and Mrs. Brownell.

DR. WISHARD, our new synodical missionary in Utah, came in and was introduced to each one individually. He asked if there were any points we wished especial attention given to as he would make note of all such.

As to SALT LAKE CITY, whether we still need a high school at this place, or if not at what point is it most desirable. He will communicate with Committee later.

At SPRINGVILLE, Mrs. James said they were greatly in need of a dining hall for the Hungerford Academy. Indeed a boarding hall is asked for. Mrs. James asked Dr. Wishard to endeavor to find what the expense of such an addition would be, and also as to Miss Munger, whether she is suited to her post. Also as to Miss Work at this same point.

At TOQUERVILLE, Mrs. James stated that Miss Burke was continuing there, offering to do so without salary, for we had deemed the point too small and unimportant to be continued. The same question regarding MRS. BLACKBURN at ST. GEORGE, and MISS BAKER at SAMARIA.

Mrs. James assured Dr. Wishard of the great confidence we felt in having him over so important a work as that of Utah.

Mrs. James stated that Dr. Wishard's daughter sings most delightfully with him, and having returned from the foreign field will be able next winter to join her father and assist him in holding meetings. A motion was carried that when Mrs. Fulton shall be able to accompany her father as they both desire, we ask the School Committee to sanction our offering her a suitable compensation for her services.

TREASURER,-MRS. BOYD,-MISS LINCOLN. Mrs. Boyd's letter declining the position of treasurer on salary for the Committee, was read. Mrs. Boyd's resignation was then considered, and on motion it was resolved to have Mrs.

Brownell write a note to Mrs. Boyd accepting her resignation with regret, but assuring her that as one of our vice-presidents, hereafter we shall look for her presence so long invaluable to us, at every meeting.

The question was then put as to whether the Committee approve the appointment of MISS LINCOLN for this position. On motion this was carried in the affirmative. The question of Miss Lincoln's salary as treasurer was then discussed, and on motion it was resolved to offer her the salary of $900.00, her duties to begin the first of April.

MRS. BAKER'S services having been of the highest worth and having been rendered in times of emergency at the expense of her vacation, it was moved and seconded that a present of $100.00 be given Mrs. Baker at once.

MISS ROGERS having expressed herself unwilling to accept less than $800.00 salary, the situation was discussed. It was decided that in justice to the work, Miss Rogers be re-engaged for the coming year at $800.00, but with no promises of a continuation of her services at that figure. Mrs. Ham asked to make the communication. On motion this was carried.

MR. BOYD,-MATTERS. Mr. Boyd brought in some matters referred to us by the School Committee, to be presented to the Board this afternoon.

SITKA, ALASKA,-SALARY-INTERPRETER. The first matter was for the continuance of the salary of $150.00 for the interpreter for Mr. Austin.

FT. WRANGEL,-ALASKA. The appointment of Mrs. Mackey for Ft. Wrangel was referred to the Spring Conference. Mr. Gould coming east very soon, decision as to his field is delayed for personal conference.

The $1000.00 raised by the ladies of Minneapolis for the physician's home at Sitka is resolved to appropriate for that purpose, provided the building can be put up for that amount.

Motion carried that the action of the School Committee on all these Alaskan matters be approved by Executive Committee.

UTAH,-TOQUERVILLE. Miss Burke has been continued for five months more at Toquerville. No action was taken on the Boarding department at Springville, referred to Spring Conference.

NEW MEXICO. In New Mexico, there was an account due Mr. and Mrs. Hawley, $350.00, which has been settled.

Board approves the school exercises prepared by DR. COLTMAN.

ZUNI. Mr. Menual has been asked to look into the affairs at the Zuni School and is to consult with the ladies at that point as to what they wish done.

A request from Miss Allison asks the removal of Miss Mc Monagel. Decided to make no change till close of school year in June. On motion this action of School Committee was approved and confirmed.

INDIAN WORK,-WEALAKA. The Wealaka school buildings have just been burned, and Dr. Hills proposes a readjustment of the workers, this is that Miss Effie Chambers be transferred to Red Fork, Miss Childs to Atoka, and Miss Atwater to Tahlequah. Miss Keyes he proposes to transfer as assistant to Miss Bodine at Pheasant Hill. Mr. Dickerson is transferred to Nuyaka, to fill the same office at that point as he held at Wealaka, four month's work at $50.00 per month. Discussion held as to this sum for the office of disciplinarian only. Motion carried that the salary be continued at $40.00. The Committee approve his receiving a box of such necessities as he stands in need of.

The other teachers received a month's salary and were sent to their homes. On motion this action was approved.

The request at Dwight for a wagon was granted. Miss Alice Robertson has taken in a kindergarten teacher and asks for her traveling expenses only. She promises the salary from friends of the school. This is to be investigated as it is somewhat out of regulations.

MOUNTAINEERS. $300.00 was asked for at Huntsville, Tenn. to complete a building. This was not granted by School Committee.

With regard to Miss Graham's removal from Oakland Institute, the School Committee advise one of our members writing to Miss Graham, suggesting her sending in her resignation. Mrs. Ham suggested to write the letter. The request to take in summer boarders at Oakland Institute, proves to amount to a request from Southern pastors to hold a school of philosophy during a part of the summer. This Dr. Nelson thinks would only be courteous, and the Executive Committee approve of such permission being granted, provided the building be kept in good order.

Committee

OMAHA AGENCY. Mrs. Quinton's proposition for us to take the buildings and grounds of the Omaha Agency as a gift in fee simple, it is now decided to accept without reservation, Mr. Boyd having investigated the place on his recent trip. This point is about 60 miles north of Omaha. A Mr. and Mrs. Thaw of Pittsburg have built a house for the missionary at this point, but it stands on land owned by the Indians. They ask $100.00 for the use of this land for the term of 20 or 21 years. The School Committee approve of this payment. It is Mrs. Wade's idea to remove the boys to this house, leaving the girls alone at the first point. A superintendent is needed at once as Miss Fetter is old and not equal to so large an enterprise. It was decided that the case needed further consideration as to these details, but the $100.00 it was agreed to pay. On motion this was carried, to be taken up as new work next year.

This ended conference with Mr. Boyd.

MT. PLEASANT,-UTAH. Mrs. Crosby asked as to money needed for Mt. Pleasant, whether it was advisable to take any pledged for General Fund in the Fifth Ave. Church for this object. Mrs. Sinclair stating that $150.00 was still to be disposed of by that society, on motion it was resolved to ask for that to be appropriated for Mt. Pleasant, and in no case to touch the money pledged for General Fund.

MR. HONEYMAN,-SPEAKER. Mr. Honeyman speaking very acceptably to societies, on motion it was decided that we offer $5.00 to Mr. Honeyman for the meeting he addressed in Jersey City, and hereafter for every meeting he addresses.

LEAFLET,-PREPARATION FOR THE MASTER'S WORK. Mrs. Bailey writes that the leaflet, "Preparation for the Master's work," is an excellent one, and Mrs. James said it is not on our list and suggested at our next regular meeting to bring it to the Publication Committee for investigation.

WHITEHALL, N. C. Mrs. Ham read letter from Miss Stryker, Whitehall, regarding the plan for the new building. Decided that Mrs. Ham consult with Miss Lincoln and Dr. Booth this afternoon on the subject.

ALBUQUERQUE, N. M., -BUILDING. We have $6800.00 from the Government for the girls school at Albuquerque, and Mr. Eaton thinks $1000.00 additional would put up a new building. Mrs. James thought the $1000.00 might be offered the ladies of Baltimore as the Memorial for Miss Sunderland. This sum seeming insufficient, Mr. Eaton will be consulted further. Mr. Eaton said the plans had only been received last night, and would be turned over to us for examination.

RECEIPTS. On learning that there had been a great falling off of receipts this month as compared with last, only one half from all sources, it was thought necessary to have recourse to some expedient, and on motion resolved to have Mrs. Finks write a letter to be copied and sent to a list of women holding large means, asking their assistance, in this emergency.

On motion meeting adjourned at 4 P. M., bills having been examined, approved, and ordered paid.

ANNUAL MEETING. Minutes of Meeting of Committee on Arrangements for the Annual Meeting. Present, Mrs. James, Mrs. Crosby, Mrs. Finks, and Mrs. Brownell.

Resolution passed that Mrs. D. M. Miller be asked to represent us at the Annual Meeting in Elmira of the Ladies Board of Foreign Missions, as she goes as delegate from the Brooklyn Presbytery.

Mrs. Finks stated the need of stamped envelopes in the office, they can be purchased of the Government at lower rates. 3000.00 were therefore ordered on motion.

The little calendar which was prepared by Mr. Finks last year was considered advisable to have again this year with some slight alterations in arrangement.

MONDAY to be retained for synodical missionaries as before, but at 2 P. M. promptly instead of 2.30.

TUESDAY the reports of Synodical Committees made as briefly as possible.

WEDNESDAY, Meeting for Conference of Synodical societies.

FRIDAY, Annual Meeting, Morning session at 10, afternoon at 2 P. M. It will be ascertained whether the Court of Appeals room will be at our disposal during these afternoons from 2 till 4 P. M.

PROGRAMME of Annual Meeting gone over and each item discussed and noted.

Motion carried that a notice go into the May number of the Home Mission Monthly, stating that the June number will be held a week later than usual in order to give the report of the Annual Meeting, a month earlier.

For teachers to speak, Miss Cougle of Hungerford Academy was suggested, Miss Stevenson of Asheville, both of whom will be written to ascertain if their duties will enable them to be present. Mrs. Moore of Nuyaka will be considered. Mr. Billman of Tucson is talked of and if he came would be most acceptable as a speaker. Rev. Frank Wright of Atoka, Ind. Ter., will be written to to ask that if attending General Assembly he will address us. Miss Ordway of New Mexico has a leave of absence and will be corresponded with as to whether she can leave early enough.

Opening of the afternoon session with responsive Bible reading. Motion carried that Mr. Finks be asked to prepare a new one for us. For the further details of the programme it was considered impossible to decide until the synodical officers had sent word who was coming. The hymns were then discussed.

Mrs. Boyd will be asked to give the treasurer's report, and Mrs. Coulter to speak for the Freedmen. Mrs. Finks suggested that the report of synods alphabetically be read this year at the Conference of Synodical societies, instead of during the session of the Annual Meeting, leaving the time usually taken then for an account of the work at large. If Mrs. Walker from Colorado come on, she will be asked to make a report of her field at Synodical Conference, and a prayer in the meeting.

As she has only been on the field one year, the case does not come within our rules and Miss Jones will be written to to this effect.

Mrs. Ham asked to settle this with Mr. Eaton and this action presented to the School Committee for their approval.

MRS. PRATT, -SCHOLARSHIPS. Mrs. Pratt is still getting scholarships for the Memorial Day-school. This was put as a motion and carried.

LAS VEGAS, N. M. Mr. Whitlock, our native Missionary at Las Vegas, has been living in a house for which we have been asked to pay rent, in view of his services for us which are quite important. The rent is but a small item and the School Committee ask us to pay it.

WORK DURING SUMMER. The School Committee recommend the locating and selection of teachers during the summer months to be left to the office with power to do away with any embarrassment during that season. Motion carried endorsing this recommendation.

LAS VEGAS, N. M.-REV. R. W. HILL has been commissioned by the Board, and the Executive Committee asked to pay him a salary of $750.00 for six months and traveling expenses, while he shall superintend the school building at Las Vegas, N. M., and overlook other work.

Mrs. Finks showed the plan of the building there and the proposed improvements. Mrs. Sinclair expressed the opinion that Dr. Hill's plans must all be examined by the Committee as he was not always practical in his decisions. Dr. Kendall was called in to advise the Committee with regard to this appointment of Dr. Hill. Dr. Kendall approves of him because he is economical, a good business man and even a good lawyer, having studied law before going into the ministry. Dr. Kendall thought well of our insisting on having the plans to approve before the buildings are started. He advised his going first to Las Vegas to put the drainage in order. He thought we need not engage him for so long a time as six months. He mentioned the case of Miss Speakman going over to the Methodist church taking the girls with her, because the Presbyterians are at variance with Mr. Fraser. Several points being still needed from Old Dwight, which Dr. Hill had not sent Mrs. Sinclair, a motion was carried that Mr. Johnson be written to for such information.

HOWKAN, ALASKA,-BUILDING. We are asked by the School Committee to authorize the building of a church at Howkan, Alaska, by Mr. Gould, to cost about $1500.00. Ascertaining from Mr. Boyd that Mr. Gould expects to collect this money mostly from private sources, the Committee could make no objection.

DAY OF PRAYER. As to the day of prayer to be held in union by home and foreign workers, it was decided that it be left with Mrs. James to arrange the date with Miss Ellen Parsons.

ANADARKO, IND. TER. Mrs. Finks reported on the

work among the Kiowas at Anadarko, Ind. Ter., that Dr. Hill recommends we apply to the Government for a contract for thirty pupils, and that this would enable us to run the school with the payment of teacher's salaries and the cost of the building. We recommend that inquiry be made of the Government before we can decide whether we can run a boarding school, the Philadelphia ladies have promised $2000.00 in all towards the building, - and in any case to limit it to thirty pupils.

LAS VEGAS, N. M. In regard to sending Mr. Hill to Las Vegas, N. M., our action is that we concur with the appointment of Dr. Hill as agent to attend to the matters of drainage and repairs at Las Vegas, and also concur with Dr. Kendall's advice that the time should not cover six months.

OKMULGEE, IND. TER. A motion was made that we sell our house and lot at Okmulgee, Ind. Ter., and with the proceeds erect a school building and purchase a lot at Muskogee. This was carried.

TAHLEQUAH, IND. TER. That we concur with the recommendation of the School Committee in regard to the sale of the Manse and Brooks Cottage at Tahlequah, Ind. Ter., provided the Board of the southwest are willing that Brooks cottage should be sold.

work among the Ilowas at Amadarko, Ind. We recommend that inquiry be made of the Government before we can decide whether we can run a boarding school; the Philadelphia ladies have promised $2000.00 if all towards the building, - and in any case to limit it to thirty pupils.

TAYLOR, "LAS", N. In regard to sending Dr. Hill to Las Vegas, N. M., our action is that we concur with the appointment of Dr. Hill as agent to attend to the matters of brokerage and repairs at Las Vegas, and also concur with Dr. Tendall's advise that the time should not cover six months.

WAYS AND MEANS.
June 24th, 1890.

Meeting of Ways and Means Committee held on Tuesday, June 24th, 1890. Present, Mrs. James, Mrs. Ham, Mrs. Grier, Mrs. Sinclair, Mrs. Langdon, Mrs. Finks, Miss Peck, Miss Munger and Mrs. Baker. In the absence of Recording Secretary Mrs. Baker requested to take minutes of meeting.

ANADARKO, IND. TER., -KIOWA RESERVATION. Letter received from Government official stating the Government cannot grant a contract for the tuition of pupils on the Kiowa Reservation at Anadarko, Ind. Ter. This will make the school simply a day school; as it has been stated it is no use to open day schools, this matter was placed before the gentlemen, who thought it better to confer with Dr. Hill and Mr. Fait before any conclusion is reached. Mr. Eaton has had the feeling that Mr. Fait, in his zeal for a boarding school, was a little disposed to ignore the good that might be done in a day school. The Philadelphia ladies are very much interested in this work, but it is thought there would be no difficulty in turning their interest to another point.

LOCUST LEVEL, N. C., -SCHOLARSHIPS. The next question for discussion was shall $10.00 scholarships be allowed Miss Ufford in her school at Locust Level, N. C. in order to help pay the current expenses. This also referred to the gentlemen. Mr. Eaton thinks she is in debt for the new building about two or three hundred dollars. It was suggested that Miss Ufford be written to asking her to write frankly to the Committee just the amount of the current expenses of the school. The suggestion was also made that a limited number of scholarships be allowed for the time being. It was feared that there was the beginning of an Industrial school on the plan of Concord which was not the intention of the Committee, it being better to strengthen the schools we already have in Kentucky and Tenn.

RESIGNATION, -MISS CLARA HASTINGS. The resignation of Miss Clara Hastings of Wheelock, Ind. Ter. having been received, it was moved and carried to accept it with regret.

Dr. Hill and Mr. Wait before any conclusion is reached.

SPANISH WORK,-CALIFORNIA. Letter from Los Angeles, Presbytery seven, referred from last meeting to Ways and Means Committee. This stated the present needs and conditions of the Spanish Work in California. Having bought the present building and passed it over to the Board of Home Missions, they are now anxious to enlarge their work by the purchase of a lot next to the present location and put up a building and have a Boarding and Industrial school. This lot can be purchased for $750.00. They desire to raise the money outside of their societies, but wish the Executive Committee to be responsible for the amount, they raising the money and forwarding it to our treasurer. They desire a second teacher, but will raise the salary. They will not confine their efforts to this work. This matter referred to the gentlemen, as it involved the question as to whether it was wise to establish a Boarding school or not. After discussion a number of propositions were made, such as, it be suggested that they hold back the money until they have enough to purchase the lot and then send it to the Ex. Committee in bulk, to be returned to them. They will thus get credit for their work and this will stimulate them. It is thought that perhaps they can agree to take the lot in a certain time, thus gaining them an opportunity to raise the money. Mr. Eaton mentioned the fact of having met a Mr. Merwin who spoke very highly of Miss Boone's work and urged the engagement. Mr. Eaton thinks we are not in a condition to assume the purchase of the lot if they want it now. It was finally decided wise to write and get the terms of sale, and get other information, as the School Committee do not meet until the latter part of July and a definite answer could not be given until the matter is placed before them.

LAGUNA, N. M. Letter read in regard to Rev. Mr. Menual's property at Laguna, N. M., he is desirous of selling it for $500.00, would like to know if Board or Committee wish to purchase it, as there is a chance of others buying. Mrs. Finks reported the Board thought of sending a missionary to this place and that perhaps after a while the Committee might need this building. The land is leased from the Indians for 99 years, nine years of this having expired. This matter referred to the gentlemen, with the thought that the Committee not needing it just now, and the Board expecting to send a minister to this field, it would really come under their

work and perhaps rent the building for the minister.
. . . The gentlemen reported the Board could not buy property, the Mexicans when helped go out on their own farms and thus they are hard to reach. Mrs. Finks suggested that Mr. Menual be written to that we are not in a position to buy the property at present, but in case we should want a school at Laguna would then purchase it at his terms if we should need it, and the evangelist could rent it in the mean time.

OMAHA AGENCY. The property at Omaha Agency, Neb., which was passed from the Indian Rights Association and reported to be in good order, was found to be sadly out of order. The missionary living on the field had not done right, as there was no posts for a fence, the wind blew down the stable, which was merely a shelter, the house not plastered and partly painted, the missionary before he left having sold $25.00 worth of paint. The present missionary cannot live there without finishing some portions of the house and stable in order that the property may be protected. Mrs. Quenton was surprised to learn that everything was not in good order. It will probably cost four or five hundred dollars to make all the improvements. It was resolved that Mrs. Finks make the effort and do what she can in regard to this matter.

MITE BOX,-EXTRA CENT A DAY. Mrs. Finks then explained the Mite box for the extra cent a day to Mrs. James, who was absent at last meeting, all of which was heartily approved by Mrs. James.

TREASURER,-BILLS. In Mrs. Brownell's absence resolved that the treasurer sign the bills after examination by Mrs. Finks and herself.

BOARD OF HOME MISSIONS & EXECUTIVE COMMITTEE,-ARRANGEMENT. Mrs. Finks not having a copy of the arrangement made between the Board of Home Missions and the Executive Committee, and having nothing but her memory to go by, it was deemed a necessity that she have a copy.
Mrs. Finks mentioned the fact of the School Committee holding its meeting earlier than usual the 10th of June, and the Committee were not notified. This matter should be explained to the gentlemen.

A suggestion was made that Mrs. James write Mrs. S. S. Merrill of Milwaukee, Wis., one of the newly elected Vice-Presidents of Executive Committee, welcoming her to our ranks.

On motion meeting adjourned.

WAYS AND MEANS.

July 2nd, 1890.

Meeting of the Ways and Means Committee held on July 2nd, 1890. Present Mrs. James, Miss Peck, and Mrs. Sinclair.

MRS. JOHN ROBERT. Resolved in view of our great need of extra help during the summer, Mrs. John Robert be asked to come to the office for a month and longer if needed and she proves suited to the work.

SPANISH FORK,-PLANS. Building Committee consulted about plans of Spanish Fork and decided to accept them. The Executive Committee approve of the plans and ask that the School Committee press them forward as soon as possible.

DORA DAVIS,-STOVE. Moved and seconded that we recommend using a part or the whole of a quarter's salary for a stove for Dora Davis.

LAS VEGAS-MORA-N.M. Resolved that we ask the advice of the School Committee regarding Las Vegas and Mora, N. M. Shall they be continued as day schools or given up? If the money is not given for Las Vegas by the lady already asked, the Committee think it should be given up.

A suggestion was made that Mrs. James write
Mrs. C. S. Merrill of Milwaukee, Wis., one of the newly
elected Vice-Presidents of Executive Committee, welcoming
her to our ranks.
On motion meeting adjourned.

HYDAH, ALASKA, -BUILDING. The Committee approve of enlarging the plans of the Hydah building, so that twenty girls can be taken in. The plan presented for the amount of insurance was far from perfect, and much too small. Mr. Gould says that $4500.00 will cover the building and out houses needed.

TAOS, N. M., -BUILDING. The Committee approve for the buildings of plans obtained from the Church Erection Board, very few changes will be needed.

OLD DWIGHT, IND. TER., -BUILDING. The Executive Committee received plans for Old Dwight, Ind. Ter., presented by the Building Committee after consultation with an architect.

The Committee earnestly request that all the building for which money has been given should be put up this summer, as complaints are constantly coming in. They feel sure of great loss if the promises regarding the building are not kept.

TAOS, -SPANISH FORK, UTAH, -BUILDING. Resolved to order a copy of plans for Taos, to have in the office. Also that Mr. Eaton be asked to get a copy of plans and specifications of Spanish Fork, Utah, to be retained in the office.

WAYS AND MEANS.
July 16th, 1890.

Meeting of Ways and Means Committee held Wednesday, July 16th, 1890. Present, Mrs. James, Mrs. Honeyman, Miss Peck, Miss Burnet, Miss Lincoln, Mrs. Sinclair, and Mrs. Baker.

Meeting opened with short prayers from each one, asking for wisdom and guidance in the work to be considered.

MRS. WELLS,-MRS. WADE. Mrs. James mentioned the fact that as Mrs. Wells of Indiana had written stating that it was impossible for her to accept the position of Secretary of Woman's Executive Committee offered her, and it was necessary to look around for some one else, and thought possibly that one might be found among among our teachers. She had talked with Mr. Boyd and Mr. Eaton in regard to Mrs. Wade, now at Omaha Agency, Neb., and they both thought she might fill the bill. As Mrs. Wade was expected in the rooms on Tuesday of the following week, Mrs. Baker requested to call a meeting of the Ways and Means Committee for Wednesday, in case Mrs. Wade could meet them.

IND. TER.,-MISS GUERNSEY. Letter from Dr. Hill of Ind. Ter., stating that it would be dangerous to retain Miss Guernsey in the work, advising that she be allowed a year's rest at the Home in Perth Amboy, N. J. if possible. After discussion it was resolved that Miss Lincoln write to Perth Amboy asking if one of our teachers who is prostrated in the work could find rest there and if necessary that her mother might room with her. Resolved that Miss Guernsey's mother be communicated with through Mr. Leiper, asking as to the state of Miss Guernsey's health. Also that when answers are received from Perth Amboy and Mr. Leiper, Miss Guernsey be written to offering her this rest with necessary aid in going to Perth Amboy.

MRS. BAINBRIDGE. Mrs. James reports the fact of Mrs. Bainbridge's writing an article on the Poor White work for the "Silver Cross", the paper of the King's Daughters, which brought the Committee in about $400.00, and for this service she never received anything, with the suggestion that a gift be sent her. Therefore it was resolved that $25.00 be sent Mrs. Bain-

bridge through Mrs. James who will write her.

At this point Mr. Boyd came in the meeting desirous of placing several matters before the Committee some of which had been passed upon by the School Committee.

UTAH WORK. Mr. Boyd reported that having heard from Dr. Wishard in regard to the work at St. George, Scipio, Toquerville and Fillmore, Utah, which were recommended by the School Committee to be continued for at least one year more, and that the salary of the teacher at Toquerville be $300.00 instead of $500.00 as heretofore. After talking over the above points the Committee concurred in the action of the School Committee with the exception of the salary at Toquerville, which they thought should be $250.00 with the promise of an advance in salary if her school increased, as the teacher was receiving $50.00 for the care of the P.O., and had property from which she received a small income, and the school being very small, missionary line was the principle work in which she engaged.

Mr. Boyd then reported that the Board had passed approvingly on the appointment of a Dr. Thwing, recommended by Dr. Nelson, as physician for Alaska. This the Committee concurred in and recommended the commissioning of his wife as teacher, if she desired it.

HOT SPRING, N. C. At Hot Spring, N. C., it was agreed to pay the teacher a salary of $200.00, and $150.00 to Mrs. L. Dorlon, the pastor's wife, for her board. As Mr. Dorlon has received some little funds in different ways, they write that they will be satisfied with $100.00 for board, and it is necessary that she be commissioned in this way and the $100.00 be sent her.

PAROWAN, UTAH. Miss Josie Curtis having been obliged to leave her field on account of ill health, Mrs. Stoops filled her place without commission, the Board thought if she desired it she would write. She now writes that she be commissioned and paid for the time she was teaching. Resolved that this be granted.

The question as to whether the principal of the schools at Logan, Mt. Pleasant and Springville should be a gentleman or a lady, the Board decided that a lady would be preferable as Superintendent. Dr. McMillan was then asked for his opinion, which was that, personally, he thought it was better to have gentlemen superintendents

in these schools, although he concurred in the action of the Board on account of lack of funds. After discussion it was resolved that Mr. Smith be retained at Springville, and Mrs. Liddle at Mt. Pleasant, as Miss Mitchell was to be transferred. Both questions to be referred to the School Committee.

SANTA FE, N. M. Mr. Boyd reported the fact that Miss Beeman was in the office and talked with him in regard to the action of the Committee and Board in dropping the third teacher from the Santa Fe Academy list. This she thinks will result in injuring the school as there is great need of three teachers in that work. Would advise having three teachers or give up the school altogether, as it would be much better to close than to have a poor school. With two teachers they will have to return to an ungraded school. Resolved that three teachers be retained at Santa Fe Academy.

MAPS. On being written to, the officials at Washington kindly sent maps to the Executive Committee, it was desirable that these be mounted; if they could be put on muslin backs the workers in the office feel that they can mount them and thus save that expense. Resolved that the workers in the office be allowed to have these maps pasted on muslin, they to mount them after this is done.

TUCSON, ARIZ. Letter from Mr. Billman stating that Mr. Cook has had in charge six boys for whom the sum of one thousand dollars has been paid. Mr. Cook having to give up this work asks Mr. Billman if he cannot take these six boys in his school. Mr. Billman says if he is allowed to do this, they can build houses on the land, and thus continue their studies. This means native helpers. Mr. Billman also mentions the fact of a young man who has been studying for nine years, and would like him to be employed as helper for the boys, and at the same time carry on his studies.

After consideration the following resolutions were adopted:- "At a meeting of the Woman's Ex. Com., July 16th, 1890, it was resolved to accede to the request of Rev. Mr. Billman of Tucson, to receive into his school six young men who have been under the instruction of Mr. Cook, provided aid can be obtained from some other source for the building of homes for these young men on the school grounds, and for their support in the school."

in these schools, although he concurred in the action
of the Board on account of lack of funds. After discus-
sion it was resolved that Mr. Smith be retained at Spring-
ville, and Mrs. Liddle at St. Pleasant, as Miss Mitchell
was to be transferred. Both questions to be referred
to the School Committee.

SANTA FE, N. M. Mr. Hicks reported the fact
that Miss Beckman was in the office and talked with him
in regard to the action of the Committee and Board in
dropping the third teacher from the Santa Fe Academy list.
This she thinks will result in injuring the school as
there is great need of three teachers in that work.
Would advise having three teachers or give up
the school altogether, as it would be much better to close
than to have a poor school. With two teachers they will
have to return to an ungraded school. Resolved that three
teachers be retained at Santa Fe Academy.

MAPS. On being written to, the officials
at Washington kindly sent maps to the Executive Committee,
it was desirable that these be mounted; if they could
be put on muslin backs the workers in the office feel
that they can mount them and thus save that expense.
Resolved that the works in the office be allowed to
have these maps mounted on muslin;
ter this is done.

TUCSON, ARIZ. Letter from T. Hill en stating
that Mr. Cook has had in charge six boys for whom the
sum of one thousand dollars has been paid. Mr. Cook
having to give up this work asks Mr. Fillman if he
cannot take these six boys in the school. Mr. Fillman
says it be is allowed to do this, they can board boys
on the land, and thus continue their studies. This means
native helpers. Mr. Fillman also mentions the fact
of a young man who has been studying for nine years, and
would like him to be employed as helper for the boys,
and at the same time carry on his studies.

After consideration the following resolutions
were adopted:- "At a meeting of the Woman's Ex. Com.,
July 16th, 1898, it was resolved to accede to the request
of Rev. Mr. Fillman of Tucson, to receive into his school
six young men who have been under the instruction of Mr.
Cook, provided aid can be obtained from some other source
for the building of rooms for these young men on the
school grounds, and for their support in the school."

The Committee would recommend also to retain the young man mentioned by Mr. Billman as helper in caring for the boys.

In regard to the printing of "Frank Modoc" as a leaflet, it was resolved that communication be had with the "Friend's Society" asking if it could be reprinted through them, and what the cost for five hundred would be.

On motion meeting adjourned.

WAYS AND MEANS.
Sept. 9th, 1890.

A meeting of the Ways and Means Committee was held Sept. 9th, 1890. Present Mrs. James, Mrs. Langdon, Miss Peck, Mrs. Honeyman, Mrs. Sinclair, Mrs. Finks, Miss Lincoln, Miss Rogers and Mrs. Baker. Mrs. A. Docking from Spencer Academy and Mrs. Snyder. Meeting opened with Scripture reading and prayer.

SPENCER ACADEMY, IND. TER. Mrs. Docking from Spencer Academy, Ind. Ter., being present gave a very clear and interesting account of the work at this school, after which she asked to be excused from the meeting as her father was very ill.

PRAYER MEETING. It being brought to the attention of the Committee by Mrs. Finks that the middle of the month would be a better time for holding the regular prayer meeting, it was resolved that the prayer meeting in the future be held the third Tuesday instead

The Committee would recommend also to retain
the young man mentioned by Mr. Tillman as helper in car-
ing for the boys.

In regard to the printing of "Frank Dodge"
as a leaflet, it was received that communication be had
with the "Friend's Review" asking if it could be re-
printed [illegible] - a copy for five hundred
would be.

The meeting adjourned.

Wm. P. Tyler,

Rec. pro tem.

of the first as heretofore.

SITKA, ALASKA. Miss Lincoln reported Dr. Thwing as commissioned physician for Sitka. Also recommended that his wife should be appointed as teacher at a salary of $500.00, to take the position held by Miss Delph who has given up the work. Fanny Willard, as primary teacher, and Mrs. Saxman, as matron, have been appointed for Sitka. A nurse having been granted for the hospital by the Board, Tillie Paul has been commissioned to that position. Recommended that Mrs. Thwing's sister, now on her way from England, take charge of the teachers' mess.

MORA, N. M. It being decided to make a day instead of a boarding school at Mora, N. M., the Sec. instructed Miss Lincoln to write Miss Lime and ascertain if she was willing to take charge of this day school; a reply was received in the affirmative. Resolved that the action of the School Committee, making Mora a day school, and appointing Miss Lime as teacher, be confirmed.

SANTA FE, N. M.,-THIRD TEACHER. Letter received from Miss Beekman, Sante Fe, N. M., expressing her pleasure that a third teacher had been granted for the Academy.

SISSETON,-SO. DAK.-SUPERINTENDENT. Change of superintendency of this school was discussed fully. Letters read showing that under the present management there was great difficulty in obtaining pupils. From all facts gathered it is deemed wise that another Supt. be appointed, as from information gained it is evident that the school has outgrown the present management. Mr. Stirling had been written to by Mr. Boyd two months ago asking if he could and would accept the position of Supt. at Sisseton, but no answer had come until the present week when he stated his willingness to undertake the work. As the School Com. had recommended that Mr. Morris and wife be retained for another year it was necessary to consult with the Secretaries before any action could be taken. Resolved that the Woman's Ex. Com. express themselves unwilling to endorse the recommendation of School Com. to retain Mr. and Mrs. Morris. The Secretaries being called in discussed this matter with the Ex. Com., and were of the opinion that a

change was necessary, and it was suggested that the superintendency of Omaha Agency be offered him.

As Mr. Stirling was under the employ of the Foreign Board it was suggested that the Foreign Board be conferred with to learn if Mr. Stirling could be released from his engagement with them in order to accept the Superintendency of Sisseton.

Letter from Mr. Morris requesting increase of salaries. As a change in Supt. is contemplated this matter laid over until later.

Letter from Rev. Mr. Adams of Sisseton, Dakota, giving information of the death of Mrs. King, one of the teachers in the school, stating her loss will be greatly felt by the school and people. Resolved that a letter be written by the Ex. Com. to Mr. King showing their sense of his loss, and conveying their sympathy for him in his sorrow.

Mr. Morris writes of his desire to send two of the pupils to another school this fall, asking permission to do so; preposes two schools for them, there being difficulties in the way of one of the boys attending a school in that region, he suggests that he be sent to Mr. Moody's school, if possible.

UTAH,-WORK. From information gathered it seems very desirable that Rev. J. A. L. Smith be retained as Superintendent of Hungerford Academy, Springville, Utah. Presbytery recommends that Miss Work and Mrs. Dunlap be commissioned for Pleasant Grove, but that place is filled and needs but one teacher this coming year. It was thought that perhaps Miss Munger was not strong enough to again enter the work at Springville as teacher, but it being late in the year it was deemed best to have her return. Resolved that in view of the developments which have occurred since action was taken that Mr. Smith be retained as Superintendent of Hungerford Academy. Also that word to this effect be telegraphed him after the meeting of School Com. on Thursday.

SANTA FE,N. M. Miss Lincoln reports that Miss Jones who was at Santa Fe, N. M. this last year having been informed that she would not be needed, writes very sweetly about it asking for reduced rates to return to her home, stating her intention of making herself better fitted for this work at some future time, if needed. As she is not leaving the field herself, the secretaries think it well not to ask her to refund her traveling expenses, in which the Ex. Com. concur.

SANTA FE, N. M., -FURNACE. Miss Allison, Santa Fe, N. M., writes that a furnace be placed in the cellar to heat the school, as they have eight stoves on the first floor, eight on the second and two on the third, this making a great deal of work. A furnace would cost $500.00. This is referred to the School Department.

PAPER, -HEADING. It was suggested that a change in the heading of the paper be made, leaving off all names but the President, Secretary and Treasurer. After discussion, it was finally resolved that the heading of paper be changed, retaining names of President, Secretary and Treasurer only.

OLD DWIGHT, IND. T.-BUILDING. Mrs. Sinclair, Chairman of Building Com., states that word has come from Rev. Mr. Johnson that the plans accepted by the Ex. Com. for the new building at Old Dwight, Ind. Ter. have been estimated upon, and will cost nearly double the amount of appropriation. The present site being in the valley, in marshy ground, and considered very unhealthy both by the Indians and others, it was suggested that the present building be moved forther up the hill and then the new building put up. The present place being so unhealthy it was deemed not wise to spend so much money on a new building.

TAOS, N. M. Mrs. Sinclair also reports that Dr. Hill of Ind. Ter. writes stating that it is his opinion that the estimated cost of building at Taos, N. M. according to the plans accepted by the Ex. Com. will be $4000.00 instead of $2000.00, the sum appropriated. Both these matters were referred to the Secretaries, who were invited to meet with the Ex. Com. In regard to Old Dwight the gentlemen agree with the Ex. Com. that if the site could be changed even if only half a mile distant it would be a great improvement. Dr. Irvin thinks that to move the school would be to get it out of the mud.

It is recommended that Dr. Hill be written to asking the feasibility of this change of site. Also Miss Ordway be asked to stop at the office on her way to the field to look over the plans for the new building at Taos; as it is now too late to make the adobes, if the estimate is more than the amount appropriated and it being a memorial fund, it is suggested that the ladies of the Cincinnati

Presbytery be communicated with asking them to increase the amount, taking the rest of this fiscal year to raise the amount.

NUYAKA, IND. TER. Mrs. Sinclair reports having an interview with Mrs. A. R. Moore of Nuyaka, Ind. Ter. in regard to the boys of the Rev. Mr. Perryman. These boys, 11 and 12 years of age, have been allowed to mingle with the girls in the cottage freely, and allowed privileges that the other children could not have; in fact, it is feared there will be a great deal of trouble and difficulty, morally, before long, unless something is done. It is a difficult question to handle, as Rev. Mr. Perryman is doing a great deal of good. Mrs. Perryman is matron; she is not in good health, and it may be possible she will have to give up the work.

LAS VEGAS, N. M. Miss Speakman of Las Vegas, N. M., has been limited to fifty boarding pupils, and as many day pupils as she can accommodate, she to use her judgment in the matter of tuition, etc. She is desirous of making it exclusively a Mexican school; also desires that Miss Kennedy be allowed to assist her and be retained as matron. Mr. Eaton feared that Miss Kennedy was extravagant, but Miss Speakman writes that she will attend to the finances, personally, and become responsible as she would like to keep Miss Kennedy. Mr. Fraser spoke very highly of Miss Speakman's management. Miss Kennedy's health was not the best, but her influence with the people was most excellent.

Motion made and carried that the Committee approve of Miss Speakman's making the school exclusively Mexican, and obtaining tuition as far as possible.

PAROWAN, UTAH, -RESIGNATION OF MISS PAGE. Letter of resignation from Miss Page of Parowan, Utah. Resolved that this resignation be accepted with words of special appreciation of her work.

BENJAMIN, UTAH, -MISS GREY RESIGNING. Miss Grey, of Benjamin, Utah, resigning, thinking it better to have some one who can sing and play. The Board however, have refused to accept this resignation; the Ex. Com. approve of the action of the Board.

ELM SPRING, IND. TER., -MISS GUERNSEY. Miss

Guernsey of Elm Spring, Ind. Ter. having been on the field but two years was not entitled to a season of rest at Perth Amboy. Miss Lincoln wrote to those having influence to see if an exception could not be made in this case, and found it could not be granted. Also wrote at the suggestion of Mrs. James to Clifton Springs to see what arrangements could be made there, and received a reply that they would make a two-thirds reduction, or if she would board in the village they would give her medical attention free. Miss Guernsey is at present occupying room at Brooke Cottage needed for the teachers commissioned for this place.

MULDROW, IND. TER. At Muldrow, Ind. Ter., Miss Adda Ross has opened school. Dr. Hill writes there must be a second teacher; they have between 125 and 150 children, and there will be over 100 in the school. Resolved that Dr. Hill be written to stating that the Com. have found it impossible to find a teacher for Muldrow, asking if it would not be well to again ask Miss Guernsey to go there, taking the first teacher 's place as she is much better in health.

Resolved that this letter of Dr. Hill's be brought before the School Committee recommending that a second teacher be granted for Muldrow.

LAGUNA, N. M.,- MISS MCMONIGAL. Miss Shields of Laguna, N. M., writes that Miss Mc Monigal is with her and will remain if the Board so decide. As Miss McMonigal is an excellent teacher and could take charge of a school, and has been proposed for Parowan, Utah, it is recommended that an effort be made to secure a young girl from Santa Fe who could assist Miss Shields, and Miss McMonigal be sent to Parowan. Resolved that Miss Lincoln be requested to write Miss Shields asking if she could not get along with a Mexican girl, either from Las Vegas or Santa Fe. Also that the matter of an assistant be granted her, a Mexican girl, if feasible.

On motion meeting adjourned.

WAYS AND MEANS.
Sept. 23rd, 1890.

Meeting of Ways and Means Committee held on Tuesday, Sept. 23rd, 1890. Mrs. James presiding. Eight present, Mrs. James, Mrs. Paul, Miss Halsey, Miss Lincoln, Miss Rogers, Miss Burnett, Miss Eaton and Mrs. Baker. Meeting opened with reading and prayer.

LEAVE OF ABSENCE,-AMERICAN FORK, UTAH,- SANTA FE, N. M. Letter from Mrs. Walker requesting that Miss Pierce of American Fork, Utah and Miss Allison of Santa Fe, N. M., be granted leave of absence to attend Synodical meetings in Colorado, the Ex. Com. to pay Miss Pierce's expenses, and the Synodical Society of Colo. to pay Miss Allison's expenses. Motion made and carried that Miss Allison be allowed leave of absence for this purpose.

HOONAH, ALASKA. Committee approve of the action taken by School Committee in appointing Minnie Shotter, the Alaskan girl now East, to take the place of Miss Dora Davis as interpreter at Hoonah. As word was received from Rev. J. W. McFarland that they expect to go back to Alaska on the steamer leaving Tacoma the 10th of Oct., it was recommended that Mr. McFarland be written to asking him to delay his return until the steamer of the 20th of Oct., in order that Minnie Shotter may travel with him to Hoonah; it not being safe for her to travel alone.

LAGUNA, N. M.,- ASSISTANT. Miss Floretta Shields, Laguna, N. M. being entirely alone on her field, the School Committee approve of sending Miss Thompson, now at Santa Fe, to assist her for six months at $200. Therefore resolved that Miss Thompson be commissioned for Laguna for six months at this price.

PARK HILL, IND TER.,- DESKS NEEDED. Letter from Mr. Leiper, Park Hill, Ind. Ter. writes that the school is full, all the desks in use. If more pupils attend would like permission to get a few more desks from the Mission in town, as there are quite a number not in use. Motion made and carried that if the teachers are willing, Mr. Leiper be allowed to obtain these desks if not in use.

SPRINGVILLE, UTAH,- FURNITURE FOR SALE. Miss McCullough, who was at Springville, Utah, being too ill to return to her work, writes, that having furnished her own room at Springville she would like to sell furniture, giving cost price as $87. Mrs. Hungerford having paid Miss McCullough's salary it was resolved that a letter be written her niece, Miss Skinner, asking if Mrs. Hungerford would purchase the furniture to be retained at Hungerford Academy for the use of the teachers.

NUYAKA, IND. TER.,- DINING HALL. Mrs. Moore, Nuyaka, Ind. Ter. writes in regard to building dining hall and kitchen separate from the present buildings; Not knowing herself whether it would be the better plan to have boys and girls eat in one dining-room, or have the three as it is at present, would like the Committee to decide the question. She will ask the Creek Council to furnish funds for this building. After discussion resolved that consent be given for the one dining hall in case the faculty and trustees are willing and the Creek Council furnish the funds for the building.

CONCORD, N.C.,-PUPIL ASSISTANT. Miss Stryker, Concord, N. C., writes asking that she may employ one of the older pupils at $10 per month to assist her until permanent matron arrives. Resolved this be granted.
Meeting adjourned.

WAYS AND MEANS.
Oct. 14th, 1890.

Meeting of Ways and Means Committee Oct. 14th, at 11 A.M. Present, Mrs. James, Mrs. Finks, Miss Peck and Miss Burnett. Meeting opened by reading of scripture and short prayers.

TUCSON, ARIZ.,- ALBUQUERQUE, N. M.,- WORKERS. Mrs. Finks reported that Dr. McMillan suggests a transfer of some of the workers from Albuquerque to Tucson, as the latter point is ill supplied with assistants. Miss Grant, who is not needed at Albuquerque, can be transferred to some other point but is not fitted for the work at Tucson. Mrs. Clinton and Miss Clay also at Albuquerque it was moved and seconded should go to Tucson.

CHERRY VALLEY, N. M.,- SCHOOL HOUSE. A Mr. Fort of Cherry Valley, N. M., has offered to build a school house and give 20 acres of ground to the Board as a memorial to his daughter who has lately died and to bear her name. The only thing necessary will be to furnish the teacher as the building will be fully equipped.

ISLETA, N. M.,- ORGAN. At Isleta, N. M., the Scott sisters have been renting an organ and it is deemed well to put this need before societies and try to obtain one. A motion to this effect was seconded.

ZUNI, N. M.,- PARTITION. Miss De Sette writes to say she would like to take down a partition in their building making one good room where there are now two ill-lighted and ill-ventilated ones. The Zunis themselves could do this at but little expense and with a very little outlay it could be furnished sufficiently. She even proposes to furnishes a few tables at her own expense till she prove it a success. Motion seconded that the ladies have permission to make this alteration and it is thought that the money raised for them in the Presbytery and just sent to them will amply cover it.

ELM SPRING, IND. TER.,- CLOTHING. A box of clothing is asked for at the Elm Spring, Ind. Ter. School by Mr. Leeper and while it is not often done there seems to be no reason for not granting his request. It is a full blood school and situated in a country of but few

resources. It was suggested that the children be encouraged to earn the clothing granted them and a motion was carried embodying this idea and promising to appeal for the box of clothing.

LOCUST LEVEL, N. C.,- LAND,- CLOTHING. Miss Ufford has been writing a lady in Marathon, N. Y. that the twelve boarding pupils, boys, are in need of clothing, bedding etc. She also speaks of an adjoining piece of land of ten acres which it would be greatly to her interest to purchase as the land is very fertile and she thinks the boys could raise enough on it to supply the school. She feels sure she can raise the amount needed among her temperance friends. It was moved and seconded that Miss Ufford shall be allowed to purchase this land if the secretaries approve, and with the fact impressed upon Miss Ufford that she raise the amount needed among her temperance friends where it will not interfere with the regular work. It was also resolved to write the lady from Marathon that we feel it best not to promise clothing etc. to Miss Ufford till she be corresponded with on the subject and state that she had been limited by us to receiving four boarding pupils only.

ALASKA,-MR. GOULD,- PLANS OF BUILDING. Mr. Gould leaves this morning for Alaska and asks for the plans of the building he is to put up before leaving. These plans had been carefully gone over by Mr. Gould and Building Committee but are now in possession of Mrs. Sinclair. A motion carried that Mrs. Sinclair be asked to forward them and they will be sent on to Mr. Gould.

FILLMORE, UTAH. Miss Coulter has gone to Fillmore, Utah, to assist Miss Clemens.

LOCKPORT,- SYNODICAL COMMITTEE,- MRS. PARSONS, MRS. BROWNELL. A motion was carried that Mrs. Parsons and Mrs. Brownell be appointed to represent the Executive Committee at the Synodical Committee at Lockport.

TAOS, N. M.,- BUILDING. The building at Taos, N. M., for which $2000 had been sent in by the Cincinnati Society has been delayed on account of Dr. Hill writing that $4000 would be needed. But it has been made imperitive to him that such a building as can come within the $2000 should go up at once in deference to the society sending it. Dr. Hill now agrees to cut down the estimates

so as not to overstep the bounds.

Mrs. Alexander writing that the $1200 which her society (Dr. Hall's) is willing to add to the sum already contributed shall be used at once as she specifies, the order was given to Mr. Eaton to carry out, viz., the putting up of a new kitchen on the cellar foundations, to have the alteration which has already been begun in the Saunders building, new carpets to be bought and laid down in the Saunders building and furniture bought for the Saunders building and a new cooking range put in at once, this to be done without delay.

EXECUTIVE COMMITTEE,- RESIGNATION,- MISS WHEELER. Miss Wheeler sends in her resignation on the Exec. Committee as her sister's death devolved many extra duties upon her and she has not the strength to continue her work with us. Motion seconded that Miss Wheeler's resignation be accepted with much regret and the expression of the hope that she will attend our meetings whenever inclined.

MISS RUE,- SALARY. Miss Rue who has been working for a year for $300, having become quite useful in her department, a motion was carried that she receive an addition of $50 per annum commencing at the beginning of her second year.

MUSCOGEE, IND. TER.,- DEATH OF MISS WILLEY, Mr. Boyd came in to announce the death of Miss Willey, one of the matrons at Muscogee. A motion was carried that a quarter's salary be sent to the family with expressions of deep regret from the Woman's Exec. Committee at their sad bereavement.

WASHINGTON COLLEGE, TENN.,- SCHOLARSHIPS, Mrs. Willoughby is wishing to apply for scholarships in Washington College, Tenn. This we must inform her does not come under our work and the school must be run as in the past, our only responsibility being to supply the salary of the teacher in the Primary Department.

Meeting adjourned at 1 P.M.

S. S. Brownell,
Recording Secretary.

WAYS AND MEANS.
Oct. 28th, 1890.

Meeting of Ways and Means Committee on Tuesday, Oct. 28th at 10.30 A.M. Present, Mrs. James, Mrs. Langdon, Mrs. Paul, Mrs. Finks and Mrs. Brownell. Meeting opened by reading of Scripture and short prayers.

BOY THOMAS,- SALARY. First item mentioned by Mrs. Finks was that Boy Thomas has been doing a good deal of extra work for us lately very cheerfully and thought it would be very well to add a small sum to what we now give him. The Committee resolved to give him a small present now, of $5 and another present at Christmas.

NUYAKA, IND. TER.,- DINING-ROOM. Mrs. Moore asks our approval in asking for funds from the Creek Nation to put up a joint dining-room for the boys and girls who are now in different rooms. They will be under the supervision of the teachers. The School Committee passed upon this yesterday with approval and the Committee sanctioned it as well.

HYRUM, UTAH,- ORGAN. At Hyrum, Utah, the teachers write that they know parties who will furnish them with an organ and pay the freight on.

SANTA FE, N. M.,- BOARDING DEPARTMENT. At Santa Fe, N. M., the Academy ask if they may not have now a boarding department and ask for the appointment of a Mrs. Moore, at $500 a year as matron. The matter came before the School Committee yesterday and was not favorably considered, it was decided best not to make any change in the school at present but to write Miss Beekman that the matter will be considered and brought up at the Spring Conference.

SANTA FE, N. M.,- ROOM,- RENT. Miss Fitch, the primary teacher from Santa Fe, N. M., writes that the rent of the room she has used hitherto has been $12. This she can no longer secure, but three small rooms have been found, one of which will answer for a closet room and one of which Miss Fitch asks to use as her own private room. The price for those in our use would be $10 and she asks to pay the $2 extra for the third on her own account. A motion carried

approving this rental.

SANTA FE, N. M.,- MISS HATTIE GRISWOLD. The Presbytery of Santa Fe, N. M., recommend that we employ Miss Hattie Griswold at Camedo at $100 a year. We have no particulars and prefer waiting till Dr. McMillan's return to learn more of the situation before acting upon the request. Miss Hattie Griswold was formerly one of our pupils.

TULSA, IND. TER.,- DESKS. Twenty desks are asked for at Tulsa, Ind. Ter. and an increase of salary for the Misses Stringfield. When the native teacher resigned the third sister was given the salary which was his, but now they ask for an advance for her. The joint salary is $1100. The third salary we found to be only $250. A motion was carried that this salary be increased $50 for this year and the needed desks supplied.

WEWOKA, IND. TER.,-SEMINOLE NATION,- NEW SCHOOL. A proposition has come from Dr. Hill regarding the work at Wewoka, Ind. Ter. The Seminole Nation are erecting a new school building and while they do not discontinue the old school, they want to enter into contract with us in putting up the new school. The old school they propose to use for the colored people in the neighborhood. Dr. Hill proposes that we keep the old building for a girls school and enter into contract with the Seminoles in the new school, provided we are called upon for no funds in carrying it on. The Nation has only given $2000 a year towards the old school, and if we reduce the work there to that amount the thing stands even. If we do not continue this work at the old point the land will eventually pass from our hands and it was paid for with Presbyterian money. Motion carried that this proposition be accepted. If any difficulty shall arise in the first case, the old building, we can then make overtures to the Freedmen as to using it for a Freedmen's school.

The PUBLIC SCHOOLS OF UTAH have recently been made free, Dr. Wishard writes, the people paying taxes to support them. It therefore hinders the attendance on our schools very considerably. The School Committee yesterday resolved to leave the question with the Synodical Superintendent and each teacher with power as the

peculiar circumstances shall prompt them.

ELECTION DAY,- HOLIDAY. Motion carried that next Tuesday being election day, unless pressing business arise necessitating calling a meeting on another day, the regular meeting will be omitted.

CHOCTAW WORK. Resulting from Mr. Frank Wright's address to the Englewood ladies, they have raised $150 to be appropriated for the Choctaw work and as a sister of Mr. Wright has been at work in our school during the summer it was voted that this money should go towards her salary.

SITKA, ALASKA,- ORGAN. A new and good organ is needed at Sitka, Alaska, the old one being much out of repair. Mrs. Finks thinks this will not be difficult to secure from societies.

HISTORY OF OUR SCHOOLS. On Mrs. James suggestion a motion was carried that a history of our different schools be asked for from those most competent to write them and placed in the book containing the sketches of the buildings now coming in from all the superintendents. It is believed that this will be a most valuable book of reference, not only at the present time but for the workers to follow us. A motion followed that Mrs. Finks should be asked to see to the collection of such sketches and their proper arrangement for reference. It was unanimously carried.

WAYS AND MEANS.

Nov. 10th, 1890.

Meeting of the Ways and Means Committee on Tuesday, Nov. 10th, 1890 at 10.30 A.M. Present, Mrs. James, Miss Peck, Miss Smith from Long Island, Mrs. Holmes, Mrs. Finks, Mrs. Honeyman and Mrs. Brownell. Meeting opened by reading of Scripture, the story of the prodigal son, by Mrs. James and prayer by Mrs. Finks.

NEW YORK SYNODICAL MEETING,- BILLS,-BLANKS. Mrs. Brownell gave a statement of the New York Synodical Meeting at Lockport. The bills which had been carefully examined were passed over for the signature of the chairman of Finance Committee.

The Presbyterial and local report blanks having met with no criticism this year, it was decided to have them reprinted in same form.

NORTH WEST BOARD,- INTERIOR. The ladies of the North West Board are not satisfied with our column in the Interior. They paid for this mostly at first, assuming the entire expense the first year, and less each year looking to the balance from us. They now wish the matter changed that goes into that column. The Presbyterial Society of Chicago has passed a resolution that Mrs. Roberts of Lake Forest University and Mrs. Scott have charge of this column, giving for the most part presbyterial reports containing brief facts that would be helpful to societies at large. It is at present too local in its character. Mrs. Kendall of Michigan expresses the same idea but without knowledge of the action of the Chicago Society. Several other states have expressed themselves as not satisfied with the column. Mrs. Robinson of Ill. says Miss Hamilton is ready at any time to lay down the column, as she has plenty of other work to do. She suggests Miss Mary Holmes and says she would do the work for $100 and in a thoroughly competent way. As the Executive Committee cannot dictate to Synodical Societies but only suggest, Mrs. James felt that these ladies might be written to to this effect. Mrs. Finks suggested that Miss Burnett could send every month a brief account of our prayer meeting here. On motion Mrs. Finks was appointed to make this communication to the Board of the Northwest, embodying sentiments of Committee. As the ladies of the

western Synods desire some changes in the Interior column of which they have charge, and have referred the subject to the Woman's Ex. Com. for advice and adjustment, Mrs. Finks was instructed to communicate with them concerning the matter.

PIMAS AND PAPAGOES,- MR. COOK. Mr. Billman writes of the work of Mr. Cook among the Pimas and Papagoes. Mr. Cook is desirous that some of his young men shall be transferred to Tucson, the Government being willing to make a grant of $125 a year towards their support. There are six young married men who will need small homes and Mr. Billman proposes to improve some small adobe homes close by the school at a cost of about $100, a piece for their use. On motion resolved to leave the matter in Mrs. Finks hands for further information as to where the means will come from.

NUYAKA, IND. TER. Mrs. Darragh has been employed in the work at Nuyaka, Ind. Ter. for one year and now leaves the field on account of ill health. She has had no vacation but has been very faithful in the performance of all her duties. Her traveling expenses are $20.50 and on motion it was resolved to pay this for Mrs. Darragh in view of her devoted service.

ADA ROSS, daughter of old John Ross, has been in our employ a short time and now expecting to be married, sends in her resignation. A motion carried to accept it.

NUYAKA, IND. TER.,- MISS WILKINS. Miss Wilkins, also of Nuyaka, Ind. Ter., has decided to take Miss Willey's place in Miss Robertson's school. The Baltimore Society has agreed to pay the salary all the same. Mr. Eaton will be asked as to whether we shall pay her for attending meetings or simply to commission her which would amount to the same thing.

ISLETA, N. M.,-BUILDING. The Isleta, N. M. building will cost $2000 and Mrs. Finks suggested that we ask Dr. McMillan, through Miss Peck, to give his advice on the subject.

LAS CRUCES, N. M. At Las Cruces, N. M. the school is over flowing and is largely filled with Romanists.

MISS EATON. Mrs. Finks stated that Miss Eaton is just about entering a busy season and would be very glad of a few days vacation at Thanksgiving. This was cheerfully voted by the Committee.

WASHINGTON COLLEGE, TENN. Mrs. Willoughby of East Tennessee has written Miss Root that she has taken into her family six girls whom she is desirous of helping towards an education. To do this she has sent away her cook. We support a teacher there and she asks if money which Miss Root promises for the support of these girls can pass through our hands and so be acknowledged, but as this is outside work we cannot undertake it.

TAOS, N. M.,- BUILDING. The secretaries being asked to come in, the building at Taos, N. M. was first discussed. Dr. McMillan says he found a building, quite a roomy one, which would contain all we would want to put in it, even chapel accommodation. The property was worth $6000, but can now probably be purchased for $1500. Miss Ordway is in a dark building and overcrowded. Dr. Cattell called our attention to this building on his return from New Mexico last year. The lot on which the building stands is about 250 long by 100 feet deep. It needs no repairs and the walls are in good condition. Mrs. James stated we had $2000 in hand to build and we had been told that $4000 would be necessary. Dr. Mc Millan said that while the roof does not now leak it would be advisable for us to replace it before long by a shingle roof. He thinks Mr. Menaul would be a safe man with whom to leave the negotiation of the building. Mr. Eaton will at once communicate with Mr. Menaul to have him hold the property for us till we send him our decision. On motion the purchase of the building at Taos, so highly recommended to us, was decided on with the approval of the School Committee.

ISLETA, N. M.,- MISS WILKINS. Mrs. James asked regarding Isleta, N. M., where Henry Kendall has donated to us the land. No satisfactory answer was obtained.

As to Miss Wilkin's removal from Nuyaka and her re-commission, Mr. Eaton said we must give him the exact time of her leaving the Nuyaka School before

making out her re-commission. Motion carried that Miss Wilkins be re-commissioned.

CREEKS. Dr. Kendall spoke of the new movement among the Creeks, their proposal to run three large schools by themselves, one at Muscogee, one at Wealaka and one at Okmulgee. We shall henceforth receive no more money from the Creek Nation. He said that all we could do in this state of affairs was to try to put in Christian teachers wherever we would be allowed.

Meeting adjourned at 1 P.M.

WAYS AND MEANS.
Nov. 23rd, 1890.

Meeting of Committee of Ways and Means on Tuesday, Nov. 23rd, 1890 at 11 A.M. Present Mrs. James, Mrs. Crosby, Mrs. Paul, Miss Peck, Mrs. Parsons, Mrs. Finks, Mrs. Sinclair and Mrs. Brownell. Meeting opened by reading of Scripture and prayer by Mrs. James, calling attention to the straitness of the gate that leadeth unto life.

MISS ALICE ROBERTSON. Bill of Miss Alice Robertson's expenses of her trip to Mohonk was presented and the Committee could not understand, why this bill should come to them as Miss Robertson came east before her re-appointment under Exec. Committee and on invitation only of the Mohonk Conference. Motion carried that chairman of the Finance Committee ascertain all the facts of the case and correspond with Miss Robertson on the subject.

SYNODICAL COMMITTEE,- MISS ROGERS,- SECRETARY OF LITERATURE. The appointment of Miss Rogers as secretary of literature by the Synodical Committee caused some surprise to the Committee as Miss Roger's time is so fully needed by the Committee. A motion was carried that Mrs. Finks confer with Miss Rogers on the subject.

ADVISORY COMMITTEE,- MRS. CUSHING,- MRS. W. P. ALLEN. The name of Mrs. Cushing of Orange was presented to the Committee as member of Advisory Committee and a motion carried that she be appointed on said Committee. Also the name of Mrs. W. P. Allen of Rye on the same Committee being presented, a motion was also carried making this appointment.

EXECUTIVE COMMITTEE,- REVISION OF PAPER. The revision of the paper prepared by Mrs. James defining the work of the Executive Committee in its various Committees, the duties of these Committees and the names of those composing them, was then taken up carefully.

MT. PLEASANT, UTAH,- BUILDING. Mr. Murphy writes that he has collected $692 on the field but he hopes to make the sum reach $800. He had looked for $1500 so will fall $700 short. His building is costing about $800 more than he expected, the building proving larger than was anticipated. The architect is at fault in not keeping within the limits of $4500. He has done his best and deplores the result. Mrs. Finks stated that $6000 has been sent in by New York Synod but this will even now not cover the deficiency. The School Committee has voted an appropriation of $1500 more and asked for the approval of the Executive Committee. Motion carried unanimously that Mr. Murphy have this appropriation.

Meeting adjourned at 1.30 P.M.

WAYS AND MEANS.
Dec. 9th, 1890.

Meeting of Ways and Means Committee on Tuesday, Dec. 9th, 1890 at 10.30 A.M. Present Mrs. James, Mrs. Crosby, Mrs. Honeyman, Mrs. Langdon, Miss Peck, Mrs. Sinclair, Mrs. Finks and Mrs. Brownell.
Meeting opened by reading of Scripture by Mrs. James and prayer by Mrs. Crosby.

BLANKS,- PAPER. Mrs. Finks reported first on the paper to be used in the blanks this year, finding that of last year too heavy for the purpose. She showed a new sample of Banker's Linen paper which would cost $4 less and answer the purpose quite as well. On examination it was resolved to use this.

LEGACY. Mrs. Bailey has written that the article on a Society Legacy which appeared in the November Magazine was indeed timely, as a lady to whom it was shown has just left $2000 to the work from reading it.

AQUA DE LOBA, N. M.,- SMALL-POX. Miss Ada Christie writes from Aqua de Loba, N. M., that small-pox has again broken out. She has in her school about twelve each of Mexicans and Americans. The Mexicans not only have no fear of it but they make every effort to spread it. The American children consequently will not consent to attend the school unless the Mexicans are withdrawn while the scourge lasts. She asks whether we wish the school to continue for them alone. It was thought well to write Miss Christie that as it is difficult for us to decide as to whether sending away Mexicans from the school might not make difficulties on the field, we would prefer to use her own judgment on the matter and to feel assured that if she feel any fear on her own account we would gladly release her from her engagement.

CIRCULAR,- WOMAN'S NATIONAL COUNCIL. Mrs. James presented a circular received from a new organization of women called Woman's National Council, which will endeavor to overlook all departments in which women are engaged for their betterment and assistance. They ask for a delegate to attend their coming meeting. After discussion it was resolved to send answer that as there is not at present unaninimity of feeling as to

joining this organization, we ask to decline the overture.

SALINA, UTAH,- ASSISTANT, Mrs. Crosby read a letter she had received from Miss Sheadle of Salina, Utah, asking if the assistant she had asked for would soon be sent her. She writes that the responsibility of a teacher there is very great as it is often a war of wits and the teacher is closely criticised. She reports forty pupils in her school. At her boarding place she often sits at the table with not a sober man at it. Mrs. Finks stated that Miss Lulu Joy has been commissioned to go at once as her assistant.

ADVISORY COMMITTEE,- MISS HAINES. Motion carried that Miss Haines be added to the list of our Advisory Committee.

SECRETARIES,- EX-OFFICER MEMBERS. Motion carried that the secretaries be ex-officer members of all Committees.

Discussion of Committees forming under Executive Committee took about two hours.

Meeting adjourned at 2 P.M.

MRS. WADE,- DESK. Mrs. Wade having come into the office an extra desk will be necessary. Mrs. Finks stated that an old desk is in the basement which can be repaired and an estimate had been given for doing it

joining this organization, we ask to decline the overture.

SALINA, UTAH. - ASSISTANT. Mrs. Crosby read a letter she had received from Miss Sheadle of Salina, Utah, asking if the assistant she had asked for would soon be sent her. She writes that the responsibility of a teacher there is very great as it is often a war of wits and the teacher is closely criticised. She reports forty pupils in her school. At her boarding place she often sits at the table with not a sober man at it. Mrs. Hinks stated that Miss Tuin Joy has been commissioned to go at once as her assistant.

ADVISORY COMMITTEE. - MISS HAINES. Motion carried that Miss Haines be added to the list of our Advisory Committee.

SECRETARIES. - EX-OFFICER MEMBERS. Motion carried that the secretaries be ex-officer members of all Committees.

WAYS AND MEANS.

Dec. 23rd, 1890.

Meeting of Ways and Means Committee on Tuesday, Dec. 23rd at 11A.M. Present Mrs. Jarvis, Mrs. Hinks, Miss Peck, Mrs. Parsons, Mrs. Pinckair and Mrs. Brownell.

MRS. WADE. - DESK. Mrs. Wade having come into the office an extra desk will be necessary. Mrs. Hinks stated that an old desk is in the basement which can be repaired and an estimate had been given for doing it

which seemed too large. Another workman being mentioned a motion was carried that his services be secured to do the job for as low a sum as possible.

GOOD WILL, S. D.,- NATIVE TEACHERS. Mrs. Finks referred to the case brought up in our last meeting of Miss Rockwell asking to be empowered to pay the two native teachers instead of Mr. Morris. The decision of the Committee was that this be allowed as a special favor but not as a precedent for future action. The action passed the School Committee as well, although counted as irregular. With more consideration a motion was passed that we ask the School Committee to drop this matter from their docket for the present, and we will in the meantime ask for more information from Miss Rockwell.

TREASURY,-DRAWERS FOR LETTERS. Miss Lincoln brought a system of letter filing before the Committee for examination which has been successfully used in secretary's rooms. Sets of three drawers each would be sufficient for the four departments, each drawer filing 800 letters. Miss Eaton's letters numbering 1500 annually, shows the necessity for some simple system. The price of these sets is $9 each but they can be procured for $7.60 each by taking a number of them. A motion was carried that these drawers be ordered at once for the assistance of our workers.

PRAYER MEETING,- LENOX HALL, Mrs. James read an invitation from Mrs. Humphrey, the chairman of the Committee on Prayer Meetings, inviting this Committee to join the Woman's Foreign Board in a prayer meeting to be held on Jan. 7th in Lenox Hall. The need of the Holy Spirit and Christian Giving will be the subjects to dwell upon and it is asked that some of our number be prepared to speak a few words. Mrs. James, Mrs. Finks and Mrs. Langdon were the three chosen for this duty.

MRS. BAINBRIDGE,-DAUGHTER. Mrs. Bainbridge writes that her adopted daughter would like to offer herself to go as an assistant among the Poor Whites. All she would ask would be salary enough to pay for her board and her traveling expenses. Mrs. Sinclair thought she might do for Miss Hotchkiss' assistant at Monroe, N. C. for whom a salary is already volunteered. As there is

which seemed too large. Another workman being mentioned a motion was carried that his services be secured to do the job for as low a sum as possible.

GOOD WILL, S. S.,- MATIVE TEACHERS. Mrs. Timka referred to the case brought up in our last meeting of Miss Rockwell asking to be empowered to pay the two native teachers instead of Mr. Morris. The decision of the Committee was that this be allowed as a special favor but not as a precedent for future action. The action passed the School Committee as well, although counted as irregular. With more consideration a motion was passed that we ask the School Committee to drop this matter from their docket for the present, and we will in the meeting ask for more information from Miss Rockwell.

TREASURY,-MATTERS FOR ATTENTION. Miss Lincoln brought a system of letter filing before the Committee for examination which has been successfully used in secretary's rooms. Sets of three drawers each would be sufficient for the four departments, each drawer filing 500 letters. Miss Eaton's letters numbering 1500 annually, shows the necessity for some simple system. The price of these sets is $5 each but they can be procured for $4.60 each by taking a number of them. A motion was carried that these drawers be ordered at once for the assistance of our workers.

PRAYER MEETING,- TEMPLE HALL. Mrs. Timka read an invitation from Mrs. Humphrey, the chairman of the Committee on Prayer Meetings, inviting this Committee to join the Woman's Foreign Board in a prayer meeting to be held on Jan. 7th in Tremont Hall. The need of the Holy Spirit and Christian living will be the subjects to dwell upon and it is asked that some of our number be prepared to speak a few words. Mrs. Lamson, Mrs. Timka and Mrs. Langdon were the three chosen for this duty.

MRS. RAINSFORD,-JAPANESE. Mrs. Rainsford writes that her adopted daughter would like to offer herself to go as an assistant among the Poor Whites. All she would ask would be salary enough to pay for her board and her traveling expenses. Mrs. Timkin thought she might do for Miss Yokohisa's assistant at Smyrna, N. C. for whom a salary is already volunteered. As there is

a previous application for this place we will have to seek another post for Miss Bainbridge. A motion carried that we write Mrs. Bainbridge that we will try to find an opening for Miss Bainbridge as soon as possible and will bear her in mind. -

ALASKA,- MR. MCKAY. Mr. Boyd came in to make statements regarding Mr. McKay. After building the Home he spent $1780 more than he had in hand. Contributions from tourists have reduced this to $780 which he asks of the Board. Church repairs will come to $500. The Board has in hand $450 of this amount from a gentleman of Canada and the prospect of the remainder. He asks only for five girls in his own home and has no desire to open an industrial school. The $780 it is thought will be easily made up by a few individuals interested in the point. Motion carried that if the money can be obtained from outside sources and not draw on our treasury, we approve the appropriation. As for the $100 scholarships asked for each of the five girls, a motion was carried that if this money can be gathered from the tourists by Mr. McKay and not be called for from regular channels, we approve its being raised.

Mrs. Sinclair said that Mr. McKay had told her that so greatly was the need felt for a medical missionary at this point that the white people there are willing to promise $400 towards his salary and think that the remainder could be obtained from the Indians.

A motion was also carried that as soon as the home is established the salary of $300 be granted Mrs. McKay as matron.

BOARD OF CHURCH ERECTION,- LA LUZ & LOS VALLES,N.M. Board of Church Erection make two petitions for La Luz and Los Valles, N. Mex. to assist that Board in putting up mission chapels at the cost of $200 and $250 each. As we have closed two schools in that neighborhood the Board recommend that we start work in this way. Motion carried that if these sums can be obtained without interfering with work undertaken, we approve of such appropriation.

OMAHA AGENCY,- MISS FELTER. Miss Felter is quite aged and is about to be placed in a Home. Miss Barnes is also old and not over-wise, and Mrs. Wade ad-

vises her being transferred elsewhere to work under a superintendent. Motion carried that Miss Felter be relieved from her post and that an effort be made to transfer Miss Barnesto the new school at Wewaka.

PLEASANT GROVE, UTAH,- MRS. BURNET. Mrs. Burnet is considered by Dr. Wishard to be an excellent woman but she is over ruled by her husband who is not altogether loyal to our work. The School Committee after long consideration thinks it difficult to discontinue her commission till May as she is doing good work as far as it goes. Motion carried that we concur with judgment of the School Committee.

SALT LAKE CITY, UTAH. Salt Lake City asks that we grant them $600 more than we had granted. This was not granted by the School Committee nor the commissioning of teachers before Sept. 1st. Committee confirmed action of School Committee by a unanimous vote.

ANADARKO, IND. TER.,- WIRE FENCE. A wire fence is asked for to be put around a piece of ground given us by the Government among the Kiowas at Anadarko, Ind. Ter. It is important in order to hold our claim on it that this be done. The cost will be about $150. Motion carried that this be ordered done.

SPANISH FORK, UTAH,- STAIRWAY. Miss Purley at Spanish Fork, Utah, asks permission to put a stairway up to her attic bed-room instead of the ladder she is now using. Motion carried granting this request.

ALBUQUERQUE, N. M.,- SHOEMAKER. A shoemaker at Albuquerque is needed to replace one we had there, now gone to the Government school. The salary of $40 for one month is asked if it be ascertained that the shoemaker is satisfactory. Motion carried to this effect.

SITKA, ALASKA,- BOYS HOSPITAL. $200 has been granted for the boy's hospital at Sitka for improvements which the physician recommends.

WORLD'S WOMAN'S MISSIONARY MEETING. The letter of Miss Childs asking for our opinion as to the holding of a World's Woman's Missionary Meeting, and if so in what year and what city, was again brought up for

consideration. A motion was carried that we reply favorably as to holding such a convention and that the year of the World's fair, 1893, be chosen and that we will represent our society.

BOARDING SCHOOLS,- TABLE. A motion was carried that the expenses for the table of all our boarding schools come under the inspection of the Finance Committee.

Meeting adjourned.

WAYS AND MEANS.

Dec. 30th, 1890.

SPANISH FORK, UTAH,- BUILDING. We have been asked to pay $100 to complete the building at Spanish Fork, Utah, the rise of materials making this deficiency. PARIS, IDAHO,- WELL. At Paris, Idaho, they have no well and one is greatly needed. It has been requested of us to grant $24 for this purpose. Motion carried that a well be granted at this point.

TUCSON, ARIZ. Mr. Billman writes from the Tucson School that they had some difficulties at the start but are now running with great satisfaction with the one exception of the boys who do object sometimes to obeying the carpenter or others directing them. This is owing to his having too little time to control them on account of his large correspondence and other duties. He thought if some young woman could be found to be sent out as his secretary, he could then promise to have the boys once more on their good behavior.

ZUNI, N. M. From Zuni, N. M. reports come that the school is fast coming up after the break caused by the disasterous storm, in some cases the fathers carrying their children across the swollen streams. The teachers write of a Mexican boy who has no home to go to, and whom they have brought into the school, and already find him of so much service to them that they beg to be allowed to retain him as a boarding pupil for three years. A motion carried granting this permission. They are in need of a cooking stove and ask to be allowed to make their own selection to suit their own need. This was thought to be wise and a motion was carried granting this request.

ASHEVILLE BUILDING.-PLANS. Mr. Clarence Smith brought in the plans of the Asheville building, and carefully explained them in detail. The plans are beautiful and planned with every reference to comfort, but make a much larger building than seemed advisable of feasible to the Committee, who have to look forward to its furnishing and maintenance. Mr. Smith showed how it could be diminished in two of the main parts, so as to reduce the number of class and bed-rooms, but as Mr. Pease had told him to plan for 175 pupils, and the plan provides for 140 only, he urged not reducing it.

The conference lasted for over an hour , and after going through a few minor matters, the meeting adjourned at one o'clock.

FINANCE COMMITTEE.
April 10th, 1891.

Meeting of the Finance Committee on Friday, April 10th, 1891 at 11 A.M. Present, Mrs. James, Mrs. Sinclair, Miss Lincoln and Mrs. Bennett.

Plan of physician's house at Sitka examined and thoroughly approved, with the exception of its being a little small. There is a legacy of $1000 for the purpose from Minneapolis, and it was suggested that perhaps $1500 could be obtained from the same society to make it larger, but keeping the same proportions. Having approved the plans but found them too small, a motion was carried that Mrs. Finks be requested to write Dr. Jackson of his opinion as to the advisability of our appealing for it from this source.

Mr. Eaton had carefully examined the paper defining the duties of our treasurer with Miss Lincoln, and assisted her in correcting it to his approval. This was then gone over and approved by the Finance Committee. With these duties defined and faithfully carried out, the Committee feel we can know each year almost to a certainty what we can count on for our expenditures and so avoid debt.

A motion was carried that hereafter all legacies, unless otherwise designated, shall go into a permanent fund known as the Memorial Fund, until the sum of $50,000 be reached.

WAYS AND MEANS.
April 14th, 1891.

Meeting of the Ways and Means Committee on Tuesday, April 14th, 1891 at 10.30 A.M. Present Mrs. James, Mrs. Honeyman, Mrs. Sinclair, Mrs. Crosby, Mrs. Finks, and Mrs. Brownell.

Meeting opened by reading of Scripture by Mrs. James and several short prayers.

RICEVILLE, N. C. Mrs. Finks brought in Miss Goodrich who was visiting in the city and recently returned from the Mountain districts of North Carolina, where she has been for nearly a year doing voluntary work with Miss Gorbold at Riceville. Riceville is ten miles from Asheville and she had been advised by Miss Stephenson to go to Miss Gorbold's relief, who was very lonely in her position. The school is only held eight months in the year and has just been closed owing to the necessity of the boys and young men commencing their field labors. Miss Gorbold seems to have a wonderful power over these boys and in their eagerness to learn they are willing to sit in the same classes with small girls. A young minister is just about going there to keep the church and school together. The school numbers about ninety-six.

Daylight could always be seen through the cracks of their house which was considered the best in the region, so that during a heavy snow storm, when the crevices were filled up, they suffered less with cold. She brought into the treasury $12.50 from the sale of a small pig which had been given to them.

FIELD COMMITTEES. The duties and work of the Committees on the Field were talked over and defined as the Committees are now formed and ready for action.

ARTICLE 13, CONSTITUTION. Article 13 on the newly framed Constitution not covering the ground satisfactorily, Mrs. Crosby was asked to add a clause which would better explain the duties of the Committees.

TREASURER'S ASSISTANT. A motion was made that Miss Moore, Miss Lincoln's assistant, receive hereafter $40 a month.

MISS RUE. A motion also carried that Miss Rue receive $5.00 a month for the last three months for extra work.

TEMPERANCE WORK. The combining of the Temperance Work with the work of Home Missions was then again discussed and more light having come in from various sources, the committee feels that it seems now unwise to bring the question before the Annual Meeting, as ordered. When the question came up some weeks ago, fearing division would be the only result, a motion was carried that Mrs. James be requested to correspond with this new Committee on Temperance and give them the present feeling of the Committee. A motion was carried that Mrs. Furnald of the West Church be asked to serve on the Advisory Committee.

MISS CRAIG, NEW MEXICO, Miss Craig of New Mexico, has been five years on the field without any leave of absence, and asks for a vacation this summer. M., Mrs. James stated that Government gives us $900.00 towards the school, but Mrs. Quintin thinks it had really better be given up and the pupils sent to the Government School at Albuquerque. This is a matter for consideration. Henry Kendall has been so persecuted by the Roman Catholics there that he has hardly been able to remain in the place. The Misses Scott have lately written that 100 have recently been baptized into the Romish Church. Mrs. James suggested that Mr. Menaul be written to asking his opinion as to the advisability of giving up our school at Isleta. This was put as a motion and carried. The Misses Scott are about leaving and a successor is to be put there if we continue.

FREEDMEN BUREAU. In view of a misrepresentation going about in the form of a circular by the Freedmen Bureau disparaging the work of the Presbyterian Church because it is thought the Freedmen do not receive their share of the receipts of the churches, it was suggested by Mrs. James that a friendly letter be written to Mrs. Coulter objecting to such statements and proving the proportion is large that goes to the Freedmen's Bureau. A motion was carried to this effect.

FT. WRANGELL, ALASKA, - MEDICAL MISSIONARY. The School Committee approve the appointment of Dr. Paul as medical missionary to Ft. Wrangell, Alaska at a salary from us of $500.00, his traveling expenses and outfit of medicines being already provided for.

The secretaries are to be consulted as to whether it comes within our province to sign the petition put in this form.

MRS BOYD, SECRETARY. As there is need of more helpers in the office, it has been suggested that Mrs. Boyd be asked to come in to fill the place which Mrs. Finks can no longer fill as secretary, in addition to her other duties. This was done very peremptorily and has left him and his family suddenly unprovided for. The farmer had also purchased a team of horses which he asks the Board to take off his hands. The secretaries advise our granting him a three months salary to ease his situation, and to purchase his horses at the price he gave for them. A motion carried to this effect.

SITKA, ALASKA,-MR. DOCKING,-TEACHERS' MESS. Mrs. Finks first brought forward matters referred to us by the School Committee from their meeting yesterday. Mr. Docking had laid before them the details of the Sitka, Alaska, work in a very lucid manner. They have now left to his arrangement the teachers' mess which has not been at all satisfactorily attended to. Mr. Docking now proposes buying all the provisions himself and dividing the expense among the teachers, which will be less than at present individually. The sanitary arrangements have been very defective and he has also been given power to remedy these defects. The laundry has not been run in connection with other departments of the school and has now been put directly under his control. The supply of water is insufficient for actual cleanliness. A large pipe will be put in and laid lower under ground. These two latter points will call for an increased outlay. All was left to Mr. Docking with power.

No objection being raised to this action of the School Committee it was passed with approval.

RULES FOR WORKERS,-REVISED. The rules for workers governing all in the service of the Executive Committee, whether teachers or superintendents, are being revised and we are asked to make our final corrections or additions, before going to print. These rules are all to be agreed to by every worker going on the field.

The School Committee having heard the interesting statement of Mr. Dodge yesterday on his return from his Southern trip, recommended his coming before us to-day.

CONCORD, N. C.,-NEW BUILDING. The offer of the fifteen acres of ground at Concord, N. C. for the new building being considered insufficient, they reported the gift of fifteen acres in addition by a friend, which has been most gratefully accepted.

SYNOD, NEW MEXICO,- ALBUQUERQUE BUILDING. The Synod of New Mexico asks to allow them the building at Albuquerque to use as a boys' training school. Motion carried that this be laid upon the table.

DEL NORTE COLLEGE,- TEACHERS SALARY. Dr. Kirkwood writes that a teacher has been found for Del Norte, Colo and asks that we pay half her salary. As she is a Baptist and we have a note that none can receive a commission unless Presbyterian, a motion was carried that we employ her temporarily at $200 to supplement her salary, with the inquiry as to whether she would feel ready to unite with the Presbyterian Church if she continue in our employ.

ASHEVILLE, N. C.,-HOME INDUSTRIAL,-MISS DWIGHT ILL,-HELPER. Miss Stephenson writes that Miss Dwight has been quite ill and asks if she continue to show signs of breaking she may employ a helper temporarily. Thought quite safe to trust Miss Stephenson's wisdom.

GREENLEIGH, N. C.,-HELPER. She also asks for a helper for Mrs. Brown at Greenleigh, N. C., not one of our schools, a Miss McCrum of New Rochelle who asks for no salary but would like her to receive a commission from us. Motion carried that Miss Stephenson be written that as the school is not under our care Mrs. Brown be requested to make the appeal directly to the Committee.

SALT LAKE INSTITUTE, UTAH,-TUITION. Our Superintendent of Salt Lake Institute asks if two pupils paying part tuition may receive the benefit of one scholarship between them. Request granted on motion.

HAINES, ALASKA,-TEACHER'S SALARY. Dr. Jackson asks that we pay the salary of a teacher at Haines, Alaska to open the school there. Mrs. James thought it would come under new work and if so we could not promise to start it. Motion carried that we refer this work to the May Conference.

LAS VEGAS, N. M. Miss Beckman writes that Mrs. Riggle being quite incapacitated from illness to continue her work asks for a helper at once to take her place. Miss Beckman mentions a Miss Vorhees of New Jersey. A motion was carried authorizing Miss Beckman to secure temporary help until Miss Vorhees can reach the field.

SYNOD, NEW MEXICO, - ALBUQUERQUE BUILDING. The Synod of New Mexico asks to allow them the building at Alburquerque to use as a boys' training school. Motion carried that this be laid upon the table.

SITKA, ALASKA,-MRS. TILLY PAUL,-BOARD. Mrs. Tilly Paul writes from Sitka that she has been boarding with the other teachers because her time was too fully occupied to provide for herself. She has paid $60 towards this expense and we had agreed to pay her board in addition to her small salary of $275. Motion carried that this money be refunded Mrs. Paul.

TEACHERS' ADDRESSES SATISFACTORY. Miss Lincoln reported that in accordance with the request of the Committee she had obtained reports from our different teachers addressing meetings for us and gave some of them, which were very satisfactory.

MR. HONEYMAN,-SPEAKER. Mr. Honeyman reports having spoken a number of times and stated that he was assured by several gentlemen that they were much impressed by the growth and needs of the work. A motion carried that Mr. Eaton be instructed to give to Mr. Honeyman the slight remuneration decided upon by the Committee.

MR. DODGE,-REPORT OF TRIP SOUTH. Mr. Dodge came in at 12 A.M. to give just a "skeleton" as he said, of his most interesting trip south. He thinks there are as noble men and women in the Mountains of North Carolina as can be found on the face of the globe. The new building is a very large one, by moonlight looking like a fine castle on the most prominent site about Asheville. It is a noble building and will accommodate many more than we anticipated. The heating, lighting and sanitation were the main points they had to look into. They rather prefer lighting by gasoline as being much more economical. The heating will be probably done by hot water. There is a good supply from the town and a brook on the property itself can be utilized by building a small dam and having a ram. The sewerage will be effected by a series of cess-pools emptying into each other.

The NAME now comes up to be decided and it must be quite distinct from the Asheville Industrial School. That it will be a Normal school will perhaps suggest in itself an appropriate title.

Mr. Dodge stated having made an endeavor to work amicably with the Southern Presbyterian Church, but have up to this time, not been very successful in co-operation. We therefore clearly need a church of our own branch. We have a good chapel which could be enlarged to hold four or five hundred and have a steeple. We should have a man

We therefore clearly need a church of our own branch. We have a good chapel which could be enlarged to hold four or five hundred and have a steeple. We should have a man

to be the preacher there as well as to be the head of the new institution and above all one who will be infused with the "Pease virus" which is not only piety but the strictest economy. This careful economy is manifested not only in every detail of the Asheville School but in the putting up of the new building. The name of the man they would suggest to us is Prof. Lawrence, formerly of Pittsburg. His present wife has been connected formerly with Scotia Seminary and consequently is well informed as to the work of a large school. He is a man of genial manners, deep piety and large learning. The opinion of the School Committee is that perhaps he is as good a man all around as can be just now found. He would consent probably to come for $1200 a year and to live for the present in the building. His wife would not expect to be at the head of the institution. A Miss Halsey of Brooklyn has been thought of as matron and Miss Brainerd will continue acceptably as head of the music. An assistant,- Miss Dean of Hot Springs,- for her is suggested and besides these we need two other teachers. Mr. Dodge suggests that we leave the responsibility of making the selection of these two teachers as well as a lady principal, to Prof Lawrence. Mr. Pease is greatly pleased with the suggestion of Prof. Lawrence as a co-worker. The price of tuition in the new institute shall be $100 but the scholarships the same as before, $75. Music etc. extra to those wishing them. Thirty or thirty-five from the Industrial School are now ready to go right into the new institution.

The question of Miss Stephenson's salary was spoken of and many were surprised to find she received but $300. This was left for later discussion and decision.

Concord was next spoken of and Mr. Dodge expressed much satisfaction with the change of the site which was formerly very unsatisfactory, restricted in area and three miles distant. We now have thirty acres much nearer the city and in every way more desirable, one half of which is a gift and the other half a present. Plenty of water, enough room for a large garden and pasture for two or three cows. Mr. Dodge suggests retaining Parker Hall for a day school only, as a feeder to the new building. Miss Carpenter could be retained with an assistant perhaps, and one or two advanced pupils to run it. He would suggest a small building being put up for $75 where a colored man could sleep and act as watchman. Three miles from town in a lonely place is not a safe situation to leave two or three unprotected women. As a large proportion of

Three miles from town in a lonely place is not a safe situation to leave two or three unprotected women. As a large proportion of

the money is in, he advises the carting at once of the bricks and lumber so that the building can be started in order to be finished by next fall, for the roads in the spring are simply impassable with mud.

Mr. Dodge had been to Sumter to see the good Roman Catholic who proposes to give 110 acres for a boys' school and also promises a large sum in his will, but Mr. Dodge and the other gentlemen think it too far removed, it would have only local interest and the whole thing rather uncertain. A better offer however, has come from Washington College, East Tennessee, through the man who supplies the lumber for the new building at Asheville. They offer from 50 to 100 acres on a spot about twenty miles north of Asheville, and an assurance of raising $35,000 towards the building. But this will be presented to us later. This closed Mr. Dodge's delightful report.

HOT SPRINGS, N. C. Mrs. James read portions of a letter from Mrs. Blackburn of Hot Springs, N. C., telling of the very crowded condition of the children. The house is so poorly built that during the last cold wave it was like living out of doors. Miss Dean has broken down and been obliged to go home which leaves them very single handed,- 78 children on the roll, 9 girls as boarders in one room 9x14. The cooking for them and for two teachers has been done in a room 8 x 12 and not a closet to keep stores or any utensils in. Mrs. Honeyman thinks $5000 are already promised for a new building but Miss Lincoln has heard of no plans for erecting it. Motion carried, after reading two letters, that we ask the secretaries to have the boarding department suspended until a suitable building can be erected, suggesting to them also that two pupils might be retained to assist in the housework, and one teacher,-Miss Dean,- leaving that her salary, $300 should go to making up the deficiency of Mr. Dorlan's salary.

IOWA. Mrs. Sinclair having just returned from Cedar Rapids reported not very encouraging state of affairs. The children will attend the mission school but refuse to attend school in the Government building. The teacher, now in charge of the latter, a good Presbyterian, asks now to be allowed to live in our mission building where he can teach the children who are willing to come there. The Iowa ladies are perplexed as to the right course to pursue, the matter needs investigation.

WAYS AND MEANS.
Dec. 7th, 1891.

Meeting of Ways and Means Committee held on Monday, Dec. 7th, 1891 at 10.30 A.M. Present Mrs. James, Mrs. Boyd, Mrs. Miller, Miss Lincoln. and Mrs. Brownell. Meeting opened by reading of Scripture by Mrs. James and prayer by Mrs. Boyd.

TAHLEQUAH, IND. TER.,-ORGAN. Miss Loeb of Tahlequah, Ind.Ter. writes that they held a little meeting and raised $9.65. She says they need an organ and asks if they may retain the $9.65 towards this object. It was thought better to ask them to send the money raised directly here to aid the great work and assure them that we will try to secure an organ for them in some other way.

MUSKOGEE, IND. TER.,-DR. M.F.WILLIAMS. Dr. Hill states that Dr. M. F. Williams has been in attendance on the Muskogee School for years without any remuneration. He suggests that $100 would be slight payment for what he has done and leaves it to the consideration of the Executive Committee. A motion was carried that after consultation with the secretaries and further correspondence, we recommend that Dr. Williams receive hereafter $100 a year beginning at the school term, so long as he shall continue such service.

EXTRA HOLIDAYS. A motion carried that as the holidays occur on Friday this year, the Saturday following be granted also to the workers in our office.

SATURDAY. A motion also carried that when the pressure of work shall not demand the presence of the workers in the office, one half shall in turn take the whole of every Saturday instead of the half day, this matter to be adjusted by themselves as circumstances shall dictate.

POYNETTE ACADEMY, WISCONSIN,-KINDERGARTEN DEPARTMENT. President Green of Poynette Academy, Wis. sends an appeal to the Executive Committee to undertake a kindergarten department, greatly needed in the institution. Motion carried that we write President Green that while in hearty sympathy with his work, it does not come under our particular line of work, which is that of missionary schools.

ALTAN, N. C. Miss Hotchkiss writes that owing to the lateness of the cotton crop the scholars are now pouring in and they will not know what to do with them. Miss Redmond has been obliged to leave on account of hemorrhage and they anxiously look for another to take her place. Miss Lincoln stated that Miss McDonald, formerly one of our teachers in Utah, is ready to go and will be written to at once, to start as soon as possible. She also asks for a remittance of the money promised her for current expenses of the school. Mrs. James will order this sent but at the same time urging Miss Hotchkiss to obtain all the help possible from the pupils to encourage self-support.

ASHEVILLE, N. C.,-HOME INDUSTRIAL SCHOOL. Miss Stephenson recommends the appointment of Miss Dwight and Miss Van Voorhis in the Home Industrial School to take the place of two about to leave, as they will be no longer needed in the day school.

As Miss Stephenson has been long in the need of a stenographer, a motion was carried that the young lady whose name has been before us for the place, be granted Miss Stephenson at once.

HISTORY OF OUR SCHOOLS. Mrs. James mentioned the need of speedily getting together a history of our schools from our former teachers as well as from those now in charge. Mrs. Miller was appointed to undertake this work and by a cyclostyle letter to teachers obtain all possible information till we have a complete compendium of our schools,- this to be printed for circulation in our societies with photogravure pictures of as many of the buildings as we can secure.

LAS VEGAS, N. M.,- NEW BUILDINGS. Miss Lincoln reported that we are urged by the School Committee to approve the putting up of new buildings at Las Vegas, N.M. as soon as the money is in hand. Motion carried to this effect.

At 12 A. M. the secretaries came in for consultation.

WORK OF THE EXECUTIVE COMMITTEE. Mrs. James asked the opinion of the gentlemen as to the present work of the Executive Committee, whether it meets the views of the Board, or whether in any respects it can be changed for the better, any old work left off or any new

work undertaken. Dr. McMillan thought there was genuine Mission work to be done in Utah by merging our schools in as many cases as possible with the public schools, so that the tone of these might be raised. He thought some of our UTAH stations might before long be given up but not yet. He advised the improvement of the property at LAS VEGAS and possibly enlargement, but thought that if an industrial school is needed the better site is Mora on account of the good strip of land we have there. Mrs. James asked what would be done with the property at ALBUQUERQUE, as it is difficult to give satisfactory repleis to societies or friends who had given the furnishings there. No reply could be obtained on this point. Mrs. James pressed the secretaries to give their frank opinion as to whether we, as a Committee, should confine ourselves to School Work or should now assist the Board in the raising of MISSIONARIES' SALARIES. Dr. Irwin thought the unexpected growth of our particular work was no argument why it should be abandoned at any point, for the sake of giving assistance to the Board in sustaining missionaries. He thought no more important work existed than for the MOUNTAIN WHITES, no more hopeful people to do for. Dr. Mc Millan suggested the support of native missionaries in NEW MEXICO and INDIAN TERRITORY if it seemed to the Executive Committee well thus to show its sympathy and desire to work in unison with the Board of Home Missions. Mr. Eaton thought the undertaking of some such salaries would do much towards silencing some criticisms occasionally heard of the distinction made in the Woman's Work. Mr. Boyd could not see where we could leave off except possibly in UTAH, in the course of time, and was rather loath to advise large boarding schools, which are so expensive to maintain. He thinks however, that LAS VEGAS needs rebuilding, but there is no room there for a garden etc. Mr. Boyd said that if the women are desirous of helping the Board definitely, he would suggest that at any time a matter were pressed upon them that they felt they could not undertake, they should turn it over to us for our consideration. An example of the kind at present would be the support of a minister in the Third Church in Salt Lake City. Mrs. James thanked the secretaries for their advice and opinions and said she was very glad to have had this opportunity of telling them of the desire on the part of the Executive Committee to do such work always as they should advise. As to the undertaking of the school at ARDMORE, she thought the Cincinnati

work undertaken. Dr. McMillan thought there was genuine

of the school at ARROYOS, she thought the Cincinnati

Presbyterial would furnish all the money needed. She understands the school would be mainly self-supporting. The secretaries seemed to approve and have a teacher in view, a Miss Aughey. Dr. Irwin reported having visited HOT SPRINGS, N. C., forty miles from Asheville and saw all the persons engaged in it and found Dr. Dorlan quite ready to discontinue the boarding department for the present, and have for himself the third salary to take the place of the pupils to be given up. They would however, retain three of them to do the housework. The house was clean and well appointed in spite of the over-crowding. Dr. McMillan remained to make some statements about Muskogee and Ardmore, which he had lately visited. As to the latter he thinks we should have two teachers, and it is a very important point,- a large cotton port and aid can be obtained from the citizens he thinks, for the salary of one teacher and later both. At TAHLEQUAH, IND. TER., although unexpected, he found everything in perfect order, the work entirely done by the girls, only one man to help in the outside work. He noted however, that the roof leaked badly, a heavy shower coming up while he was there. He told them to have it attended to at whatever expense was necessary, showing them how it could be remedied. Dr. Hill also visited ELM HILL, OLD DWIGHT and several other points. He endorses Dr. Hill's application for a third teacher at MCALLISTER, IND. TER. where a Mr. Schermerhorn has been giving gratuitous services for a year past and is a valuable worker. He urged salary being paid him since last January. A motion was carried that we continue Mr. Schermerhorn in our employ, his salary to date back from last January.

A motion was carried that provided we have the approval of the Board, we undertake the work at ARDMORE and acquaint Dr. Hill with our intention to supply one teacher and two is necessary.

SITKA, ALASKA,-SUPERINTENDENT. The first order of business was considering the application of Mr. R. A. Clarks of Manhattan, Kansas, for the place of assistant to Prof. Docking at Sitka, Alaska, at a salary of $600. Mr. Clarks is personally known to Mr. Docking, who heartily approves of his appointment to the place of assistant teacher in this important field of labor. Favorable action subject to the decision of the School Committee was taken.

SALINA, UTAH,-SALARY. Miss S. Neilson, assistant teacher at Salina, Utah, asks for an increase in salary. This request meets with the approval of Dr. Wishard. Miss Neilson is a successful teacher and a consecrated Christian worker, her mother is dependent upon her for support. In view of Miss Neilson's increased expenses it was suggested that if, after consulting with Mrs. E. N. Crosby, an increase of $100 was thought wise, it should be granted.

SCIPIO, UTAH,- CHAPEL SCHOOL HOUSE. Dr. Wishard writes that the great need at Scipio, Utah, is a chapel school house, the old buildings have become almost useless and it seems necessary that something more substantial and attractive should now take the places of the insufficient accommodations. A motion to refer the building of a chapel school house at this point to the Spring Conference was offered and sustained.

A recommendation was recently received from the School Committee of the Board to the effect that a PLAN or PLANS for CHAPEL and SCHOOL BUILDING be drawn for the use of the Ladies' Building Committee, subject to the various changes which the Committee may find needful to make to meet the demands of different conditions and circumstances. It has been thought that in this way the expense of having new plans drawn for each new building erected, might be avoided. After some discussion a motion

A letter prepared by Mrs. Crosby for those who have in charge the correspondence with missionaries, was read and approved.

WASHINGTON COLLEGE,-TENN.,-INDUSTRIAL DEPARTMENT. The raising of $6000.00 for the Industrial Department of Washington College, Tenn. was then considered. It seemed fitting that Cincinnati Presbyterial Society should have a part in this work. A letter was read from Mrs. Dickey of Cincinnati in which is plainly stated the reasons why her Presbytery should take up the work at this point. It was recommended that an official correspondence should be entered into with the Cincinnati Presbyterial Society concerning this object.

LOCUST LEVEL, N. C. A letter was read from Mrs. Cushing of East Orange, N. J. expressing a desire that the work at Locust Level, which is in charge of Miss Ufford might be better sustained by the Woman's Executive Committee. Miss Ufford is laboring at this point with much success, accompanied with much self-denial and privation. For many reasons it does not seem wise to enlarge our work at this point. The location is not favorable and there are other important difficulties in the way of establishing a permanent work there. Mrs. James thought the growth of the school at Locust Level should not go beyond the present facilities for taking care of it and by motion it was decided to have Mrs. Boyd write to Miss Ufford for full and complete information regarding the advantages and disadvantages of the work at Locust Level. It was also recommended that the Executive Committee assume the care of providing the funds for this school, thus leaving Miss Ufford free from such anxiety, and free to give her best thought to the family and teaching.

BOARDING SCHOOLS,-GROWTH. The question of the growth of all our boarding schools, in the preparatory work, was considered at some length. How many can be taken care of in such schools successfully? How many avail themselves of the advantages offered in the college for a higher education? These preparatory schools are intended as feeders to the higher schools, and while perhaps only about 25% avail themselves of the superior advantages offered by the Colleges, it seems wise that they do not grow beyond a limit at which the very best results can be obtained.

Mrs. Honeyman, Mrs. Boyd and Mrs. Miller were present.

PRESBYTERIES OF PHILA. PA. A letter was read from Mrs. Bailey of Pa. in regard to the consolidation of the two Presbyteries of Phila. She was anxious that the right person should be found for President of this new Union.

A letter prepared by MISS ROGERS to be used in securing pledges for scholarships was read with much interest and accepted.

CHRISTIAN ENDEAVOR SOCIETIES. Various plans for interesting Christian Endeavor Societies in the work of the Executive Committee were proposed by the ladies present, but as it seemed difficult to decide just at this time upon any one of them as the best and wisest, it was finally recommended that the funds received from these societies, before a plan has been adopted, be expended according to the discretion of the ladies having the money in charge.

EVANGELIST,-COLUMN. Through Mrs. Gallup it was learned that a column in the Evangelist is at the disposal of the Woman's Ex. Committee for Home Missions. A motion was made and carried that Miss Burnet assume the responsibility of appropriating this column to the use for which it was designed.

The report of the School Committee-presented by Mr. Boyd, was favorably received and a recommendation recorded that great care should be exercised in making a decisionin the location of the Mexican Industrial School. It is important that the right place be chosen.

WAYS AND MEANS.
Jan. 12th, 1892.

Meeting opened with Scripture reading by Mrs. James and prayer by Miss Lincoln, an expression of sympathy for Dr. McMillan in his recent affliction.

MR. FINKS,-LECTURE. It was moved that Mrs. James recompense Mr. Finks for two lectures, illustrative, the sum of twenty dollars, ten dollars for each lecture instead of fifteen, the regular charge.

VACATION,-MRS. MCFARLAND,-YEAR. Mr. Gould writes of a request to the Board by Mrs. McFarland for a year's leave of absence on account of ill health. He hopes the Board will deal generously with her as her expenses will be large before she can be benefited. Mrs. McFarland herself writes that a maiden sister of Mr. Gould stands ready to fill her place and a part of her own salary will go to her. Should she be unable to return to her post she thinks Miss Gould will continue to fill her place acceptably. Motion carried that Mrs. McFarland have a year's leave of absence with salary in full and power to supply her place with the substitute she suggests.

CHILCAT, ALASKA,- REPAIR,-HOME,-MATRON. A letter from Mr. Warne of Chilcat reports the buildings at that point in great need of repair, both the manse and the school building. He gives an itemized list of what is positively necessary at the cost of about $450.00. This he thinks will put them in good shape for a year at least. Then he asks for a matron, as his wife has too many cares with her housekeeping duties to take entire charge of the many flocking to them for protection. To refuse them aid is to leave the young girls to a fate worse than death, and the boys to a life of neglect and ignorance. He wants the Board to allow them ten boarding pupils and with this permission he can make the number fifteen. Mr. Warne makes a strong appeal and the secretaries approve the granting of his requests. Dr. Jackson writes also on the same subject, and recommends the opening of a Home while the Board have the buildings and a missionary on the spot. Motion carried that we approve the grant to Mr. Warne of the $450.00 he thinks necessary for repairs.

PENASCO, N. M., -MISS ZUVER. A letter of solicitude to be written to Miss Zuver asking her to let the committee know if she be suffering from any discomfort.

EMBUDO, N. M., -SCHOOL REOPEN. Rev. Mr. Whitlock writes about Embudo that there are forty five children who could be gathered there at once. The school has been closed for some time and the furniture stored. Mr. Whitlock has been written to as to why the school is so spasmodic and replies that the climate has much to do with it as it is very hot in summer and cold in winter and an American woman could hardly live there in comfort. A native worker he has always recommended for this point. Recommendation approved that we reopen the school if a suitable person can be found on the spot, whether American or native.

ALTON, N. C. At Alton, N. C. a very unpleasant affair has occurred an attack by roughs on Mr. Hotchkiss and others on Christmas Eve. A letter from one of the teachers to Dr. McMillan states that 120 pupils and three teachers are crowded into one room and they are otherwise very uncomfortable. Miss Lincoln was asked to obtain more information from some one she knows who is well acquainted with the work at Alton.

PIKEVILLE, KY. At Pikeville, Ky. there is a good, two story school house on a desirable site. Two years of good work have been done and a house is being put up for the principal to enlarge the work. For the completion of this however, $1500 will be needed to keep them out of debt. They propose raising the money themselves but ask that it may pass through the Executive Committee, and the teacher hereafter commissioned by us. Motion carried that if the raising of the funds will not take away from regular contributions to the work, it be approved by this Committee.

Mrs. Boyd showed a leaflet on the Mountain Whites published by the Synodical Committee of Ohio, which will be handed to the Publication Committee recommending its purchase by us.

Motion carried that if the raising of the funds will not take away from regular contributions to the work, it be approved by this Committee.

Mrs. Boyd showed a leaflet on the Mountain Whites published by the Synodical Committee of Ohio, which will be handed to the Publication Committee recommending its purchase by us.

MUSKOGEE, IND. TER., -BUILDING. Miss Alice Robertson writes that they have at last succeeded in securing the lot they have so long coveted at a reasonable price. It was a glad surprise and opens the New Year for them most happily. They want now to begin at once on their new building. She feels encouraged and hopeful.

POST GRADUATE HOSPITAL, -OFFER TO WORKERS. An offer has come from the Post Graduate Hospital in this city to have any of our teachers who might be in the vicinity avail themselves of three months' training in nursing in the infants' wards as a good preparation for their work on the field.

CONCORD, N. C., - LAURA SUNDERLAND MEMORIAL. Mrs. James read a letter regarding the Laura Sunderland Memorial, of which so few have been sold here that the publishers are quite willing the remaining copies shall be sent to our teachers.

CHRISTIAN ENDEAVOR SOCIETIES. Mrs. Folsom of the Synod of Ohio, writes in approbation of the resolve of this Committee to enlist the Christian Endeavor Societies in Home Mission Work.

SISSETON, S. DAK., -GENERAL SITUATION, -FENCE, -LAUNDRY. Mr. Eaton came in to explain about the fence and laundry at Sisseton for which appropriations were made last September. No fence has been put up because a picket fence was asked for and a wire fence was the one offered. This was objected to. Mr. Eaton thinks a compromise would answer well, the front being of pickets and the remainder of wire.

The laundry has been erected but Mr. Eaton stated that the whole property there does not at all tally with the buildings we are supposed to be in possession of, which makes insurance almost an impossibility. Mr. Robe he understands, is somewhat discouraged and feels the severe climate. Mr. and Mrs. Morris on the other hand are doing excellent work at Omaha agency. Mr. Eaton would like the opinion of the Rev. Mr. Adams of Minneapolis as to the fence and the whole situation, and Mrs. James thought it would be very well to write to him.

Mr. Eaton reported that Miss Alice Robertson's building will be started as soon as Mr. Smith returns the plans. The money was forwarded yesterday for the purchase of the lot. The plans will now be forwarded as soon as examined and approved by Mrs. Sinclair. This was put as a motion and carried.

TUCSON, ARIZ. Mr. Boyd came in and reported that Commissioner Morgan offers to give us a contract for fifteen more pupils at Tucson, or as many pupils as we can accommodate, even if the number reach 300. Mr. Boyd found him very gracious regarding all our work.

TAMA, IOWA. At Tama, Iowa the Government school has been put in our building and the agent and Miss Skea are working well together. General Morgan says that at this point a boarding school, large for the Sac & Fox Indians will be put up by Government and that if we wished to assume the work he was perfectly willing. In our own building he has ordered a mid-day meal for the children and is anxious to have it run just as we could wish. Mr. Boyd also interviewed General Morgan regarding Albuquerque and learned from him that he would drive the Catholics out of those places where they interfered with us.

HARLAN COURT HOUSE, KY. & OTHER PLACES. Mr. Dawson, Synodical Missionary of Kentucky, came in to report on the two teachers recently appointed at Harlan Court House, Ky., not knowing who was to answer for their salaries. Miss Lincoln stated that Miss Campbell's certificates had not been received till last week and now her salary can be sent on at once. Mr. Dawson said Miss Campbell was doing better work than most of the ministers. He thinks all this work in the Mountains of Ky. is better done if started by a Christian teacher rather than by a minister. It is necessary also to try at different points before deciding what point might be the best for the placing of a teacher. In Rock Castle Co. they are waiting for work to be done among them, 4000 children with only the poorest common school education for them. He asked what we could do towards the support of teachers provided he found the right ones for the work, those who would be willing to take their lives in their hands and go into those mountain regions. It is safer however, for women than for men for the frequent feuds do not touch the women. But the Synod of Kentucky is poor and can do but little. Mrs. James made answer that we could promise no salaries unless the amount should be promised first by Presbyteries and churches. We can plan for no new work except at the Spring Conference but can make such appeals to societies and no work is more on our hearts than this among the Mountain Whites. Mr. Dawson said that his idea had been for some time to have a teachers' home, accessible to the Mountain regions, where women asking for appointments could congregate, learn about the work, and fit themselves for it when the place shall be found for

Miss Lincoln suggested that if Mr. Dawson should have the most important points ready in mind to present to us before the May Conference when they could then be considered and such attention given to them as we should then feel able. Mr. Dawson left with satisfaction at having the approval of the Committee in the carrying out of his plans.

WAYS AND MEANS.

Jan. 26th, 1892.

Meeting of Ways and Means Committee on Tuesday, Jan. 26th at 10.30 A.M. In absence of Mrs. James Mrs. Sinclair presided. Present, Miss Peck, Mrs. Honeyman, Mrs. Knox, Mrs. Boyd, Mrs. Finks, Miss Lincoln and Mrs. Brownell.

LOCUST LEVEL, N. C. Mrs. Boyd reported having been requested to write Miss Ufford very directly as to her duties and responsibilities , fearing she was over burdened. She wrote that she had secured the services of a colored woman who is of great assistance to her, especially in the getting of the dinner and supper for a family of seventeen, she herself attending to breakfast by rising before five o'clock. There are twelve boys in the school who are taught all household duties, even to the making of bread. She wishes very much to have $100.00 to partition the open attic into rooms for eight more boys another year. This would enable her to accommodate twenty in all. The people she labors among are so ignorant and degraded that they would often be discouraged but for the helpful words of Scripture. The twelve boys pay in the year, $125.00 for their board. Her building is now completed and paid for, the result of faith and prayer,- with personal solicitation. The day school numbers forty. Motion carried that the letter be sent to

Mrs. James before definite action be taken.

WASHINGTON COLLEGE, TENN.,-WORK,-LEAFLET. Mrs. Willoughby, Washington College, Tenn., writes to Mrs. James rejoicing in the locating of the Industrial Department at Washington College, Tenn. as she considers it a most important centre. She and her husband are contemplated for the superintendence of this Industrial Department. As to their appointment it was resolved to refer it to the School Committee.

Mrs. Willoughby having prepared a paper on the Mountain Whites, it was recommended for our purchase and distribution. 300 or 400 could be spared us, the price they suggest is $.75 per 100. A motion carried that this purchase be effected.

Another leaflet also published by the synodical society of Ohio, to increase interest in our magazine, referred to the Publication Committee.

A leaflet published by Mrs. Honeyman in New Jersey Synod Miss Lincoln finds so helpful in suggestions to Synodical Societies that she would like to have them always on her desk for enclosing in letters.

LAS VEGAS, N. M.,-MRS. RIGGLE. Miss Beckman of Las Vegas, N. M. writes that the presence of Mrs. Riggle in the school is of detriment to the work. She has prayed much over the matter and asks for our advice. Miss Lincoln proposed the placing of Mrs. Riggles in the school at Socorro where she could work by herself, the school being a public school. This was put as a motion and carried, the more as it is understood she is contemplating sending in her resignation.

UTAH WORK,-DR. WISHARD,-SUGGESTIONS. Dr. Wishard writes us a number of suggestions on the work in Utah, one of which is that we choose our teachers rather than have them choose their own fields. Another, that we obtain very thorough knowledge of their qualifications, and suggests as a means to this end that we seek our teachers from educational institutions and secure only the very best. Another, that no teacher be accepted

Mrs. James before definite action be taken.

under twenty or twenty-one years of age. He also advises occasionally changing teachers from one place to another, when proved wise and beneficial. He has recently transferred two teachers from Salt Lake City and asks the endorsement of the Committee on his action. Motion carried supporting Dr. Wishard in this action.

Miss Alice J. Reever, seventeen years of age, was sent to assist Miss Noble of HYRUM, UTAH, some time ago. Her board was engaged for her by Miss Noble in a Mormon family and she has had very little intercourse with her since. She has therefore been very lonely and has had to seek companionship solely among the Mormons. Consequently the secretaries suggest removing Miss Reever to the care of Miss Watt at St. George and ask advice of Dr. Wishard in this transfer. Dr. Wishard speaks highly of Miss Reever as to ability and character. Motion carried that we approve this transfer and that a very plain letter be written to Miss Noble as to her position in regard to Miss Reever.

The society in Dr. Crosby's church raised this amount and $100.00 additional for this purpose and proposed calling it a memorial to Dr. Crosby. But the case seems to have been misunderstood and Miss Hotchkins wished to add to the building she is already in and so it could not be called a memorial building nor is it supposed the building belongs to our Board. This is to be investigated and possibly the funds raised applied at another point.

CHIPPEWAS, -MEMORIAL. Mrs. Finks suggested to Mrs. Crosby the building to be put up for the Chippewas and the Misses Dougherty in Northern Minnesota. Even if not the whole amount it seems a sufficient proportion of it to bear the name of Dr. Crosby. Mrs. Crosby proposed having the matter laid before the Board this afternoon for their approval. Mrs. Crosby also stated that $1000.00 had been asked for the school at Penasco, and Dr. Hall's society have raised $500.00 and offer to raise the other $500.00.

Also desires to know if the Thank Offering raised last November can be included in the 20 percent advance? Resolved, That the effort toward the $6,000. for the poor whites, and the Thank Offering be included in the 20 percent advance.

ALBUQUERQUE, N. M.,- EVANGELICAL SCHOOL. A letter was received from Mora, N. M. asking if the buildings at Albuquerque, N.M. could not be used for an evangelical school for the training of evangelists. This matter was brought before the Committee and Board previous to this and declined.

MARY GREGORY MEMORIAL. The First Philadelphia ladies have raised money for a Mary Gregory Memorial among the Kiowas. Word had come to the office that there were no Kiowas at Anadarko, Ind. Ter., attending the school. As others had stated there were Kiowas in this section, Miss Lincoln wrote to the teacher for information, and her reply states that there are but thirteen pupils in the school, nine of whom are white children, the others are of different tribes, but not Kiowas. It is hardly thought wise to build at this point, as the school was to be opened for the Kiowas. It is necessary that some communication go to the Philadelphia ladies in regard to the point for the Mary Gregory Memorial. Wewoka was suggested, but the building and ground belong to the Nation; Dr. Hill says that the building and ground belong to the Board by right of occupancy, according to the action of the Nation in 18--. Resolved, That this matter be deferred until further information can be obtained.

OLD DWIGHT, IND. TER.,-BUILDINGS. Mrs. Sinclair mentions receiving a letter from Mrs. Alexander, stating that she is very anxious to have the buildings at Old Dwight begun, and on making inquiry of Mrs. Eaton, it is found that no plans have been received for the building. Mrs. Sinclair is requested to write to Mr. Johnson, at once for rough plans.

MUSKOGEE, IND. TER., -BUILDING. Mrs. Boyd reports that some little time ago the Board voted to,

first point is that Ohio stands pledged to raise a certain sum for the poor whites, and wants to know know if they should raise a part of the $6000. asked for Washington College, Tenn., if this could be counted in with the 20 percent advance? Mrs. Sinclair is requested to write to Mr. Johnson at once for rough plans.

MUSKOGEE, IND. TER.,-BUILDING. Mrs. Boyd reports that some little time ago, the Board voted to

appropriate $5,000 for the new building at Muskogee. Later on Miss Robertson reported raising $1,800. which together with the $1,000.from the sale of Okmulgee property makes $2,800. It is thought that $2200. will be sufficient for the building, and the Board has approved of a building and lot at a cost of $2,800. Resolved, That we approve of the action of the Board allowing this $2,800. for the new building and lot at Muskogee.

GENERAL PLAN,-SCHOOL BUILDINGS. The Board of Home Missions having requested that the Executive Committee secure a general plan for the erection of school buildings that can be used for all Chapel School Houses, Mrs. Sinclair as Chairman of the Building Committee, thinks this cannot be done, as the same plan would not answer in all localities, and when changes are necessary, it is much easier and cheaper to make new plans. This plan having been considered by the Executive Committee before, it was resolved, To send word to the School Committee that this question had been considered a year ago, and it was found impossible to have a general plan for buildings. A suggestion was then made that Mr. Smith be requested to make a plan for Chapel School Houses, so that it can be made of adobe, brick, or frame, according to locality. It was feared that even this would not be practicable.

MRS. TERHUNE. Mrs. Boyd reports receiving a letter from Mrs. Terhune, expressing great interest in the work of the Committees and a willingness to aid in addressing societies. Is very fond of children, and thinks she could interest young people in missionary work. After considering the question Mrs. Boyd was instructed to write, that we do not see our way clear at the present time to employ anyone for this work.

PELICAN LAKE, MINN.,- BUILDING PLANS,- DR. CROSBY'S MEMORIAL. A communication from the Board was then read, requesting the Executive Committee to give their opinion on the plans for the building at Pelican Lake, Minn., among the Chippewas, the Misses Dougherty teachers. Before action was taken in regard to this Mrs. Crosby read a letter from Mrs. Hotchkiss, Wynnewood, Ind. Ter., stating that her greatest need was a new building. As the ladies of Dr. Crosby's Church desire to raise a memorial to their pastor, they were undecided as to the best place to locate it. A communication from the Board was then read, requesting the Executive Committee to give their opinion on the plans for the building at Pelican Lake, Minn., among the Chippewas, the Misses Dougherty teachers. Before action was taken in regard to this Mrs. Crosby read a letter from Mrs. Hotchkins, Wynnewood, Ind. Ter., stating that her greatest need was a new building. As the ladies of Dr. Crosby's Church desire to raise a memorial to their pastor, they were undecided as to the best place to locate it. Wynnewood had been suggested, but it was uncertain as to whether it would be a permanent

work, as the Indians were liable to migrate, and Mrs. Crosby would now like advice as to whether this memorial should be placed at Wynnewood, or in Minnesota. It was suggested that there would be less uncertainty among the Chippewas, as we do not receive any appropriation from this tribe. The Indians are settling in Minnesota taking farms and this looks more like a permanent thing. Mrs. Boyd stated that the Board thought the plan for the building among the Chippewas would have to be left largely with the Misses Dougherty. The Board have a small legacy which they expect to send to begin the work, which with the amount from Dr. Crosby's Church would make $800.00 in all.

SITKA, ALASKA. Mrs. James mentioned having a number of important matters to bring before the Committee. The first was Sitka, Alaska. She then read a letter from Mrs. Docking, in which she states that she has very uncomfortable quarters and not sufficient for her needs, others in the house having more comfortable rooms. As money is in hand for the building of a house for the physician at Sitka, and the physician desires to remain at the Hospital, the suggestion was made that this money might be used to build a house for Mr. Docking and family. After discussing this matter quite freely, it was deemed best to consult the Secretaries in regard to affairs in Sitka.

After recess, it was resolved, That a letter of condolence be sent to Mrs. Niven, she having lost her mother. Also, That a letter of condolence be sent Mrs. Brownell, having received a telegram from Liverpool announcing the death of her brother-in-law.

PORTLAND, OREGON.,-GENERAL ASSEMBLY. Mrs. Ladd of Portland, Ore. writes a very cordial letter inviting the members of the Woman's Executive Committee to meet with the General Assembly at Portland, Oregon. Resolved, That we accept the kind invitation of Mrs. Ladd, and a letter be written her to this effect.

ADVISORY COMMITTEE,-MISS MOORE. Mrs. Finks desires to know if the name of Miss Moore shall be retained on the Advisory Committee? She has changed her church relations, now attending the Reformed Church. Resolved, That we wait until we have further information.

ADVISORY COMMITTEE,-MRS. JAMES MOSES. Resolved, That Mrs. James Moses, living in New York, a late resident of Trenton, and very much interested in our work, be added as a member of the advisory committee. It is so approved.

CALENDAR. Mrs. Sinclair states that the ladies of the Foreign Board are desirous that the Home and Foreign ladies shall unite in a Calendar for next year, having the names of both Home and Foreign teachers on the one Birthday Calendar, and asks that the suggestion come from the Executive Committee. Resolved, That we ask the Foreign ladies to join us next year in a joint Calendar with the approval of Mrs. Parsons, Chairman of the Publication Committee.

Miss Lincoln suggested that as about one thousand of the CALENDARS are left, that five Calendars be sent to each Presbyterial President, with the request that she make an effort to sell them. Also that a complimentary copy be sent her for her own use. This meets with the approval of the Committee.

SANTA FE, N. M.,- LAUNDRY. Mrs. Sinclair reports that the plans for the building of a laundry at Santa Fe, N. M. have been returned, and that Miss Allison's plans would be more what she wants, but more expensive. There are a number of mistakes in them. The sick room being a part of this building the beds were to placed too near the fire-place. Mrs. Sinclair is authorized to write to Miss Allison in regard to the two plans, her own, and Mr. Smith's, asking her to give her opinion before decision is made.

SITKA & OTHER MATTERS. The Secretaries were now requested to meet with the ladies to talk over Sitka and other matters. Before Sitka was touched upon Mr. Boyd desired to speak of several things that had been before the school committee, stating that the school committee were disturbed over the transfer of the Misses Dexter from Muskogee, where the salaries are $350.00 with board to Nuyaka, where they are $250.00 with board. Also over the fact that Miss Orr was transferred from Old Dwight, with the salary of $500.00 to Nuyaka, with the salary of $250.00 and board. It is supposed that Miss Orr will expect the full $500.00, notwithstanding she gets her board.

Also over the fact that Miss Orr was transferred from Old Dwight, with the salary of $500.00 to Nuyaka, with the salary of $250.00 and board. It is supposed that Miss Orr will expect the full $500.00, notwithstanding she gets her board.

Mr. Boyd stated that at Wuskogee a lot had been

purchased for $600., and Dr. Hill has estimates to put up a building for $2278. Some little while ago, the Board and Executive Committee voted $5000. for this building, and the Secretaries thought it best to cancel the vote of $5000. and put up a building for $2878.

Mr. Boyd then stated that the plans for Anadarko were very expensive, and could not be built for the money allowed; Dr. Hill had asked that the whole matter be placed in the hands of himself and Mr. Fait. He to put up a building suitable for that vicinity for $2500. Mrs. James informed the Secretaries that the Committee had decided not to build at Anadarko, as there were no Kiowas to enter the school. Mr. Boyd stated that the Kiowas would not come to a day school, but probably would to a boarding school. There being a good Methodist School and a Government School for the Kiowas, it was deemed unnecessary for us to build at this point.

Mrs. James then stated that the Utes have no school among them; they are poor people. The Utes can be reached by a Mexican evangelist being very friendly to the Mexicans. Mr. Gilchrist has two evangelists who can begin this work among the Utes if the Executive Committee will furnish traveling expenses, which will be about $500. Mr. Gilchrist will accompany them. Dr. Childs appointed by Government, went down to see them and approves of their being sent to the Utes. The gentlemen report that Mr. Gilchrist has written them in regard to this matter, and a reply has been sent telling him to utilize the Mexican evangelists they have now, but nothing was said as to traveling expenses.

SITKA matters were then brought up for discussion, and from different points brought up it was evident that there was a misunderstanding with some of the teachers as to what was expected of them by the Board and Executive Committee. Matters in Sitka are in a very tangled state, and it seems to be a difficult thing to straighten them out in a way satisfactory to all. It is very necesssary that Prof. and Mrs. Docking be made comfortable in the home.

CONFERENCE WITH DR. HILL.
Feb. 18th, 1892.

Conference was held with Dr. Hill in regard to the work of the schools in Indian Territory. Present, Mrs. James, Mrs. Boyd, Mrs. Finks, Miss Lincoln, Mrs. Baker.

The buildings at the different stations were fully discussed, also the plans of work etc. Old Dwight; Muskogee; Anadarko; Atoka; Muldrow.

Dr. Hill thinks that a building should be put up at ANADARKO, and there is no question but that a number of Kiowas would attend this school if it had a boarding department. He thinks that everything is favorable for locating a school at Anadarko. After full and free discussion, Resolved, That in view of further light upon this subject, the former action in regard to Anadarko taken by the Woman's Executive Committee be reconsidered. Resolved, That Dr. Hill be authorized to erect a building at Mautame, (Anadarko) to accommodate twenty children, and not to exceed the amount in hand.

At ATOKA the boarding department was talked over and as the gentleman who promised to pay for this department could not do it this year, it was desired that the amount received by tuition be supplemented. Resolved, That we recommend to the School Committee that the amount be supplemented, pending statement that Miss Charles hopes it will not exceed $10. to make the $250. During the talk on this subject, Dr. Hill stated that his advice would be to open a school system in Indian Territory so wide that it should embrace every child whether Indian or white.

Miss Robertson being present stated that at MCALESTER a building costing $70,000. had been offered for $25,000. or $28,000. for the mission work; but as the matter is in law nothing could be done about it at the present time; although Dr. Hill thinks that both parties would be glad to settle the matter if this property could be used as a mission school.

Dr. Hill described the situation at MULDROW, and thinks that the school is necessary at this point.

The unequal SALARIES of teachers in Indian Territory was then explained, and Dr. Hill recommended that the Executive Committee make all salaries in Indian Territory in boarding schools $350. and board.

Miss Barnes at MUSKOGEE as matron has been informed that she would have this year to prove whether

Conference was held with Dr. Hill in regard to the work of the schools in Indian Territory. Present, Mrs. Tamsa, Mrs. Boyd, Mrs. Finks, Miss Lincoln, Mrs. Baker.

The buildings at the different stations were fully discussed, also the plans of work etc. Old Dwight; Muskogee; Anadarko; Atoka; Muldrow.

Miss Barnes at MUSKOGEE as matron has been informed that she would have this year to prove whether

she was efficient for this work and in case she was not, it will be necessary to have a successor. Dr. Hill suggested that as soon as the Committee find this to be the case that notification be given Miss Barnes and himself and he would attend to the matter, recommending that in case she is dismissed before the school year is up, she be allowed the balance of her salary. As Miss Cox has full charge of everything now that Miss Robertson has left the school, it was suggested that this matter be deferred one month before the communication be sent her and word is received from Miss Cox as to Miss Barnes' fitness for the place. Dr. Hill suggested that the music and kindergarten teachers at Muskogee be commissioned by the Board at the regular salary given the other teachers. These teachers could then be called upon in the case of emergencies, as in the case of sickness in the past winter, Mrs. Ridell the kindergarten teacher gave up her work to assist Miss Robertson, thus losing much of her income. Resolved, That the amount lost by these teachers in giving up their work and caring for the sick, be made up to them at the rate of $250. per year.

Motion was made that the music and kindergarten teachers be commissioned as regular teachers. As Miss Robertson paid for the piano now in use at Muskogee, Dr. Hill suggested that she be reimbursed for the same. The piano cost $350. Miss Robertson is willing to take $250. Dr. Hill suggests that $300. be given Miss Robertson. Miss Robertson asked that she might examine the bills from other schools, in order to compare them with her own, that she might see the difference in the cost of living. This was granted.

Mrs. Sinclair of Philadelphia and Miss Boynton of Iowa were present.

NUYAKA, IND. TER. Mrs. Boyd presented the seventh annual report of Mrs. Moore of Nuyaka, Ind. Ter. now about to leave the work at the wish of her husband. Mrs. Boyd said it was most interesting but very lengthy and laid it on the table for examination.

PAROWAN, UTAH,-TRANSFER. Miss Verny Jones of Parowan, Utah, writes that she and Miss McMonagel the other teacher, are not congenial and would both prefer being separated in the work. Miss Jones therefore asks to be transferred to another point. Mrs. Finks thought it would be well to transfer Miss Jones since she requests it and retain Miss McMonagel, who Dr. Wishard says does noble work there, even acting as a minister when needed. Motion therefore carried that Dr. Wishard be written to asking at what point he would advise Miss Jones being placed.

SCIPIO, UTAH. Mrs. Boyd then read letter from Miss McCarty of Scipio, Utah to Dr. Wishard, stating her surprise that her salary is but $450. while other teachers receive $500. She feels she cannot continue her services at a less salary than others doing no more. Mrs. Finks explained that her salary is less on account of her being a Mormon convert, and all such receive less than our regular teachers. Matter left on motion with Mrs. Boyd to correspond with Miss McCarty and explain the case.

GUNNISON, UTAH,-MISS GREEN,-YEAR OF REST.
Mrs. Green of Gunnison, Utah, who has been teaching there with her daughter for eight years, writes that this daughter is now very wearied after her long service and begs a year's absence for her. She could not however, be absent a year without some salary and would be very glad to address societies. Motion carried that as she will doubtless be an acceptable speaker, we grant her half salary and try to arrange for engagements in the Fall, and possibly secure her a place at the Perth Amboy House. In answer to Mrs. Green's proposal that she have in her daughter's place a friend from Newark, N. J.,- that possibly an assistant may be found on the field and so obviate one going from such a distance.

SITKA, ALASKA,-MRS. TILLIE PAUL,-TRANSFER.
Mrs. Tillie Paul writes from Sitka, Alaska that Dr. Thwing seems to expect of her more than she can fulfil, and asks for a transfer another year to Fort Wrangel to act as interpreter to Dr. Mackay. As we are not in need of an interpreter at that point, Mrs. Boyd proposed writing her a letter of sympathy, begging her to try to content herself in her present position and without promising any definite change, express the hope that something may be arranged for her another year.

ALASKA,-SCHOLARSHIPS. Mrs. Boyd mentioned that for the five pupils under Mr. Mackay's care, he has only obtained one scholarship of $100., leaving four still to be obtained. Mrs. Finks thought that among the many visitors to Alaska, especially interested in Fort Wrangell, we might find some able and willing to secure some of these

present. Mrs. Howe, who has taught there, offers to fill her place as long as necessary. Moved and seconded that we approve this suggestion of Dr. Wishard and accept Mrs. Howe in Miss Johnson's place.

SCIPIO, UTAH. Mrs. Boyd then read letter from Miss McCarty of Scipio, Utah to Dr. Wishard, stating her surprise that her salary is but $450. while other teachers receive $500. She feels she cannot continue her services at a less salary than others doing no more. Mrs. Finks explained that her salary is less on account of her being a Mormon convert, and all such receive less than our regular teachers. Matter left on motion with Mrs. Boyd to correspond with Miss McCarty and explain the case.

Mrs. Finks thought that among the many visitors to Alaska, especially interested in Fort Wrangell, we might find some able and willing to secure some of these

needed scholarships. Among these are Mrs. Slade, Mrs. Coleman of Phila. and Miss Walsh of Stamford. In view of this possibility the motion was carried that we inform the School Committee that the Executive Committee will undertake the four scholarships and will endeavor to secure the necessary funds for them.

NEW MEXICO,-SCHOOL BOOKS. Mrs. Gilchrist of New Mexico, asks for a number of school books needed and a motion carried that we be requested to make out a list in due form and send it to Mr. Eaton to be supplied in the regualr way.

ELM SPRING, IND. TER.,-BUILDING. Miss Montgomery of Elm Spring, Ind. Ter., writes that soon after her arrival there, some of the trustees made an effort to put up a small building for boarding pupils near the school house. They have secured the logs and money needed, and Miss Montgomery writes asking if we can furnish her the funds to furnish it. A woman could be found to run it for the few girls inhabiting it. Miss Lincoln stated that Dr. Hill had talked over the matter with her and deems it not advisable to put up such a building as it would inevitably run into a boarding school which we could not maintain. He held out the hope that a missionary would soon be sent Miss Montgomery and this would greatly assist her. It was thought best to write Miss Montgomery our fear of starting anything that might grow into a boarding department and that as a missionary is soon to be sent there, nothing further can be done at present.

WASHINGTON COLLEGE, TENN.,-INDUSTRIAL DEPARTMENT. Mrs. Boyd spoke of the need of funds for the new Industrial department in Washington College, Tenn. and the necessity of sending out special appeals to societies in order to raise the $6000. needed. She stated that she had material on hand for a very good leaflet, which if printed might be put in any letters going out. A motion carried that such a leaflet be printed for this purpose.

MISS ROBERTSON,-SALARY,-PIANO. Miss Robertson, having come East to address societies, the question arises whether her full salary shall be continued and how her traveling expenses shall be met. Mrs. Finks suggested that her commission be continued for the remainder of the year as usual. Her traveling expenses are expected to be

needed scholarships. Among those are Mrs. Slade, Mrs. Coleman of Phila. and Miss Walsh of Stamford. In view of this possibility the motion was carried that we inform the School Committee that the Executive Committee will undertake the four scholarships and will endeavor to secure the necessary funds for them.

NEW MEXICO,-SCHOOL BOOKS. Mrs. Gilchriest of New Mexico, asks for a number of school books needed and a motion carried that we be requested to make out a list in due form and send it to Mr. Paton to be supplied in the regular way.

Mrs. Hinks suggested that her commission be continued for the remainder of the year as usual. Her traveling expenses are expected to be

covered by societies asking for her. As to the piano which Miss Robertson has been using for four years in her school and now asks if we can give her half price for it, a motion carried that we confer personally with Miss Robertson in regard to it.

LEGACIES. Miss Lincoln stated that two wills leaving money to the Woman's Executive Committee, by defective wording turn it instead over to the Board. This fact is known by letters received from friends, testifying that they knew the mind of the testator and that the money was intended for the Educational Work in the hands of the Woman's Executive Committee. A motion carried that these facts be referred to the Board with the hope expressed that the explanation will be sufficient to have the legacies come into our treasury.

COMMISSIONED WORKERS. Mrs. Finks asked if the slip prepared for ascertaining facts from pastors and friends of teachers about to be commissioned, met with the approval of the Committee and might be printed for convenience. It was so ordered.

PRESBYTERIAN JOURNAL,-COLUMN. The Presbyterian Journal of Phila. offer to give us a column and a half for our work weekly, as they have for years done the same for the Foreign Board. Motion carried that we accept this privilege with thanks.

WEWOKA, IND. TER.,-BUGGY. The old buggy, of great use however to our teachers at Wewoka, Ind. Ter., has gone to pieces and is greatly missed. Dr. Hill will be questioned as to whether the buggy was our property and whether it would be advisable to replace it.

OLD DWIGHT, IND. TER.,- BUILDING. Mrs. Sinclair showed plan for new building at Old Dwight, Ind. Ter., which she considered insufficient for the amount of money to be expended on it,- simply a long audience room without closets or other conveniences. $750.only comes from the insurance and $1600. is estimated as now planned. It was suggested that a letter go to Mrs. Alexander, asking what amount she has in hand for Old Dwight and that as $1600. is called for, it would be wiser to try for $2000., the insurance to be deducted. WALLA WALLA, WASHINGTON TERRITORY,-UMATILLA INDIANS. Mrs. Boyd had another letter from Mr. Deffenbaugh saying he thought it advisable to give up the work at Walla Walla, Washington Territory among the Umatilla Indians, as there is a good Government school there under a Presbyterian teacher.

OLD DWIGHT, IND TER.,- NEW CHAPEL BUILDING. Mrs. Alexander has written regarding the new chapel at Old Dwight, Ind. Ter., that she had no money on hand for it, but when completed she would be glad to undertake the furnishing. She advised the putting up of the better plan. The money needed above the insurance must therefore be sought at once among the larger societies. A motion carried that the larger sum,-$1600.-mentioned, be asked of the Board as an appropriation. As to how this money shall be secured it was decided to leave the matter with Miss Lincoln and Mr. Eaton as to the best method of doing so. Mrs. Parsons suggested that some such needed sums might perhaps be obtained from churches in Westchester Presbytery, as yet doing no organized work for Home Missions. Mrs. Parsons was therefore requested to bring the matter before Mrs. Cady and urge the collection of the sum for Old Dwight.

MAP OF UNITED STATES,-SCHOOLS. Mrs. Agnew suggested having a small map of the United States with all our schools marked upon it and statistics upon the other side, such as had been issued by the Board of Aid for Colleges. PHILIGAN LAKE, WIS.,-SCHOOL. Mrs. Boyd read

letter from Pelican Lake, Wis. from Miss Dougherty. This is the point decided upon for the school. She reported the cold there as extreme for one month during the winter, the mercury falling to 35 - 50 degrees below zero. She offers to donate the land herself to the Board if they consent to place the school in the village so that the children shall not have far to walk. The timber needed can be drawn from the sixty acres belonging to the Board. The Board agree to Miss Dougherty's offer and a motion was passed sanctioning the putting up of the school in the village. She was writing at the time with frozen ink. Miss Dougherty will be requested to make the building as attractive as possible since it is to be a memorial building and to have in view the possibility of extension in the future. A bell tower, which will probably be a necessity, would also adorn it.

MT. NEBO, EAST TENN.,-NEW SCHOOL. The new school asked for at Mt. Nebo, East Tennessee, was referred to Rev. Mr. Duncan, our Synodical Missionary. He has corresponded with Mrs. Wilson who was so interested in the people there. There is a church five miles away. The people themselves will furnish the material for the building and only $50. will be needed to supplement it. They will then need the teacher another year at $100. The money for the building Mr. Duncan thought could be raised among Dr. Milburn's people in Indianapolis. This object will be recommended to the School Committee for their approval and Dr. Milburn's church will be asked for the money needed for both building and teacher.

VACATION,-KAYSVILLE, UTAH,-MISS JULIA MITCHELL. Miss Julia Mitchell of Kaysville, Utah, asks for vacation from an earlier date than usual, desiring to come East. MISS MCCARTY'S SALARY. Dr. Wishard writes of Miss McCarty's salary that she is doing very acceptable work and can get a larger sum in the Public School. Motion carried that she continue this year at the salary now fixed but that next year she receive the full salary, $500.

RESIGNATION,-MRS. BOYD,-SECRETARY. Mrs. Boyd explained to the ladies that the ill-health of her daughter would compel her to give up her position as secretary in the office. She had hoped that returning health to her daughter would enable her to continue, but as this does not come to her, she sees but one way open to her and that is at her daughter's side.

MRS. FINKS,-MAGAZINE. Mrs. Finks also stated that she must confine herself to the magazine alone and must withdraw from any work as secretary in the future, her own health making this imperative. Fervent prayers were offered in what seemed a very dark hour, and wisdom and strength implored from on High. Action deferred for the present as all were too much saddened to proceed in the matter.

Meeting opened by reading of selections of the Scripture by Mrs. James and short prayers. Prayer of thanksgiving was specially offered for the large increase in our receipts during the last month.

JUNEAU, ALASKA.-HOME.-APPROPRIATION.-MRS. WILLARD. Mrs. Boyd stated that Mrs. Willard had asked between $4000. and $5000. for the Home at Juneau and the School-Committee approve our asking for $5,000. so that it may surely be covered. Mrs. Willard also reported having spent between three and four thousand on the house now occupied by them, the ground cost them $600, and there is an excellent water supply on the premises. With the possibility of their not much longer continuing in the work they propose that the Board shall purchase it from them and thus receive for the future a valuable property. As to this latter point, the School Committee recommend we defer action until the first amount be secured. A motion therefore carried that an effort be made at once to collect the $5,000. for the Home, looking for it from individuals rather than from societies.

BOARD OF SOUTHWEST DISSOLVED. Mrs. James stated that this Spring the Board of the Southwest will be dissolved and the Home and Foreign work be separated. JUNEAU, ALASKA,-HOME,-APPROPRIATION,-MRS. WILLARD Mrs. Boyd stated that Mrs. Willard had asked between $4000. and $5000. for the Home at Juneau and the School Committee approve our asking for $5,000. so that it may surely be covered. Mrs. Willard also reported having spent between three and four thousand on the house now occupied by them, the ground cost them $600. and there is an excellent water supply on the premises. With the possibility of their not much longer continuing in the work they propose that the Board shall purchase it from them and thus receive for the future a valuable property. As to this latter point, the School Committee recommend we defer action until the first amount be secured. A motion therefore carried that an effort be made at once to collect the $5,000. for the Home, looking for it from individuals rather than from societies.

Various opinions were expressed on this subject of the Building Fund, some feeling that more money is given if for a specified object, while all agreed the principle as urged by Mrs. Boyd was the more advisable one. Motion carried that Mrs. Boyd formulate her plan but incorporate in it the given option to synodical presidents of undertaking a building should they prefer and present it as so prepared.
